

Auditor General

INDEPENDENT AUDITOR'S REPORT

To the Councillors of the Shire of Woodanilling

Report on the Audit of the Financial Report

Opinion

I have audited the annual financial report of the Shire of Woodanilling which comprises the Statement of Financial Position as at 30 June 2020, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion the annual financial report of the Shire of Woodanilling:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2020 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the Shire in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Notes 1 and 11 to the annual financial report, which describe the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the Shire's annual financial reporting responsibilities under the Act, including the Local Government (Financial Management) Regulations 1996 (Regulations). My opinion is not modified in respect of these matters:

- (i) Regulation 17A requires a local government to measure vested improvements at fair value and the associated vested land at zero cost. This is a departure from AASB 16 Leases which would have required the entity to measure the vested improvements also at zero cost.
- (ii) In respect of the comparatives for the previous year ended 30 June 2019, Regulation 16 did not allow a local government to recognize some categories of land, including land under roads, as assets in the financial report.

Responsibilities of the Chief Executive Officer and Council for the Financial Report

The Chief Executive Officer (CEO) of the Shire is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of the annual financial report that is free from material misstatement, whether due to fraud or error.

In preparing the annual financial report, the CEO is responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A further description of my responsibilities for the audit of the annual financial report is located on the Auditing and Assurance Standards Board website at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of my auditor's report.

Report on Other Legal and Regulatory Requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matter indicates a significant adverse trend in the financial position of the Shire:
 - a. The Operating Surplus Ratio as reported in Note 27 of the annual financial report has been below the Department of Local Government, Sport and Cultural Industries' standard for the past 3 financial years.
- (ii) The following material matter indicating non-compliance with Part 6 of the *Local Government Act 1995*, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law was identified during the course of my audit:
 - a. The Shire has not reported the Asset Renewal Funding Ratio for the current financial year in the annual financial report as required by section 50(1)(c) of the Local Government (Financial Management) Regulations 1996, as planned capital renewals and required capital expenditure were not estimated in a long term financial plan and asset management plan.
- (iii) All required information and explanations were obtained by me.
- (iv) All audit procedures were satisfactorily completed.
- (v) In my opinion, the Asset Consumption Ratio and the Asset Renewal Funding Ratio for 2018 and 2019 included in the annual financial report were supported by verifiable information and reasonable assumptions.

Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the Shire of Woodanilling for the year ended 30 June 2020 included on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report to confirm the information contained in this website version of the annual financial report.

EFTHALIA SAMARAS
SENIOR DIRECTOR FINANCIAL AUDIT
Delegate of the Auditor General for Western Australia
Perth, Western Australia
20 April 2021

SHIRE OF WOODANILLING

PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

INDEX OF FINDINGS	RATING		
	Significant	Moderate	Minor
1. Asset Renewal Funding Ratio	✓		
2. Bonds and Deposits Held			✓
3. Municipal Bank Reconciliation			✓

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

SHIRE OF WOODANILLING

PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. Asset Renewal Funding Ratio

Finding

The Shire has not reported the Asset Renewal Funding Ratio for 2020 in the annual financial report, as required by Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996. This is because the Asset Management Plan and Long Term Financial Plan have not been recently updated, as a result of which the ratios would not be current and accurate.

We note that the Shire has commenced a review of these plans.

**Rating: Significant
Implication**

The financial report does not comply with Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996.

Recommendation

We recommend that the Shire prepares, reviews and updates the Asset Management Plan and the Long Term Financial Plan annually, to ensure that 10 year projections are available as required by the regulations, in order for the asset renewal funding ratio to be calculated based on verifiable information and reasonable assumptions.

Management Comment

Noted and Accepted. Will be completed by 30 June 2021.

Responsible Person: Chief Executive Officer
Completion Date: 30 June 2021

SHIRE OF WOODANILLING

PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Bonds and Deposits Held

Finding

Audit testing determined that "Bond and Deposit" accounts had numerous minor outstanding entries dating back many years. Given the historical nature of these entries, it is difficult to determine whether these entries are in fact liabilities of the Shire or are now Municipal revenue. Outstanding bonds and deposits totalled \$42,136 at 30 June 2020.

**Rating: Minor
Implication**

There is a possibility that the liability may require refund, recognition as revenue or transfer to the Receiver of Public Monies.

Recommendation

The Shire undertake a full investigation of all outstanding bonds and deposits and implement actions to resolve or correct as required.

Management Comment

Will be addressed in March 2021 budget review to be completed by 30 April 2021. Most relate to previous items held in trust but transferred out during the previous regulation change. These will now be reflected in reserve accounts if they were for a specific purpose.

Responsible Person: Chief Executive Officer
Completion Date: 30 April 2021

SHIRE OF WOODANILLING

PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

3. Municipal Bank Reconciliation

Finding

The Municipal bank reconciliation at 30 June 2020 was not supported by a complete and detailed listing of reconciling items.

Rating: Minor

Implication

Whilst the list of reconciling items was able to be regenerated for audit purposes, it indicates a weakness in the review and approval process. This increases the risk of errors, omissions or fraud remaining undetected.

Recommendation

The responsible officers should ensure that a complete review is undertaken, which includes ensuring that the bank reconciliation is supported by a detailed listing of all reconciling items.

Management Comment

A complete listing of reconciling items will be produced to support the figures in the bank reconciliation.

Responsible Person: Chief Executive Officer
Completion Date: 30 April 2021

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

AMENDMENTS TO LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Prior to 1 July 2019, *Financial Management Regulation 16* arbitrarily prohibited a local government from recognising as assets Crown land that is a public thoroughfare, i.e. land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets pertaining to vested land, including land under roads acquired on or after 1 July 2008, were not recognised in previous financial reports of the Shire. This was not in accordance with the requirements of AASB 1051 *Land Under Roads* paragraph 15 and AASB 116 *Property, Plant and Equipment* paragraph 7.

From 1 July 2019, the Shire has applied AASB 16 *Leases* which requires leases to be included by lessees in the statement of financial position. Also, the *Local Government (Financial Management) Regulations 1996* have been amended to specify that vested land is a right of use asset to be measured at cost. All right of use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position) rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

The Shire has accounted for the removal of the vested land values associated with vested land previously recognised by removing the land value and associated revaluation reserve as at 1 July 2019. The comparative year amounts have been retained as AASB 16 does not require comparatives to be restated in the year of transition.

Therefore the departure from AASB 1051 and AASB 16 in respect of the comparatives for the year ended 30 June 2019 remains.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

On 1 July 2020 the following new accounting standards are to be adopted:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*

AASB 1059 *Service Concession Arrangements: Grantors* is not expected to impact the financial report.

Specific impacts of AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*, have not been identified.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision	Based on timing of issue of the associated rights	No refunds	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Set by State legislation	Apportioned equally across the inspection cycle	No refunds	After inspection complete based on a 4 year cycle
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Set by State legislation or limited by legislation to the cost of provision	Applied fully on timing of inspection	Not applicable	Revenue recognised after inspection event occurs
Property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	Adopted by council annually	Based on timing of entry to facility	Returns limited to repayment of transaction price	On entry or at conclusion of hire
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works
Sale of stock	Aviation fuel, kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Adopted by council annually, set by mutual agreement	Applied fully based on timing of provision	Returns limited to repayment of transaction price	Output method based on goods
Commissions	Commissions on licencing and ticket sales	Over time	Payment in full on sale	None	Set by mutual agreement with the customer	On receipt of funds	Not applicable	When assets are controlled
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	Set by mutual agreement with the customer	When claim is agreed	Not applicable	When claim is agreed

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES

(a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2020 Actual \$	2020 Budget \$	2019 Actual \$
Operating grants, subsidies and contributions			
Governance	520	0	181
General purpose funding	832,773	436,286	835,723
Law, order, public safety	47,000	29,837	66,216

Economic services	29,533	64,150	47,191
Other property and services	4,250	13,500	9,267
	389,536	456,973	402,368

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

**Contracts with customers and transfers
for recognisable non-financial assets**

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services:

	2020 Actual \$	2020 Budget \$	2019 Actual \$
Operating grants, subsidies and contributions	1,176,260	0	0
Fees and charges	389,536	0	0
Non-operating grants, subsidies and contributions	606,651	556,333	75,200
	2,172,447	556,333	75,200

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of:

Contracts with customers included as a contract liability at the start of the period	79,400		
Other revenue from contracts with customers recognised during the year	1,565,796	0	0
Other revenue from performance obligations satisfied during the year	527,251	556,333	75,200
	2,172,447	556,333	75,200

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:

Trade and other receivables from contracts with customers	112,786	0	0
Contract liabilities from contracts with customers	(69,286)	0	0

Impairment of assets associated with contracts with customers are detailed at note 2 (b) under 'Other expenditure'.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Revenue from statutory requirements

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:

General rates

Other revenue

Reimbursements and recoveries

Other

Interest earnings

Interest on reserve funds

Rates instalment and penalty interest (refer Note 20(c))

Other interest earnings

	2020 Actual \$	2020 Budget \$	2019 Actual \$
General rates	771,494	768,499	736,579
	771,494	768,499	736,579
Other revenue			
Reimbursements and recoveries	0	178,140	0
Other	525	617	(227)
	525	178,757	(227)
Interest earnings			
Interest on reserve funds	71	515	712
Rates instalment and penalty interest (refer Note 20(c))	5,018	8,129	3,933
Other interest earnings	850	20	8,372
	5,939	8,664	13,017

SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

(b) Expenses

Auditors remuneration

- Audit of the Annual Financial Report

Other expenditure

Sundry expenses

Note	2020 Actual \$	2020 Budget \$	2019 Actual \$
	29,900	29,800	29,414
	29,900	29,800	29,414

3. CASH AND CASH EQUIVALENTS

NOTE	2020	2019
	\$	\$
Cash at bank and on hand	1,248,273	1,151,176
Total cash and cash equivalents	1,248,273	1,151,176

Restrictions

The following classes of assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:

- Cash and cash equivalents	698,037	628,198
	698,037	628,198

The restricted assets are a result of the following specific purposes to which the assets may be used:

Reserves - cash backed	4	628,751	628,198
Contract liabilities from contracts with customers	14	69,286	0
Total restricted assets		698,037	628,198

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT

All reserves are supported by cash and cash equivalents and are restricted within equity as Reserves - cash backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Plant replacement reserve	As per Plant Replacement Program	To be used to fund the net cost of plant and equipment purchases as determined in the 10 Year Plant Replacement Program
(b) Building reserve	As per Building Plan	To be used to meet requirements for providing new buildings for Council purposes, other than affordable housing or recreational facilities, or for major maintenance
(c) Affordable housing reserve	As per Building Plan	To be used to meet requirements for affordable housing, either new or major upgrades into the future
(d) Office equipment reserve	As required	To be used for the purchase of office equipment and future computer upgrades
(e) Recreation reserve	30/06/2019	To be used to fund capital improvements at recreational facilities, including sporting facilities or halls
(f) Road construction reserve	As required	To be used to fund road construction projects within the Woodanilling Shire, or to levy additional funding

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

5. OTHER FINANCIAL ASSETS

(b) Non-current assets

Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss

Units in Local Government House Trust
 BWK Co-op Shares

2020	2019
35,703	31,026
35,703	31,026
35,611	30,934
92	92
35,703	31,026

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 22.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

6. TRADE AND OTHER RECEIVABLES

Current

Rates receivable
Trade and other receivables

2020	2019
\$	\$
62,125	52,210
112,786	60,346
174,911	112,556

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

7. INVENTORIES

Current

Fuel and materials

2020	2019
\$	\$
8,521	18,904
8,521	18,904
18,904	16,210
(107,642)	(93,004)
97,259	95,698
8,521	18,904

The following movements in inventories occurred during the year:

Carrying amount at beginning of period

Inventories expensed during the year

Additions to inventory

Carrying amount at end of period

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

8. OTHER ASSETS

Other assets - current

Accrued income

2020	2019
\$	\$
1,050	1,050
1,050	1,050

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Accrued income

Accrued income is income which has been earned but not yet received. Income must be recorded in the accounting period in which it is earned. Therefore, accrued income must be recognised in the accounting period in which it arises rather than in a subsequent period in which it will be received.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

9. PROPERTY, PLANT AND EQUIPMENT

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

9. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2	Market approach using recent observable market data for similar properties/income approach using discounted cashflow methodology	Independent registered valuers	June 2017	Price per hectare/market borrowing rate
Buildings	2	Market approach using recent observable market data for similar properties/income approach using discounted cashflow methodology	Independent registered valuers	June 2017	Observable open market values of similar assets adjusted for condition and comparability at the highest and best use
Furniture and equipment	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition, residual values and remaining useful life assessments
Plant and equipment					
- Independent valuation 2015	2	Market approach using recent observable market data for similar vehicles	Independent registered valuers	June 2016	Price per item

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

Following a change to *Local Government (Financial Management) Regulation 17A*, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximates cost at the date of change.

10. INFRASTRUCTURE

(a) Movements in Carrying Amounts

Movement in the carrying amounts of each class of infrastructure between the beginning and the end of the current financial year.

	Infrastructure - roads	Other infrastructure - footpaths	Other infrastructure - bridges and drainage	Other infrastructure - parks and ovals	Total Infrastructure

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

10. INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - roads	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition, residual values and remaining useful life assessments
Other infrastructure - footpaths	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition, residual values and remaining useful life assessments
Other infrastructure - bridges and drainage	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition, residual values and remaining useful life assessments
Other infrastructure - parks and ovals	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Construction costs and current condition, residual values and remaining useful life assessments

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings and infrastructure acquired between the initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings and infrastructure is determined every five years in accordance with the regulatory framework.

This includes buildings and infrastructure items which were pre-existing improvements (ie vested improvements) on vested land acquired by the Shire. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with the *Local Government (Financial Management) Regulation 17A(2)* which requires land, buildings, infrastructure and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset. This regulation has now been deleted.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, *Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, are treated as ROU assets, measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

The Shire has accounted for the removal of vested land values associated with vested land by removing the land value and associated revaluation reserve as at 1 July 2019. The comparatives have not been restated.

Other infrastructure - parks and ovals	2,433	2,450	2,433
	869,477	978,337	838,898

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Sealed roads and streets	
formation	not depreciated
pavement	50 years
seal	
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads	
formation	not depreciated
pavement	50 years
Footpaths - slab	20 years
Sewerage piping	100 years
Water supply piping and drainage systems	75 years

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

 Income received in advance

2020	2019
\$	\$
129,790	160,124
11,488	5,785
28,967	0
42,136	42,436
13,685	10,122
226,066	218,467

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

14. CONTRACT LIABILITIES

Current

Contract liabilities from contracts with customers

2020	2019
\$	\$
69,286	0
69,286	0

Performance obligations from contracts with customers are expected to be recognised as revenue in accordance with the following time bands:

Less than 1 year

69,286
69,286

SIGNIFICANT ACCOUNTING POLICIES

Contract Liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Bank overdraft limit	0	0
Bank overdraft at balance date	0	0
Credit card limit	2,000	4,000
Credit card balance at balance date	(828)	(84)
Total amount of credit unused	1,172	3,916

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 22.

16. EMPLOYEE RELATED PROVISIONS

(a) Employee Related Provisions

Opening balance at 1 July 2019

Current provisions
Non-current provisions

Additional provision
Amounts used

Balance at 30 June 2020

Comprises

Current
Non-current

	Provision for Annual Leave	Provision for Long Service Leave	Total
	\$	\$	\$
Opening balance at 1 July 2019			
Current provisions	82,574	59,475	142,049
Non-current provisions	0	58,397	58,397
	82,574	117,872	200,446
Additional provision	80,820	22,494	103,314
Amounts used	(78,274)	(29,627)	(107,901)
Balance at 30 June 2020	85,120	110,739	195,859
Comprises			
Current	85,120	62,411	147,531
Non-current	0	48,328	48,328
	85,120	110,739	195,859

Amounts are expected to be settled on the following basis:

Less than 12 months after the reporting date
More than 12 months from reporting date

	2020	2019
	\$	\$
Less than 12 months after the reporting date	114,235	114,133
More than 12 months from reporting date	81,624	86,313
	195,859	200,446

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

17. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	\$	\$
Short-term employee benefits	218,407	280,819
Post-employment benefits	25,463	21,825
Other long-term benefits	3,739	1,873
	247,609	304,517

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service benefits accruing during the year.

19. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

The following transactions occurred with related parties:

	2020 Actual	2019 Actual
	\$	\$
Purchase of goods and services	5,351	20,400
Short term employee benefits -other related parties	70,651	42,391

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

ii. Other Related Parties

The associate person of KMP was employed by the Shire under normal employment terms and conditions.

iii. Entities subject to significant influence by the Shire

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

FOR THE YEAR ENDED 30 JUNE 2020

22. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

(a) Interest rate risk

Cash and cash equivalents

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2020					
Cash and cash equivalents	0.05%	1,248,273	0	1,247,823	450
2019					
Cash and cash equivalents	1.82%	1,151,176	0	1,150,726	450

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2020	2019
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	12,483	11,512

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 14(b).

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

22. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables

The contractual undiscounted cash flows of the Shire's Payables are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
2020					
Payables	226,066	0	0	226,066	226,066
	226,066	0	0	226,066	226,066
2019					
Payables	176,516	0	0	176,516	218,467
	176,516	0	0	176,516	218,467

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

23. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 15: Revenue from Contracts with Customers

The Shire adopted AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

		AASB 118 carrying amount		AASB 15 carrying amount
	Note	30 June 2019	Reclassification	01 July 2019
		\$	\$	\$
Contract liabilities - current				
Contract liabilities from contracts with customers	14	0	(79,400)	(79,400)
Adjustment to retained surplus from adoption of AASB 15	24(b)		(79,400)	

(b) AASB 1058: Income For Not-For-Profit Entities

The Shire adopted AASB 1058 Income for Not-for-Profit Entities (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods was not restated in accordance with AASB 1058 transition requirements.

In accordance with the Shire's accounting policies, prepaid rates were recognised as a liability at 30 June 2019. Therefore the initial application of AASB 1058 at 1 July 2019 did not have an impact on the recognition and classification of prepaid rates.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

23. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The table below provides details of the amount by which each financial statement line item is affected in the current reporting period by the application of this Standard as compared to AASB 118 and 1004 and related Interpretations that were in effect before the change.

		2020 \$		2020 \$
	Note	As reported under AASB 15 and AASB 1058	Adjustment due to application of AASB 15 and AASB 1058	Compared to AASB 118 and AASB 1004
Statement of Comprehensive Income				
Revenue				
Operating grants, subsidies and contributions	2(a)	1,176,260	69,286	1,245,546
Net result		195,134	69,286	264,420
Statement of Financial Position				
Contract liabilities	14	69,286	(69,286)	0
Net assets		32,590,504	69,286	32,659,790
Statement of Changes in Equity				
Net result		195,134	69,286	264,420
Retained surplus		12,970,290	69,286	13,039,576

Refer to Note 2(a) for new revenue recognition accounting policies as a result of the application of AASB 15 and AASB 1058.

(c) AASB 16: Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has applied this Standard to its leases retrospectively, with the cumulative effect of initially applying AASB16 recognised on 1 July 2019. In applying AASB 16, under the specific transition provisions chosen, the Shire will not restate comparatives for prior reporting periods.

The initial application of AASB 1058 at 1 July 2019 did not have an impact, as the Shire did not have any operating leases at 30 June 2019.

24. CHANGE IN ACCOUNTING POLICIES

(a) Change in Accounting Policies due to regulation changes

Effective 6 November 2020, *Local Government (Financial Management) Regulation 16* was deleted and *Local Government (Financial Management) Regulation 17A* was amended with retrospective application. The changes were effective for financial years ending on or after 30 June 2020 so are required to be applied retrospectively with cumulative effect applied initially on 1 July 2019.

In accordance with the changes, the Shire was required to remove the values attributable to certain crown land assets previously required to be recognised, as well as the associated revaluation surplus at 1 July 2019. These assets have been measured as concessionary lease right-of-use assets at zero cost in accordance with AASB 16. For further details relating to these changes, refer to Note 11.

In summary the following adjustments were made to the amounts recognised in the statement of financial position at the date of initial application (1 July 2019):

		Carrying amount 30 June 2019	Reclassification	Carrying amount 01 July 2019
	Note	\$	\$	\$
Property, plant and equipment	3	7,133,168	(25,000)	7,108,168
Revaluation surplus	5	19,016,463	(25,000)	18,991,463

Also, following changes to *Local Government (Financial Management) Regulation 17A*, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously or during the year were not reversed as it was deemed fair value approximates cost at the date of the change.

(b) Changes in equity due to change in accounting policies

The impact on the Shire's opening retained surplus due to the adoption of AASB 15 and AASB 1058 as at 1 July 2019 was as follows:

	Note	Adjustments	2019
			\$
Retained surplus - 30 June 2019			12,855,109
Adjustment to retained surplus from adoption of AASB 15	23(a)	(79,400)	(79,400)
Retained surplus - 1 July 2019			12,775,709

The impact on the Shire's opening revaluation surplus resulting from *Local Government (Financial Management) Regulation 16* being deleted and the amendments to *Local Government (Financial Management) Regulation 17A* as at 1 July 2019 was as follows:

	Note	Adjustments	2019
			\$
Revaluation surplus - 30 June 2019			19,016,463
Adjustment to revaluation surplus from amendment to FM Reg 17A	24(a)	(25,000)	(25,000)
Revaluation surplus - 1 July 2019			18,991,463

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

25. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

26. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME AND OBJECTIVES	ACTIVITIES
GOVERNANCE To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting members and ratepayers on matters which do not concern specific council services.
GENERAL PURPOSE FUNDING To collect revenue to allow for the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of meat inspection services, noise control and waster disposal compliance.
EDUCATION AND WELFARE To provide services to disadvantaged persons, the elderly, children and youth.	Maintenance of child minding centre, playgoup centre, senior citizen and aged care centre. Provision and maintenance of home and community care programs and youth services.
HOUSING To provide and maintain elderly residents housing.	Provision and maintenance of elderly residents housing.
COMMUNITY AMENITIES To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE To establish and effectively manage infrastructure and resources which will help the social well being.	Maintenance of public halls, civic centres, aquatic centres, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
TRANSPORT To provide safe, effective and efficient transport services to the community.	Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic signs. Cleaning of streets.
ECONOMIC SERVICES To help promote the shire and its economic wellbeing.	Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building control.
OTHER PROPERTY AND SERVICES To monitor and control the shires overhead operating accounts.	Private works operation, plant repair and operation costs and engineering operation costs.

SHIRE OF WOODANILLING

AUDIT PLAN

YEAR ENDED 30 JUNE 2021

27. FINANCIAL RATIOS

	2020 Actual	2019 Actual	2018 Actual
Current ratio	1.97	1.68	3.52
Asset consumption ratio	0.80	0.82	0.77
Asset renewal funding ratio	N/A	1.00	1.00
Asset sustainability ratio	1.03	0.50	0.83
Debt service cover ratio	N/A	N/A	N/A
Operating surplus ratio	(0.35)	(0.86)	(0.42)
Own source revenue coverage ratio	0.42	0.30	0.25

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

Introduction

This document sets out our Audit Plan for the year ended 30 June 2021, and summarises our audit approach, highlights key areas of audit risk and focus, provides details of our engagement team and other required communications.

Recent Industry and Economic Trends

The Local Government sector in Western Australia operates in a relatively stable economic environment. Entities rely on funding from State and Federal Government to supplement own source revenue. Funding is both for operations and capital works projects. Additional capital funding is opportunistic and reliant on whole of Government initiatives. Local Governments budget for additional capital funding only when the project and funding source is probable.

There is a long history of recurring grant funding and whilst there is ever increasing requirements to fund target service delivery and capital needs, in general, recurring funding is known and is expected to continue.

Operational costs are generally predictable and can be controlled. Additionally, and to a larger extent by deferral of capital acquisition and infrastructure construction projects. Long term asset management plans and financial plans exist to control risk of a deteriorating asset base and loss of service potential.

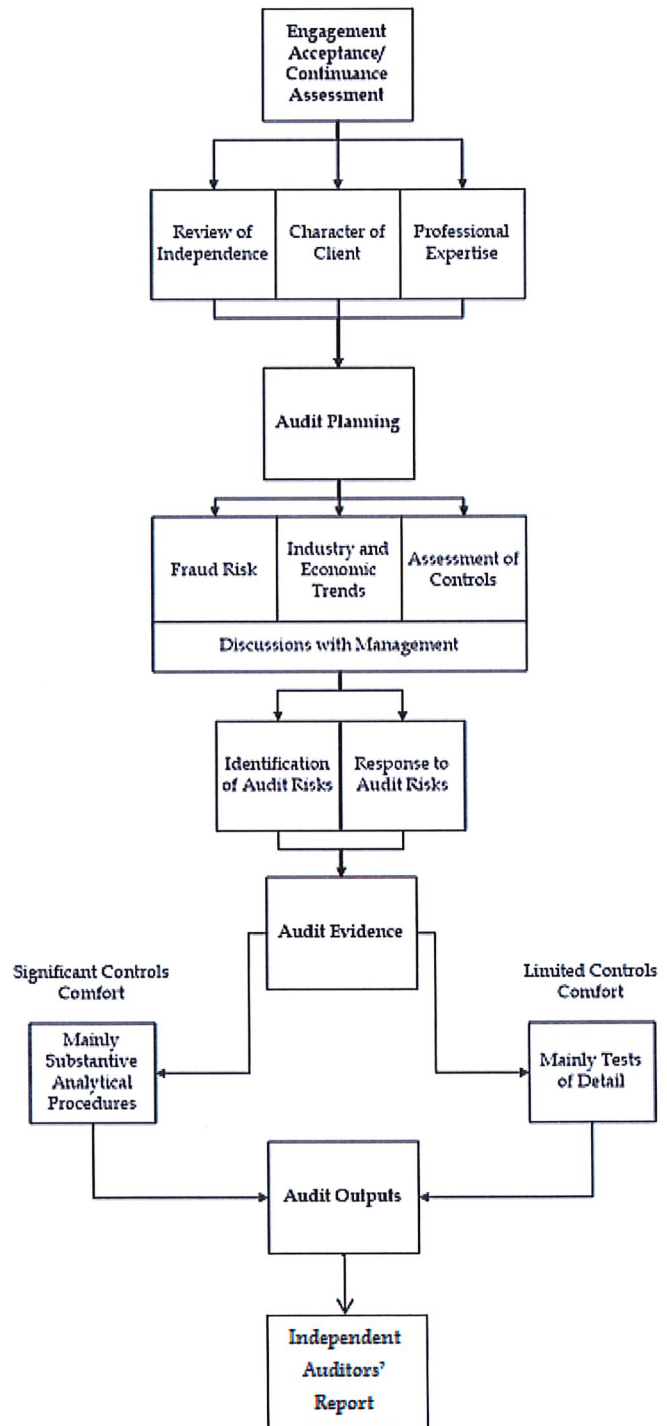

In the past, Council has shown rapid and measured response to the management of the financial impacts of natural disasters and most recently, the Covid 19 pandemic.

Audit Approach Overview

Our methodology involves the development of a risk matrix to determine the overall audit risk as a result of the interaction between control risk and inherent risk.

The risk matrix will be used to determine assurance levels and sample sizes for statistical sampling.

Our risk-based audit approach ensures that our audit procedures are targeted towards the significant risk areas of the entity allowing for an efficient allocation of our resources. Additionally this methodology is based on us developing a detailed understanding of the transactional processes inherent in your organisation, which ensures that our audit testing will provide an independent review of your systems of internal control where recommendations for improvements will be communicated through the annual management letter.

Audit Objectives

The audit will be primarily directed towards assurance at two levels:

- Lodgement of audit opinion and financial statements with the Minister for Local Government.
- Independent assurance that the financial statements of The Shire of Woodanilling present a true and fair view in accordance with Australian Accounting Standards, and the Local Government Act 1995, Local Government (Financial Management) Regulations 1996 and other relevant local government legislation.
- Communication of areas of high risk together with our assessment of how management may mitigate these risks.
- Observations and assurance over financial reporting and financial control issues from experienced professionals who understand Local Government.
- Communication of areas of risk that we do not consider to be sufficiently mitigated.
- Reporting of any issues relating to the systems of internal control identified during our audit.

Scope of the Audit and Communication

As a Contract Auditor to the OAG, we are responsible for undertaking the audit work on behalf of the OAG. The Auditor General retains responsibility for issuing the audit opinion on the Shire of Woodanilling's financial statements. The audit will be conducted in accordance with the Australian Auditing Standards.

Scope of Work

- Audit of the general-purpose financial statements of the Shire of Woodanilling.
- Audit of compliance with specified provisions of the Local Government Act 1995
- Audit of compliance with the Local Government (Financial Management) Regulations 1996

Australian Auditing Standard ASA 260: Communication of Audit Matters with those charged with Governance requires that we communicate with "those charged with governance" of the Shire of Woodanilling in relation to some aspects of our audit.

ASA 260 defines "Those charged with governance" to include "those persons accountable for ensuring that the entity achieves its objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, compliance with applicable laws, and reporting to interested parties. Those charged with governance include management only when it performs such functions."

We advise that we will communicate matters of governance interest arising from our audit with

- (i) the Council, and/or
- (ii) management

as we consider appropriate in relation to each matter to be communicated.

Ordinarily, we will initially discuss audit matters of governance interest with management. Draft management letters will be provided to you for comments from appropriate members of your management. We request these be returned to us within 14 days.

The final management letter will be issued and will be addressed to the President and CEO after it has been discussed with management and comments received. All matters will be communicated on a timely basis.

Communication

Materiality

The scope of our audit is influenced by the application of materiality. During the audit we may identify amounts that we believe should be recorded differently in the financial statements. In accordance with ASA 320 – Materiality in Planning and Performing an Audit, where these are material in amount or by nature, we will request management to adjust the financial statements. In addition, we will provide management with a summary of all audit identified adjusted and unadjusted differences in the management representation letter. In line with the OAG's policy, we have not disclosed our materiality amount

Prior to the conclusion of our audit, we will advise you of:

- All adjustments to the financial statements made as a result of our audit.
- Uncorrected misstatements identified during the audit which management determined were not material. An audit of a financial report is not designed to identify all matters that may be relevant to those charged with governance. Accordingly, our audit does not ordinarily identify all such matters.

Our communications of matters of governance interest includes only those audit matters of governance interest that have come to our attention as a result of the performance of our audit.

Management Representation Letter

The audit plan assumes that management will be in a position to sign a management representation letter. A draft management representation letter will be provided to you for consideration and review and should be signed and dated at the same time as the financial report and as close as practicable to the date of the audit opinion. Ordinarily, this would be no more than five working days prior to the issue of the opinion.

We will rely on the Chief Executive Officer and the Director of Corporate Services (or equivalent) signing the financial statements as evidence that they confirm:

- They have fulfilled their responsibility for the preparation of the financial statements in accordance with the applicable financial reporting framework, including their fair presentation;
- They have provided us with access to all relevant information necessary or requested for the purpose of the audit; and
- All transactions have been recorded and are reflected in the financial report.

Engagement Team

Fraud Risk

The primary responsibility for the prevention and detection of fraud and error rests with the Council and the management of The Shire of Woodanilling. Management is responsible for maintaining accounting records and controls designed to prevent and detect fraud and error, and for the accounting policies and estimates inherent in the financial report.

Under Australian Auditing Standard ASA 240 *The Auditor's Responsibility to Consider Fraud in an Audit of a Financial Report*, when planning and performing audit procedures and evaluating the results, the auditor must consider the risk of material misstatement in the financial report as a result of fraud and error.

Our audit scope covers areas within the entity where material misstatements resulting from fraud or error (intentional or unintentional) would be most likely to occur, due to either control weaknesses or inherent susceptibilities.

All entities are susceptible to financial reporting fraud where transactions fall outside the embedded systems and controls, for example year end journals posted by management.

Our perspective on fraud risk is that controls are in place to identify fraud and reduce the residual risk to an acceptably low level.

Industry Level Risk

Planning has identified no significant industry risk.

Inherent Risk

Following our preliminary enquiries and analysis we have identified some specific audit risks that impact on our audit of Shire of Woodanilling.

Details of Risk / Issue	Lincolns Audit Approach
Grant Funding and Other Revenue	<ul style="list-style-type: none"> Agree revenue by direct confirmation

Details of Risk / Issue	Lincolns Audit Approach
	<ul style="list-style-type: none"> Consider and respond to risk of fraud in the revenue cycle including testing related party transactions Analysis of revenue allocation to ensure that revenue is recognised in the correct period and any related liabilities for contracts with customers are recorded.
Rates	<ul style="list-style-type: none"> Agree rates to the following: <ul style="list-style-type: none"> Property valuations rolls Check control procedures in place for transfer of rates from Valuer General to Internal Software system Check rate notice calculation and disclosures.
Expenses and other material balances	<ul style="list-style-type: none"> The design and implementation of controls will be assessed as the basis for designing audit procedures that are considered appropriate in the circumstances Agree expenses to procurement policy, source evidence, and review approval process.
Payroll/Provisions	<ul style="list-style-type: none"> Agree pay-run to the following: <ul style="list-style-type: none"> Employee awards Employee contracts Check calculation of super and tax, Check authority to deduct salary sacrifice Check the control procedures in payroll department in line with internal policies. Check provisions Analytical review
Management's monitoring of the control environment	<ul style="list-style-type: none"> Review council minutes of meetings for the following: <ul style="list-style-type: none"> Management process for reviewing internal control procedures including evidence of periodic review of policy manual. Management's implementation and monitoring of new control procedures. Management's implementation and monitoring for amending current control procedures.

	Garrett Douglas	garrettd@lincolns.com.au

The engagement partner is responsible for assuring the overall quality, value and timeliness of our services to you.

Please feel free to contact any member of the engagement team as your needs arise

Timetable

Key dates for the engagement are detailed as follows:

Engagement Timetable	Key Dates
Interim audit procedures	18 May to 20 May 2021
Interim Management Letter	11 June 2021
Receipt of financial statements	30 September 2021
Year end audit	11 October to 15 October 2021
Audit files to OAG	22 October 2021
OAG File Review Complete	5 November 2021
Formal Exit Meeting	19 November 2021
CEO to sign off financial statements and management representation letter	19 November 2021
Issue of audit opinion	26 November 2021

Achieving this sign-off date is dependent on our receiving all required information requested in our year end folder to be delivered to you following completion of the interim audit. If the information and documents detailed in the year end folder cannot be provided in a timely manner, please contact the engagement partner as soon as possible.

Confidentiality and Independence

Confidentiality and independence are fundamental to our work as auditors and we take these issues very seriously.

We will only discuss Shire of Woodanilling affairs with those partners, staff, OAG representatives or client personnel who have a need to know.

We have security procedures over our working papers, both electronic and hard copy.

We require all our professional staff to comply with our independence requirements and our Firm Policies, which governs individual behaviour.

Every partner and every staff member at Lincolns takes personal responsibility for compliance with independence requirements.

The audit engagement partner monitors independence in relation to all clients on a regular basis. This process is supported by:

- accessible independence policies and procedures on our office intranet;
- annual independence declarations by all staff employed by Lincolns;
- our annual independence statement that forms part of the financial statements.

New Accounting Standards, Policy Changes and Disclosures

1. AASB 1059 Service Concession Arrangements: Grantors

This standard will apply for years beginning on or after 1 January 2020 and will apply to local government entities for the 2020-21 reporting year.

AASB 1059 is applicable to public sector entities (grantors) that enter into service concession arrangements with operators (generally from the private sector). It requires grantors to recognise a service concession asset and, where applicable, a service concession liability on the balance sheet. The initial balance sheet accounting, as well as the ongoing income statement impacts, will have implications for grantors.

2. AASB 2018-7 Amendments to Australian Accounting Standards – Materiality

This standard applies for years beginning on or after 1 January 2020. The first applicable reporting period for councils will be 2020-21.

AASB 2018-7 clarifies the definition of what is 'material' to the financial statements, including adding guidance and explanations to accompany the definition.

3. Right of Use Assets

Infrastructure or buildings which were identified as being received as a result of land being vested to Council are required to be separately recognised as right of use assets in future financial statements. This also extends to significant improvements made by council to those assets.
