## Shire Notes

### NEW SHIRE PRESIDENT

The Shire of Woodanilling is pleased to announce Cr Stephen Jefferies as the new Shire President.

Stephen has been a Councillor in Woodanilling for the past 2 years and a previous Deputy President in the Shire of Tammin before returning to Woodanilling. He brings a business focus, through his retail and hospitality roles, and as owner of the Woodanilling Tavern.

Russel Thomson did not nominate for the position having served in the role for the last 26 years, and advised that he was grateful to assist Stephen in the transition as the Deputy President.

The Councillors invited outgoing Councillor Morris Trimming to the swearing in ceremony to thank him for his service on retiring from Council. This leaves one Councillor vacancy left to be filled at an Extraordinary Election on 17 December 2021.

Pictured: Ray Baxter JP & Stephen Jefferies

### AUSTRALIA DAY AWARDS

Nominations for Australia Day awards close Thursday 18 November 2021.

Get your nominations in on time, so that Certificates and medallions can be ordered to arrive in time for the Annual Australia Day breakfast on **Wednesday 26th January 2022.**

Nomination forms are available from the Shire Office, General Store or phone 9823 1506.

### ROLLUP4WA

It is recommended that all Western Australians get the Covid-19 vaccine, if you are aged 12 years and over then you are eligible. Covid-19 is not over and this is a timely reminder to practise COVID safe behaviours while enjoying spring/summer activities.

- Maintain physical distancing wherever possible
- Practise good hand hygiene
- Stay home if you sick and get tested.

## DECLARATION OF RESULTS OF ELECTION

Given that at the close of nominations, the number of candidates is equal to the number of offices to be filled at the election. I hereby declare the following person was elected to the office of Councillor for the District of the Shire of Woodanilling for a four year term expiring in 2025.

- Beverly Jayne Smith

Stephen Gash

CHIEF EXECUTIVE OFFICER

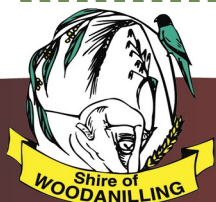

## FIRE BREAK COMPLIANCE 2021

Its that time of year again and with the continual rain events property owners will need to remain diligent during prohibited period to keep their property fire safe. Pursuant to Section 33 of the Bush Fire Act, 1954 you are required to observe all requirements of the Woodanilling Fire Break Notice. If you don't have a copy of this document please call into the Shire office and you will be provided with one.

During the period from 15th November 2021 to 15th April 2022 all property owners within the Shire of Woodanilling are required to follow the directions of the Woodanilling Fire Break Notice relating to your property zoning. If you are not sure about what zone your property comes under please call the Shire office 9823 1506 and the friendly staff will be happy to assist you.

The whole of shire inspection will take place after the 15th November 2021. Bushfire Brigade offices will complete the farming property inspections and the Town site including Whispering Winds will be inspected by The CBFCO, Central Brigade Captain and Shire Staff member. If you are unable to have your property compliance completed by this date you will need to contact the Shire Office and notify the Deputy CEO. You will need to provide a date by which it will be completed.

# WAGIN / WOODANILLING LANDCARE ZONE

## Pigs in Woody

We know that pigs are spreading out throughout the Beaufort River area. Did you know about the Hoggone boxes we have available for you to hire? This method of baiting is less involved than setting up and training for traps, however you do still need to do some luring to get them interested in the bait. We have 2 of these available to hire, and recommend using cameras to determine the numbers you are dealing with to make sure you get your baiting system operating successfully. (If pigs view one of their sounder members getting sick they will not take the bait, so important to get them all at once!)

We are happy to provide you with information and resources to use this method to accompany any other control methods you may be using. Get in touch with Gen at the office.

# WAGIN / WOODANILLING LANDCARE ZONE

## Fauna Surveys and Funding for habitat

It has taken us a while, but we have finally received our fauna survey licence so we will be able to go ahead with a survey program over the next couple of years.

We are keen to hear from you if you have a patch of healthy bush with some understory. We are trying to gain a snapshot of the smaller mammals that live in our area which are nocturnal and very flighty so unlikely to be seen without specialized equipment.

Get in touch with Gen at the office to register your interest. The program will also have funding for fencing and or revegetation so if you have a patch of bush that needs better fencing or would like to improve some existing bush, get in touch with us to organize a site visit.

This project is supported by funding from the Western Australian Government's State NRM Program

natural resource  
management program

# WAGIN / WOODANILLING LANDCARE ZONE

## Snake Retrieval Service

Over the years we have had the occasional call regarding a snake around the house.

Previously we have been limited with those who can assist in these circumstances, but now Gen has completed a venomous snake handling course and has the correct equipment to undertake capture and release activities.

We can remove the snake from your house or yard and will take the snake to a reserve location away from town, depending on the species as to where it is released.

***If you come across a snake and you need help, you can call Gen on 0428 231 506.***

Gen will be local on weekdays, but does live in Narrogin, so if the issue falls on a weekend, it may take longer to get assistance in Woodanilling, in which case, you may have quicker service from Nathan at Swags and Wags in Katanning.... However Nathan is a fee for service with vast experience, whilst WWLZ offers this as a community service.

## From the classroom

Week 3 was a week for all things outside! The year 3/4 camp was quite an adventure! It all started with a blind rope/obstacle course at Camp Quaranup. Where we had to create a train and were led on a walk on the edge of a cliff (later found out that we were not on the edge of a cliff...), over, under and in-between trees, walking through tyres, crawling through tyres and forts, and up and down stairs, all while we couldn't see! The adults were definitely a lot more scared than the children. After our ropes course, we completed some team-building challenges, also while we couldn't see. We had to pass hula hoops from one end of a human train to the other end without letting go of each other's hands, then played rob the nest. Then we were off to learn some archery! We learnt how to load the arrow, hold the bow, aim, and then shoot. We completed some general target shots, played naughts and crosses using the arrows, then had a speed shot round. All children were AMAZING at shooting and hitting the target, unlike Miss Nelson, who missed the target the majority of the time.

We started our second day off by exploring the water around Camp Quaranup. The children were climbing over rocks on the hunt for shells. Day two started with beautiful weather, which we made the most of by walking around Albany's Historic Whaling Station. We learnt how the workers would catch and tow the whales, using 100% of the whale. We had the opportunity to talk to and ask questions of a guide who worked on one of the Cheynes ships and had some valuable insights into his life. The weather began to worsen when we arrived at the National ANZAC Centre. All children were given a card of either a service man or woman and followed their journey of the Great War. We then braved the weather and went to find bunkers, trenches, coastal protection guns, and naval guns. To end the day, we all played some mini-golf and visited Three Anchors for dinner.

Our last day started with rain, so we packed and cleaned our rooms and made some kites inside. We took a photo of ourselves outside our home for the last three days and said goodbye to Albany. As Faith stated, "We are like a little family" it was sad to leave.

On the way back to Woody, we stopped and got some treats at Mount Barker Country Bakehouse, which we ate at our pit stop in Cranbrook, then we were back on our way home to Woody.

Georgia Nelson  
**Classroom Teacher**

# YEAR 3/4 CAMP

## Parents and Citizens Update

The P&C has been extremely busy for the last month with The Mucky Duck and Katanning Show fundraisers. Thank you to the 22 volunteers in total from the P&C, Woodanilling CWA members, School Staff, Family and Friends, Julie-Anne, the School Chaplain and an extra special mention for Mike Farren, Barry Kowald, Tiwai McRoberts, Tracey Kippin, Ron Meier, the Katanning Agriculture Shearing Committee and the extra behind the scenes donators that helped make it them both very successful fundraisers.

The day was wonderful, it was lovely to see new faces and meet so many wonderful people. Bindi and Brooke need an additional mention for their tireless efforts behind the scenes, as well as attending the events on top of their continued donations throughout the year.

The Slushy Machine kindly donated by Tracey was a hit with many and lots of compliments were made about Danielle's Pork Rolls with gravy and apple.

The addition of a Square device so we could accept eftpos payments which was kindly donated by Kara, was without a doubt a wonderful addition that proved to be successful.

My sincerest apologies for setting off the fire extinguisher when we had a small BBQ fire and having to evacuate our volunteers and entire Shearing Shed during the busiest time of the day, no harm was done, thankfully.

Fundraising later this year has been very successful and helped our older students have a camp away last week in Albany, I hope everyone had fun and went home with some great lasting memories. We have also helped provide the necessary funds to pay for the bus for the Swimming Lessons, which start on the 15th of November. The school year is coming to an end soon, but our fundraising efforts to help provide our students with better equipment and wonderful life skills will continue into the new year.

Thank you again to everyone for all the help and donations, we truly have a beautiful community that helps to take care of our wonderful children.

Debra Johnston  
**P&C President**

# Woody Men's Shed.

*The Woody Men's Shed's— November 2021*  
*New members welcome.*

At the Shed's AGM held in early October there was a changing of the guard in relation to those running the Club. The new President is Brian Paddon a relative new arrival to the community. Brian has taken up a full time teaching position in Katanning and along with our new Vice President Steve Fitzpatrick we look forward to their ongoing input. The Secretary/Treasurer remains Rod Marshall.

We have now delivered the new picnic table under the trees near the railway station and the completed Horse drawn wagon is out at the Burt Road side of the building until the Shire finds it a permanent home.

With the ending of the cooler/wet weather (if you can believe it will happen) we hope to get into some projects. Currently we have stripped down an old camper and are turning it into a flat trailer.

Recently we were gifted a John Deere LA105 ride on mower. This machine is in relatively good condition but to enable us to put it back into action we need the transmission case intact or even just the case without the gearing. If you have an old one give Rod a call.

At the recent AGM our past President Keith Schurmann decided not to run for re-election. The members of the Shed wish to pass on their thanks and best wishes to Keith for his service over the past 9/10 years. He has been the back bone of the Shed as well as its front man. We look forward to seeing him around the Shed still and wish him well into the future.

We are open and welcome new members Tuesday and Wednesday mornings from about 8.30am till noon, although finish time is flexible according to the weather and how we are feeling.

You can contact us at the Shed or by phone;

President: Brian Paddon 04073387010

Vice President: Steve Fitzpatrick 0410393296

Secretary: Rod Marshall 0437014941 (leave a message)

### THE BIG STORM

Just six days before our hall's 100th anniversary celebrations, a big storm hit Kenmare and peeled part of the roof from the hall. Several sheets of iron were torn off the roof, rafters were broken and barge boards were flung into nearby bush. The end result was a gaping hole, wet floor and some water damage to the photographic displays. Trees and branches were snapped in the surrounding bush.

The committee had worked so hard over the last few months preparing the hall for the anniversary celebrations, and this was a devastating blow. We are so grateful that Steve Gash contacted the Wagin SES who came out that evening and tarped the hall for us. Steve also organised a team of builders to repair the roof two days before the party. The committee once again went in and had a big clean-up and the hall looked its best for such a special occasion.

A big thank you to Steve Gash, the Wagin SES, Brad Groenewold and his team and our hard working committee for going that extra mile at such short notice.

### AGM

The annual general meeting of the Kenmare Hall Committee was held on the 17th October 2021. Office bearers elected were as follows:

PRESIDENT:	Graydn Wilcox	0428 231 550
VICE PRESIDENT:	Sally Vermeulen	0417 096 389
SECRETARY:	Jodie Baxter	0428 315 269
TREASURER:	Lola Carter	0428 231 531

The hall is available for hire for weddings, parties, anything. Contact any of the office bearers above for more information.

Just a reminder that memberships are due \$ 5.00 per person.

Account details: Kenmare Hall Committee Inc.

BSB: 016-730

Account Number: 9018-03265

# Ride for Research Ride for HOPE

HI THERE!!

Thought I would update you on the magnificent Ride.

110 km Bike Ride was completed on the 15th/16th October 2021.

This year the Maca200 celebrated its 10th Year of riding.

All proceeds of Maca200 goes to THE PERKINS RESEARCH INSTITUTE WA.

Our Team 'WOODY Peckers'. Started off 6-7 years ago in honour of Carol Garstone from Woodanilling. Team Garstone still continues with Ian & Bradley Garstone. And much support from locals & friends.

Although this year we only had 4 team members. We had an outstanding \$13k+ raised within our team.

All up a whopping \$40.000 off an INCREDIBLE \$8 million was raised for The Perkins Research.

Our State of WA , our future generations & loved ones who are fighting right now with Cancer. And many who will be touched in days, weeks, years to come ..

We should all realise that one day we all will be effected some how , someone & no one is immune to this awful disease.

ALL will benefit from THE AMAZING SCIENTIFIC DEVELOPMENTS IN CANCER RESEARCH.

The ride this year was started at Optus Stadium & ending the day In Mandurah. A couple of (100's) Tents were already for the participants & many trucks took our swags etc for the nights stay in Tent City.

Along with all the needs, food, PHYSIO, shower, toilets & coffee!! There was a huge buffet of dinner, drinks & entertainment in the evening. Along with many speeches & awards. It was an inspiring, interesting, enjoyable & heart felt evening.

Many spoke on the night of newly diagnosed family members , young & older, Riders being honoured that passed away when they should've rode their 10th Maca200, not only were these people sharing their own journeys , they were letting us know as a whole, touched by Cancer or not that WE , YOU , US, are NOT ALONE. It was very touching.

When you ride, whether 1st or 7th or 10th time. You are considered MACA Family. It is truly something worthwhile to be a part of & we all look forward to it next year. We have developed friendships & familiarity with many other teams, riders, support crew, sponsors & organisers. Hoping that before 2022 Maca200 we can bring some of the inspirational guest speakers to our local town. Not only to gather more interest in riders. But also because these incredible people are interested in the where, who & why's. Of the participants (family) who ride. Volunteer or Support.

Kind Regards  
Kerry Wilhelm

Louise Higham, ***From Woodanilling to War***, Vivid Publishing, Fremantle, 2021

***From Woodanilling to War*** is a collection of biographies comprising 220 personal stories of service in the First and Second World Wars, accompanied by more than 100 photographs.

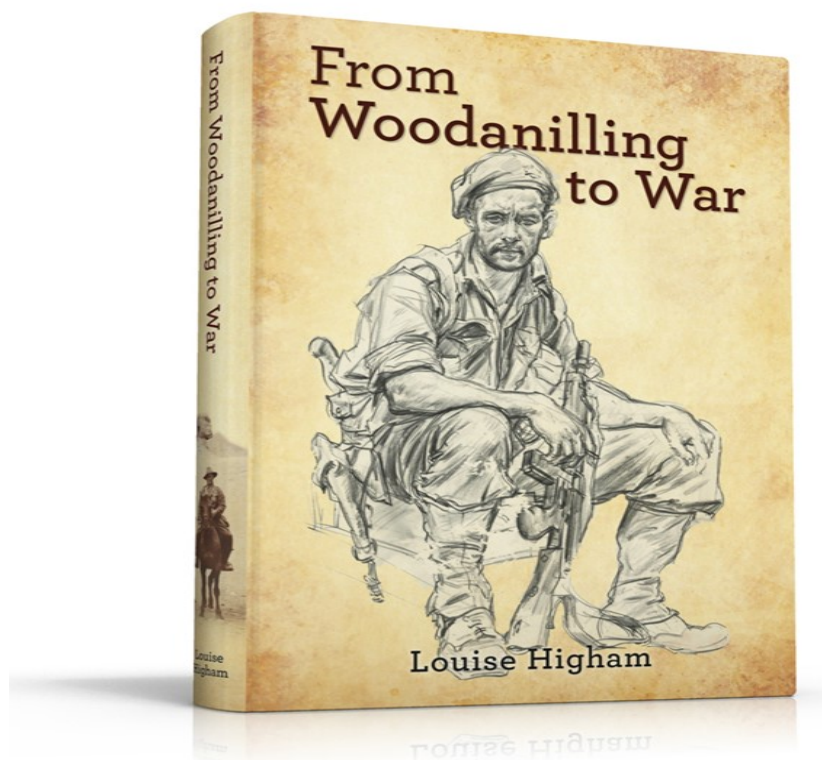

Drawn extensively from the official records of the National Archives and the Australian War Memorial, as well as from a range of state and local publications and from residents of recent times, it details the military service of men and women from Woodanilling.

They were ordinary people who volunteered for service when their nation called. They were wounded in action and suffered debilitating illnesses. Some became prisoners of war. Some never returned and lie buried in foreign soil or lost forever on the battlefields. ***From Woodanilling to War*** records their commitment and sacrifice.

Although its primary focus is on the details of military service, it is also a social history of the shire with the addition of particulars about each one's family and civil occupation.

## BOOK LAUNCH SOON.

Please contact Louise Higham on 0400 857 002 for anymore information.

## Boyerine Siding Story: Part One of Two

About mid 1938 my 22 year old father and my 18 year old mother along with me as a new born baby in a pram moved to the then siding of Boyerine. With little money, a tent and a few basic camp facilities as my father had secured a job with the then -WAGR- rail and bridge maintenance location Boyerine.

A job doing anything anywhere during the Great Depression and the beginning of World War 2 gave little option but to accept without conditions.

My father came first and with no knowledge of Boyerine and what was available shops public housing medical etc. and not knowing anyone he was told do what you can there you're lucky to have a job and the rail ganger will contact you at the siding.

After arriving from Fremantle via Wagin with a free rail WAGA pass, my father set up a tent camp at Boyerine round pool and soon after started his job on the rail and rail bridge maintenance. He was lonely, confused and with no money and little food survived until his first wages came from Wagin or Katanning by the wages clerk on the freight train.

My father came from a failed Peel Estate land settlement property, his father desperately tried to earn a living, he walked off the property and my father stayed on milking other farmer's cows to earn money. On a trip to Fremantle he met my mother who was originally from Albany. They married and I was consummated and born in my grandmother's house delivered by the famous bike riding midwife - Nurse Fulton. After the Boyerine tent camp was completed my mother arrived by train from Fremantle with me in a big white pram carrying all the things she would need to look after me and my father not knowing what to expect and after paying her own rail fare with no one to help.

My mother like many other bush mothers had to quickly adapt to tent life in a semi remote location with no friends or any local knowledge on anything that would make her husband and me as a baby, liveable. Washing nappies in 4 gallon petrol tins, cooking on open fire and food management however they had fresh creek water. My father quickly adjusted to the lifestyle and made a "cool hole" to keep food away from flies and stable in a semi fresh state. He dug a hole and lined it with Mallee branches with a timber top covered with a wet wheat bag however they had a food delivery by freight train from Wagin weekly sometimes it never turned up.

They had no bed at this early stage and slept on the tent floor they saved and purchased a bed from Wagin. My father could not read or write however he excelled in many hand skills that made him the rail bridge maintenance leading hand with no pay increase.

My parents were the only rail workers living a tent life at Boyerine/Round Pool. Others were local young men from farms or came by vehicle. Farm life at that time offered little return and many farmers and their sons worked on the rail.

My mother gained information that the little town of Woodanilling was just down the road and she could shop there, she packed me up in the big white pram and set off to walk to Woody little knowing it was about ten km's one way travel on wet wintery roads. This was to be her weekly shopping job and to find someone to check my health as the hospital

had closed, she shopped at Richardson's Store for most of the non-food items. Food and baby items came from the general store next to the closed hospital and rail from Wagin. She also found a nurse/hospital aid who lived in Woody and who offered her advice about my health and wellbeing.

After a couple of trips to Woody an old lady waited by a farm gate on a property on her way home along Burt Road and asked where she was from and what was she doing walking to Woody with a baby in a pram? Her name was Mrs Martin and she offered my mother to move in to her old farmhouse with my father as she thought a tent life for a young girl with a baby was not safe in all manner of ways especially all day in a tent by herself.

## My story about Boyerine by Ronald David Ingram

Mrs Martin had two young sons Harry and Jack both about my father's age there was never mention of a Mr Martin. Later in life I was told Mrs Martin had two more sons left behind in the UK who were eventually sponsored by my parents to come to Australia, this was long after Mrs Martin passed away.

I am told the farm was mixed with a cow and some pigs I believe my mother and I moved into the old house and my father repositioned the tent near the house where he lived and went to work for the next three years. Their meeting with Mrs Martin was the turning point in my mother's life, Mrs Martin became my mother's mentor in all manners of ways and the footprint of rural life for me.

My father continued to work with WAGR and helped on the farm with Harry and Jack Martin. They all gathered Mallee bark, trapped rabbits and shot kangaroos and sold all the skins to Richardson's Store. My mother and Mrs Martin grew very close like mother daughter. The group of men and my mother became a contract working team doing day labour hire, their speciality was sewing up wheat bags ready to go to Fremantle by rail. Mrs Martin looked after me and kept the food up to the work gang. Another name that gets mention is Milo Kealey? However at times a young girl named Lyndall worked part time and was Jack's friend and were going to get married. I am not sure where she came from, Woody or Katanning her surname is unknown and was never mentioned.

Sadly life was about to change, World War 2 had started and young farm men and boys were asked to enlist to fight and defend their country. Jack Martin enlisted and was sent to New Guinea as a young man. Sadly he never came back and lost his life fighting for his country. Lyndall never forgot him and was part of the family there after. Jack is remembered on the Woodanilling War Memorial. He gave his life for Australia, his farming life and Boyerine never to see his loving Lyndall again. And now is in a lonely war grave in New Guinea that no one has ever visited and sadly forgotten.

By now my parents had purchased an old house in Fremantle and my eldest sister was born and all of our lives changed at Boyerine. I am told Mrs Martin became ill with the shock of the loss of her son Jack, Lyndall became her career as Harry had also enlisted in the army. My mother for a time used to travel by train to Boyerine to visit Mrs Martin with my new sister and myself. The farm was left unattended to Harry, Mrs Martin finish her life in Katanning with care from- Lyndall. Mrs Martin is buried in the Katanning cemetery. I am hoping that someone who reads this may be able to answer my queries.

My question are:-

- Where was Mrs Martin's property location at Boyerine?
- Is there any local history of the Martin family?
- Who remembers Jack Martin on Anzac Day or any other day, he was one of a few who lost their lives for Boyerine/Woodanilling?
- History about rail gangs Boyerine?
- History Lyndall Jacks girlfriend?
- History Milo Keeley?
- Land ownership and rates payable Woodanilling around 1936 onwards?

I sincerely hope my family and the Martin family history has a place in local pioneer history.

Part two at a later date

Please contact the Shire Office on 9823 1506 if you would like to get into contact with Ronal.

## TUESDAYS

### LOOKING FOR WORK

Recent Ag student graduate looking for any work on a header or chaser bin. I have experience working on my own home farm and driven chaser bins in previous harvests.

I have my own vehicle and license.
