## SHIRE NOTES

### WORDS FROM THE CEO

It is with much pleasure that we are entering into the colder months, with the temperature dropping over the last week. With this, I encourage you to be ready for the onset of the winter months, making sure your gutters are cleaned out, reducing any risks. If you spot any trees down or issues with our roads to make sure you contact our Administration Office.

The Shire Depot Staff have been working on sections of Robinson Road with grant funds from Main Roads. This work will be completed over the coming days. Thank you for your patience as the team have been working hard to meet the deadlines for the contractors to be able to finalise these sections of Robinson Road.

COVID is within the region and with this I would like to remind you that pulse oximeters are located at the Shire. So if you are Non-Aboriginal over 65 years of age, pregnant or Aboriginal aged 50 and over, that you are able to come into the office to collect one. If you require assistance whilst with COVID, please know that you are able to call the Shire Office for assistance.

A night trip to the recreational facility this week shows that hockey is back in full force. I wish the Woody Rangers all the best for the season ahead.

ANZAC Day is a proud moment for any Australian, and whilst the celebration is one worth celebrating, we must recognise those that are our fallen soldiers. I am currently reading the novel

“From Woodanilling to War”, with many of the young soldiers. So young, so brave and we should take pride in their efforts to leave family and loved ones behind to fight for our

Country. The true spirit of representation of Woody and its residents. I encourage you to attend the ANZAC Day Service that the CWA will be conducting on the 25th April.

With the Easter Break upon us, I wish you all to stay safe over this period.

Kellie

### ANZAC DAY SERVICE

The 2022 Anzac Day service will be held Monday 25 April 9.15a.m. at the War Memorial –corner of Robinson & Burt Road.

Morning Tea will be held after the service in the Town Hall. Everyone is welcome to attend.

## Pulse oximeter What you need to know!

☐ Are you non-Aboriginal and over 65?

☐ Are you Aboriginal and over 50?

☐ Are you pregnant?

If you answered YES to any of the above – collect a free pulse oximeter from your local government today!

### What is a pulse oximeter?

It is a small, peg-like device that clips onto your fingertip to read your heart rate and blood oxygen level. It takes only one minute to work, is reusable and can be shared between other people in your household.

### Why do I need one?

If you become COVID-19 positive, you may need to be remotely monitored through the WA COVID Care at Home program. By having a pulse oximeter already in your home, a health professional can assess you and provide health advice from the comfort of your home.

Visit [WA COVID Care at Home](#) for more information.

### Where do I get one?

Visit your local government to collect a free pulse oximeter for you and your household (each eligible household will receive one pulse oximeter).

Do **not** pick up a pulse oximeter if you are already COVID-19 positive. If you have already received a positive COVID-19 test result, the Department of Health will contact you and provide further information.

Visit [COVID-19 \(coronavirus\) \(healthywa.wa.gov.au\)](#) for more information.

## WHEATBELT REVEGETATION PROGRAM LAND PURCHASES

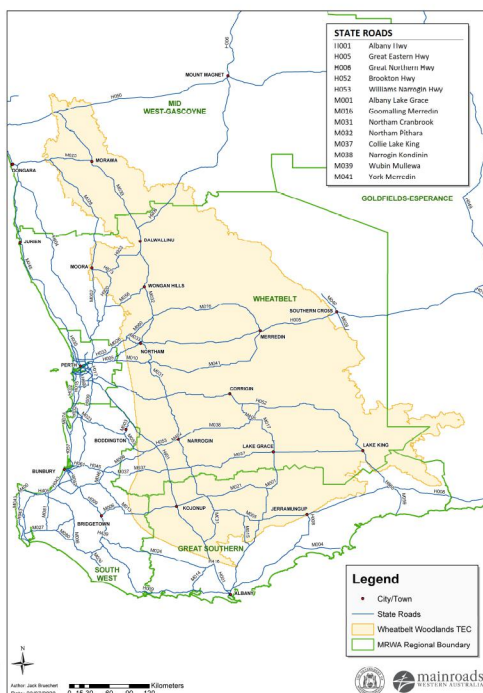

Main Roads is seeking to buy portions of land adjacent to State roads for revegetation purposes. There are a number of upgrades planned for roads, particularly within the Wheatbelt and to a lesser extent, Great Southern regions of WA, which will require the removal of native vegetation that, in some cases, is protected by both State and Commonwealth legislation. The purpose of the land acquisitions and revegetation is to “offset” the future residual loss of this vegetation.

Main Roads is ideally looking for cleared farming land immediately adjoining the road reserves of State roads. The land should be 50 to 100 metres wide and more than one kilometre long and (preferably) linking remnant vegetation. It is intended that any land acquired would be dedicated as road reserve.

Interested landowners are encouraged to contact Rod Cousins at Main Roads on (08) 9323 4811 or via [revegetationbank@mainroads.wa.gov.au](mailto:revegetationbank@mainroads.wa.gov.au)

Further information about the program can be found at:

## Road Safety Articles March 2022

### Article 1: *Blessing of the Roads 2022*

---

As we begin to look forward to the Easter break our minds turn to cooler weather, chocolate and possibly a trip away to visit family and friends. It is also an important time to remember those who have been killed or seriously injured on our roads.

WA's rural areas continue to be overrepresented in our road deaths, with more than three times the number of fatalities in rural WA than the metro area already this year. Despite what we'd like to believe the 3 in 4 people being killed or seriously injured in rural areas are local people travelling on familiar roads.<sup>1</sup>

Let's ask ourselves, 'how many fatalities and serious injuries on our roads is acceptable?'

Life in regional WA involves driving long distances, with changing road conditions and limited traffic safety measures. We can all do something to make our roads safer.

This holiday period we encourage you to take a moment as you butter your hot cross bun to remember those who have been injured or killed on our roads, give thanks to those who work tirelessly to prevent and reduce road trauma, and consider the part each of us play in keeping our family, friends and community safe.

To find out more about the campaign visit the RoadWise website; <http://www.roadwise.asn.au/blessing-of-the-roads.aspx>.

## From the Principal

As we conclude our first term, I would like to thank both parents and staff for your co-operation during this somewhat trying time for everyone.

The COVID restrictions are easing in Term 2, and parents are allowed on site, masked, to do things outside of the classroom. This means our P & C and School Council meetings will be held on campus again. I hope restrictions to the classroom will follow on.

### Variety Club

We had an enthusiastic drive-by from the Variety Club, and the children's laughter during the Magician Show was rewarding to watch. The Variety Club also handed out a small bag of goodies to the children. The equipment from the grant has arrived, and the children are enjoying the magnetic construction sets. There are puppets and a puppet theatre to unpack for next term's fun.

## From the classroom

What a busy term! We have had tennis and hockey clinics, The Variety Club do a drive-by and a magic show. We have enjoyed playing hairdressers and going to the beach in our role-play time. We really love the box construction area, and most days, we are taking home our creations.

The end of the term is here and we are busily making easter baskets and hats. We have been looking

forward to our Easter celebrations that lead up to the school holidays, and we are sharing what we might like to do on the holidays. Wishing everyone a safe and happy Easter break.

# WOODANILLING HISTORY

Woodanilling was named after a spring in the Boyerine Creek one kilometre south of the townsite. This spring, situated among the Casuarinas and flooded gums, used to flow into a beautiful pool which became a gathering place for the districts new settlers and became known as Round Pool. The Woodanilling District was first explored by Europeans in 1830/31, when Captain Thomas Bannister led the first overland expedition from Perth to King George III Sound.

Further exploration of the area was undertaken in 1843 by Henry Landor and Henry Maxwell Lefroy while searching for a large inland sea said to exist south east of York. The lake they found, with the help of Aboriginal guides, is approximately 40 kilometers north east of Woodanilling and was called Dambeling by the Aborigines. This was later changed to Dumbleyung by early European Settlers.

The construction of the Perth/Albany Road in the early 1850's brought the fine grazing lands in this region to the attention of many pastoralists, who took up leases while retaining their permanent properties at places like York. The Woodanilling area was also a rich source of sandalwood and for many early settlers it was a valuable source of income while they were establishing their homesteads.

One of the first to graze sheep in the area was Elijah Quartermaine around 1850/51.

Woodanilling was among the many districts to benefit from the opening of the Great Southern Railway in 1889. The Woodanilling townsite was gazetted in 1892. The Woodanilling Road Board was formed in 1906 and had an average population of 800.

Around this time Woodanilling could boast a Blacksmith, Wheelwright, 5 General Stores, Post Office, Banks, Hotel, Hospital, School, Bakery, Church, Barbers, Boarding House, Saddlery Shop, Railway Station, and the first trotting track outside the Perth Metropolitan area.

### Step 4

Cut pink mini marshmallows in half. Place on the cut sides of the remaining white marshmallows to make ears. Place on the remaining cupcakes. Decorate with the red sugar coated chocolates for noses and heart sprinkles for teeth. Decorate with the writing icing for eyes and whiskers.

# INGREDIENTS

- 1 1/4 cups (110g) Rolled Oats**
- 1 1/4 cups (110g) Desiccated Coconut**
- 1 cup (150g) plain flour**
- 150g unsalted butter**
- 1/4 cup (90g) golden syrup**
- 1 cup (220g) raw sugar**
- 1/2 tsp Coles Bicarbonate Soda**

## METHOD

### Step 1

Preheat oven to 180C. Combine the oats, coconut, flour and a pinch of salt in a bowl. Set aside. Place the butter, golden syrup and sugar in a saucepan over medium heat, stirring until butter melts. Bring to a simmer and cook for a further 1-2 minutes until sugar dissolves. Remove from heat, cool slightly, then add the bicarb soda and 1 tbsp water. Stir to combine, then pour over the oat mixture.

### Step 2

Using a wooden spoon, combine butter and oat mixture. Using 1 tbsp mixture each, roll into 24 equal-sized balls. Divide between two baking paper-lined baking trays, leaving 3cm between each.

### Step 3

Flatten biscuits slightly, then bake for 10-12 minutes until the top tray is slightly golden. Swap trays and cook for a further 6-8 minutes until all biscuits are golden. Remove from oven and cool completely on a wire rack.
