BRIEF SUMMARY

To adopt Council's 2020/2021 Annual Budget.

BACKGROUND

The final draft was considered by the Audit Committee on 29 September where it resolved to recommend adoption by Council at a Special Council Meeting on 2 October 2020.

STATUTORY/LEGAL IMPLICATIONS

Section 6.2 of the Local Government Act 1995 provides for the adoption of the budget.

POLICY IMPLICATIONS

"Significant Accounting Policies" are relevant and have been reviewed as part of the budget adoption process.

FINANCIAL IMPLICATIONS

The 2020/2021 budget proposes a balanced position while maintaining a "zero" increase in rate yield to offset COVID impacts to the community.

Council had the option of maintaining the rate in the dollar at prior year levels or adjusting to not increase the rate yield. However the unimproved value of farming land increased by 7.2% across most of the district last year and not proportionately reducing the rate in the dollar would have seen significant rate increases.

The budget proposes \$791,800 in infrastructure capital projects and renewal with:

- Approximately \$630,000 on roads
- \$60,000 Culvert replacement
- \$20,000 Footpath renewal
- \$80,000 Town centre enhancement

\$233,000 of the above is funded by Federal Stimulus Funding grant in response to COVID 19.

STRATEGIC IMPLICATIONS

The Budget has been drafted with regard to the Strategic Community Plan, Corporate Business Plan and the informing strategies. The Strategic Community Plan will be reviewed after the Community Consultation being held 16th October 2020

CONSULTATION/COMMUNICATION

Consultation has occurred during the Council process with relevant committee's and community groups.

RISK MANAGEMENT

The 2020/2021 rating process no longer includes differential rating to streamline compliance and timing of approvals previously required for differential rating. It is noted differential rating was imposed to address disparity with five assessments A289, A290, A291, A294, and A437 differentially rated as 'urban farm' that can now achieve the same rate through granting of concession of 50% of the gross rental value.

The adoption date is past the statutory time and extension date from the Minister for Local Government. The Shire has switched from consultant resources to an employed part time accountant to improve the on time performance in the future.

COMMENT

The 2020/2021 budget includes key works identified in the financial implications section of this report but also seeks to maintain all other services at existing levels with a business as usual approach.

Fees and charges proposed for the budget are largely unchanged except where statutory increases are required. Councillor fees are also maintained at current levels.

The budget attempts to reduce the overhead cost structure of works through the full year impact of staffing changes made last year and also adds organisational capacity with employees replacing consultant accounting and town planning services.

VOTING REQUIREMENTS

Absolute Majority

OFFICER'S RECOMMENDATION – ITEM 3.1 2020/2021 DRAFT BUDGET REPORT

That council:

In accordance with the provisions of Section 6.2 of the Local Government Act 1995, Council adopts the budget for the financial year ending 30 June 2021, including the published fees and charges, as presented.

Impose the following rates on all rateable property in the Shire of Woodanilling for the 2020/2021 financial year:

General Rates:

Gross Rental Valued Properties – rate in the dollar = 11.4403 cents in the dollar

Unimproved Valued Properties – rate in the dollar = 0.5392 cents in the dollar

Minimum Rates All Properties \$390 pa

Concessions

Grant a concession of 50% of the rate imposed for properties rated “gross rental value” to properties which are zoned “Local Rural” and are currently run as an operational farm in conjunction with land zoned “Regional Rural” and rated “unimproved value”.

Rubbish Collection Charges

Impose the following rubbish rate for all homes and businesses in the rubbish collection district for the 2020/2021 financial year:

Domestic/Commercial (includes recycling)

Once a week bin pickup (Includes one general waste bin and one Recycling Bin) = \$325pa

Each bin in addition to the once a week service = \$162.50 pa

Rate Instalments – Payment Options

In accordance with the provisions of Section 6.45(1) of the Local Government Act 1995, offers to ratepayers the opportunity to pay rates and rubbish charges in instalments as follows:

Four (4) instalments due on 35 days from date of issue 07/10/2020

11/11/2020

13/01/2021

17/03/2021

12/05/2021

Two (2) instalments due on 35 days from date of issue

11/11/2020

17/03/2021

Fee for Rate Instalments

In accordance with the provisions of Section 6.45(3) and (4) of the Local Government Act 1995 and Regulations 67 and 68 of the Local Government (Financial Management) Regulations 1996, impose the following charges for ratepayers electing to pay by instalments:

Administration Fee = \$5.00 per instalment

Interest charge = 3% (Calculated on simple interest basis from date of first instalment to the due date of each subsequent instalment)

Interest on Outstanding Rates

That in accordance with the provisions of Section 6.51 of the Local Government Act 1995 and Regulations 70 and 71 of the Local Government (Financial Management) Regulations 1996, impose interest on outstanding rates and service charges as follows:

On outstanding rates and service charges where no Instalment election has been made: 8% (Imposed from the due date until the day before the day on which a payment is received by the local government.)

On outstanding instalments of rates and service charges = 8% (Imposed from when each instalment becomes due and payable) On other monies owing to Council = 8% (Imposed after a period of 35 days from the date issued.)

NOTE: Interest on outstanding rates is in addition to any Instalment interest that may be applicable.

Discount closing dates:

Offers to its ratepayers a discount of 5.0% on general rates only, on the condition that all rates (including Rubbish Rates & FESA Levy) and arrears are paid in full on or before 35 days from date of issue.

In addition Council provides a 50% discount on general rates only to Lots 32, 33, 34, 35 & 38 DP 223222, Quartermaine & Shenton Roads, Woodanilling, and Lots 2, 3 & 4 DP 227523 Albany Highway due to Planning restrictions on these lots. This does not apply to any other monies owing to the Council.

SHIRE OF WOODANILLING

FOR THE YEAR ENDED 30 JUNE 2021

BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of AASB 1051 *Land Under Roads* paragraph 15 and AASB 116 *Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

The Shire will endeavour to provide community services and facilities to meet the needs of members of the community and enable them to enjoy a pleasant and healthy way of life. Services and facilities to carry out its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to the budget.

2019/20 ACTUAL BALANCES

Balances shown in this budget as 2019/20 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On the 1 July 2020 the following new accounting policies are to be adopted and may impact the preparation of the budget:

- AASB 1059 Service Concession Arrangements: Grantors
- AASB 2018-7 Amendments to Australian Accounting Standards - Materiality

AASB 1059 is not expected to impact the annual budget. Specific impacts of AASB 2018-7 have not been identified.

All land (other than exempt land) in the Shire of Woodanilling is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Woodanilling.

The general rates detailed for the 2020/21 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

2 (b). NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Woodanilling becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The Shire of Woodanilling contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Woodanilling contributes are defined contribution plans.

LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire of Woodanilling's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Woodanilling's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Woodanilling's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

3. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

Note	2020/21 Budget	2019/20 Actual	2019/20 Budget

SIGNIFICANT ACCOUNTING POLICES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

SIGNIFICANT ACCOUNTING POLICIES

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Infrastructure - roads	
Other Infrastructure - footpaths	20 years
Other Infrastructure - bridges and drainage	80 years
Other Infrastructure - parks and ovals	30 to 75 years

AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

16. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

COMPARATIVE FIGURES

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.
