

Hi Woodanilling Community

Would you please complete the survey using the surveymonkey link below. Closing date 28 April.

*The Great Southern region aims to be Australia's premier adventure-based tourism destination. In order to deliver on this vision, we are developing a Regional Trails Master Plan to consider all trail types and users. This project has the support of all eleven local governments in the region (Albany, Broomehill-Tambellup, Cranbrook, Denmark, Gnowangerup, Jerramungup, Katanning, Kent, Kojonup, Plantagenet, and Woodanilling).*

*This survey will provide useful information on where the current trail hotspots are and where potential new opportunities may be located.*
