## **ORDINARY MEETING OF COUNCIL MINUTES**

#### 1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

Meeting opened 4.38pm

#### **1.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY**

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

#### DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long standing personal friendship with the proponent). As a consequence there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

Cr Dale Douglas declared an interest affecting impartiality to item 15.2 WWLZ Information Report – Rushy Swamp Bird Hide.

Zoning Use Code:	Rural/Residential
Heritage Listed:	N/A
Setback variation required:	N/A
Policy Applicable:	Y – Policy 97 – Temporary Accommodation
Attachments:	Site Plan, Locality Plan and Applicants Correspondence.
Officer:	Jennifer Dowling – Town Planner

#### **BRIEF SUMMARY**

This application is for approval to occupy the approved outbuilding as temporary occupation during the construction of the dwelling at the site. Council has the ability to approve this temporary use with conditions under Town Planning Scheme No. 1 and the Caravan and Camping Grounds Act 1995 and Regulations 1997.

It is this Officer's recommendation to approve this application with conditions.

#### **BACKGROUND/COMMENT**

The lot is currently vacant with only the slabs poured for the proposed dwelling and outbuilding. The applicant has sought and had approved a building licence for both the shed and the dwelling. The applicants have shown commitment to the project in that they have commissioned and supplied all appropriate consultant reports regarding Bushfire Assessment Levels and Energy Efficiency.

Mr Groenewold has extensive experience within the building industry in Western Australia. The landowners currently reside at a rental property in Woodanilling however this is to become unavailable shortly into the New Year. Due to a suitable rental shortage, the landowners have been unable to secure a property to rent until the construction of their home is complete. They do not wish to relocate from Woodanilling whilst their home is completed, preferring to remain residing in the town.

It is now proposed that once the shed is constructed and the effluent disposal system is installed, that the landowners will reside at the site to hasten the construction and also to prevent theft of building materials and equipment.

#### STATUTORY/LEGAL IMPLICATIONS

#### Planning and Development Act 2005 - Town Planning Scheme No.1.

The land is zoned Local Rural with the purpose of the land being for rural residential purposes. The Scheme does not specifically define 'Temporary Accommodation' and therefore Council must establish if the use is consistent with the zone. In this instance where all approvals for the construction of both a dwelling and a shed have been issued, it is considered that the use is consistent with the zone and can be granted temporary planning approval subject to conditions under 10.6 of the Scheme.

#### Caravan Parks and Camping Grounds Act 1995 – Caravan Parks and Camping Regulations 1997.

Part 2 of the Regulations relates to the general requirements for caravanning and camping. Under these regulations camping at a site other than at a caravan or camping ground is restricted to a maximum 3 nights in any period of 28 consecutive days. To address situations which require an additional period of time, there is provisions for the Local Government to approve an additional time period. Regulation 11 2 states;

- (2) Written approval may be given for a person to camp on land referred to in sub regulation (1)(a) for a period specified in the approval which is longer than 3 nights
  - (a) by the local government of the district where the land is situated, if such approval will not result in the land being camped on for longer than 3 months in any period of 12 months; or
  - (b) by the Minister, if such approval will result in the land being camped on for longer than 3 months in any period of 12 months; or
  - (c) despite paragraph (b), by the local government of the district where the land is situated
    - (i) if such approval will not result in the land being camped on for longer than 12 consecutive months; and
    - (ii) if the person owns or has a legal right to occupy the land and is to camp in a caravan on the land while a permit has effect in relation to the land.

#### POLICY IMPLICATIONS

Shire of Woodanilling Policy Manual – Adopted 2018.

Council's Policy No 97 – Temporary Accommodation, guides Council in respect to determining approval for Temporary Accommodation during the construction of a residential dwelling. The current Council policy relates to Local Rural and Regional Rural zoned land. Council is not bound by this policy and therefore can make determinations on a case by case basis.

#### FINANCIAL IMPLICATIONS

There is no fee applicable to this proposal however all required building and planning fees have been paid in relation to the licences and approvals for the dwelling and outbuilding.

#### STRATEGIC IMPLICATIONS

There are no legal strategic policies at this stage as there is not a valid Local Planning Strategy however, a perceived strategic implication could be considered population growth within Woodanilling and the encouragement of new permanent residents to district.

#### **CONSULTATION/COMMUNICATION**

There is no consultation requirement under the TPS No. 1. The Caravan and Camping Regulations 1997 do not require Public Consultation.

#### **RISK MANAGEMENT**

PURPOSE:		
Description of Proposed Use:	Additional Oversize Outbuilding prior to a dwelling	
Nature of any existing buildings and or/use:	Vacant Land	
Zoning:	Local Rural	
Zoning Use Code:	Local Rural/Rural residential

Policy Applicable:	Y	
Attachments:	Location Plan, Site Plan, Elevations, Minuted Item (09/02/2010), LPS Policy No. 2 – Sheds/Outbuildings, Covering Letter.	

#### BACKGROUND:

An application has been received by Council for an additional oversized outbuilding to be constructed on a Local Rural zoned lot prior to the approval for a single dwelling at the site. The site is generally cleared and is 3.8484 acres in area. The proposal meets the setback requirements for a Local Rural zone.

An oversized outbuilding and water tank was approved at the OCM 9<sup>th</sup> February 2010 (item attached) on the then vacant lot subject to conditions. These conditions were as follows;

- 1. This approval shall expire if the development hereby permitted is not completed within two years of the date hereof, or within any extension of that time which, upon written application (made before or within 21 days after the expiry of the approval) to the Council, is granted by it in writing.
- 2. The development hereby approved shall occur generally in accordance with the plans and specifications submitted with the application and these shall not be altered or modified without the prior written approval of the Council.
- 3. Any use, additions to and further intensification of any part of the building or land (not the subject of this consent) shall be subject to a further development application and consent for that use.
- 4. An application for a Building Licence being submitted and approved by the Shire prior to any construction works being commenced.
- 5. The building hereby permitted shall only be used for purposes incidental to the residential or rural use of the property and shall not be used for any commercial or industrial purpose and shall not be used for human habitation
- 6. Non-reflective natural colours which blend with the landscape to the satisfaction of the Building Surveyor being used on the external walls of all buildings except for rainwater tanks. Please note that unpainted zincalume cladding does not apply.

That outbuilding was constructed and the water tank installed in the subsequent months after Planning and Building approval.

The application as presented before council now does not meet all the policy requirements for this zone and therefore requires specific consideration by Council. There are several options regarding the determination of this application and these are detailed below.

#### COMMENT:

The proposed additional outbuilding is to have an area of 234m<sup>2</sup> consisting of a lock up area 180m<sup>2</sup> (18x 10) and a lean to area of 54m<sup>2</sup> (9x6). It is not unusual in regional areas and indeed larger Peri Urban properties adjacent to metropolitan areas to establish lockup outbuildings with the provision for carports and for the storage of maintenance equipment.

Generally, the form of maintenance equipment that is used on this type of property is that of a small tractor, slasher and firefighting equipment. Currently there are several large pieces of earthmoving equipment located at the site.

A letter has been supplied in support of the application and this is attached. The applicant ascertains that the additional shed is required for water catchment and to store materials and machinery for the construction of the new house however an application for a dwelling has yet to be received.

In the absence of a valid house approval, Council must consider any possible land use implications that the additional large outbuilding may have for the site. In particular, it must be established if approval would set an undesirable precedent for the development of other local rural zoned lots in the area. It must also be considered whether or not approval can be considered as in the interest of orderly and proper planning.

Council may choose one of three options regarding this proposal. Those being;

- a. Approve the application for an additional oversize outbuilding at the site with conditions;
- b. Refuse the application on the basis of the deviation to the policy and the perceived precedent approval may set; or
- c. Defer the further assessment of the application until such time as approval has been sought and approved for a single dwelling at the site.

#### STATUTORY/LEGAL IMPLICATIONS

#### Planning and Development Act 2005 - Town Planning Scheme No.1.

The land is zoned Local Rural with the purpose of the land being for rural residential purposes. Any other land use should be ancillary to this purpose.

#### POLICY IMPLICATIONS

#### Local Planning Policy 2. –Sheds/Outbuildings.

This policy requires that any outbuildings are not to exceed a cumulative area of 72m<sup>2</sup> in area and are to have a maximum height of 4.2m. The policy also stipulates that an outbuilding is not to be constructed on a vacant Local Rural zoned lot without the prior approval for a dwelling. This policy was first adopted in 2005 with subsequent amendments in July 2008, October 2011, December 2011 and finally in September 2017.

The proposal before Council does not meet the requirements of the TPS Policy 2 - Sheds/Outbuildings in that the cumulative area of the outbuildings is far in excess of the 72m<sup>2</sup> the policy stipulates (378m<sup>2</sup>) and that there is no approval for a dwelling being sought at this time.

#### FINANCIAL IMPLICATIONS

The required fee of \$147.00 is yet to be paid.

#### STRATEGIC IMPLICATIONS

There are no legal strategic policies at this stage as there is not a valid Local Planning Strategy however, a perceived strategic implication could be considered population growth within Woodanilling and the encouragement of new permanent residents to district.

#### CONSULTATION/COMMUNICATION

There are no consultation requirements under the TPS No. 1.

Explanation for another shed on our lifestyle block at Woodanilling.

- 1. Having just retired and relocated to Woodanilling, I would like to build a new shed.
- The existing shed on the block is going to be used for storage of caravan and other small items and part of the shed is proposed to be an art studio. My wife is an artist and has longed for a dedicated studio.
- 3. The existing shed and proposed new shed are instrumental as water catchment. We are in the process of getting a house designed for this block and need all the water catchment available.
- 4. Proposed new shed this shed will be for machinery storage and have a secure lock up section. This will store building materials and sundries required to build our house. After that it use, it will house my hobbies.

### Local Planning Policy No 2 Sheds / Outbuildings

#### **Policy Area**

This Policy applies to the whole Shire.

#### **Objective**

In order to clarify the interpretation and application of Scheme provisions in relation to the development of sheds (outbuildings) and to maintain the character of the Shire and to ensure an adequate standard of residential accommodation.

#### Background

Town Planning Scheme No 1 does not specifically define or list outbuildings as a separate use of land.

Within 'residential' areas outbuildings when developed in conjunction with a house are governed by the provisions of the Residential Design Codes (2015) and are defined as an enclosed non-habitable structure that is detached from any dwelling.

Carports and garages which abut or are attached to a dwelling are not included in this Policy.

Clause 8.2 (b)(iv) of the Scheme nominates the acceptable standards for outbuildings are a maximum area of 72  $m^2$  with a maximum height of 4.2m.

Clause 5.4.3 of the R Codes requires that outbuildings do not detract from the streetscape or the visual amenity of residents or neighbouring properties.

Within 'rural' areas outbuildings are normally considered as being ancillary to the main use of the property. Such uses defined within the Scheme include,

Use Class	Regional Rural	Local Rural
Agriculture - extensive	P	Р
Agriculture - intensive	D	D
Industry - rural	D	A
Rural home business	D	A
Rural pursuit	Р	D

Setback from lot boundaries *		
All boundaries	20m	
Front and rear		10m
Side		5m

Clause 5.5 of the Scheme allows Council to consider variations to the setbacks from boundaries.

#### **Policy Statement**

- 1. Outbuildings will not require Planning Approval from Council in the Residential and Local Rural Zones provided that:
  - A dwelling already exists on the lot subject to the application;
  - The aggregate of all outbuildings does not exceed 72 m2 in size;
  - The outbuilding does not exceed 4.2m in height;
  - All buildings Are setback from lot boundaries in accordance with the R Codes and BCA requirements; and
  - The outbuilding in the Residential Zone is placed behind the main residential building line. The building line means the setback of the existing dwelling even where this is greater than prescribed in the Scheme.

- Outbuildings in the Regional Rural Zone do not require a Planning Approval provided that they are to be setback more than 20m from any lot boundaries; unless a reduced setback is approved by Council. This includes farm buildings and sheds provided that they are not being used for commercial or industrial uses as defined or classified by the Scheme;
- 3. Outbuildings in the Commercial and Industrial Zones require a Planning Approval;
- 4. Outbuildings will not be approved on vacant land within the Residential Zone.
- 5. Outbuildings are not to be used for human habitation at any time.
- 6. Council in considering any application for an outbuilding will have specific regard to the proposed use and location of the outbuilding and how this might impact on the surrounding properties. It may require any such applications to be advertised and may (if it approves any such application) impose conditions relating to:-
  - The provision of landscaping;
  - In the Residential and Local Rural Zones the use of non-reflective natural colours which blend with the natural landscape;
  - The site being so ordered and maintained as not to prejudicially affect the amenity of the locality by reason of appearance
  - Ensuring that the outbuilding shall only be used for purposes incidental to the residential or rural use of the property.

#### Adoption

Adopted by Council at its meeting of 20 December 2005 Amended by Council at its meeting of 15 July 2008 Amended by Council at its meeting of 18 October2011 Amended by Council at its meeting of 20 December 2011 Amended by Council at its meeting of 19 September 2017

Officer:	Jennifer Dowling – Town Planner

#### **BRIEF SUMMARY**

This application is for approval to issue a licence for the continuing use of the land occupy conditions under Town Planning Scheme No. 1 and the Caravan and Camping Grounds Act 1995 and Regulations 1997.

It is this Officer's recommendation to approve a Licence with conditions.

#### **BACKGROUND/COMMENT**

The site has been operating as a caravan park for a number of years. Council's file records indicate approvals and correspondence dating back to 1996 however, for the purpose of this report, the acceptance of this land use will be assessed on the inclusion of the use into the Town Planning Scheme - Schedule 2 as an 'Addition Use 1' that was gazetted on the 8<sup>th</sup> July 2005. That inclusion was as;

No.	Description of Land	Additional Use	Conditions
1.	Lots 55 and 56 Robinson Road, Woodanilling	Service Station Restaurant Shop	The development of any of the uses listed requires the prior approval of Council and will be subject to such conditions as Council stipulates. The development of a shop shall be ancillary to the <u>existing use of the site as a</u> <u>caravan park</u> or as a Service Station, unless Council is satisfied that it is for tourist purpose, i.e. a gallery.

Over the years, the park has operated under a number of operators to varying degrees of success however due to a number of reasons the standard of the park has declined in several areas for the past few years prompting concerns by officers and local residents.

Several inspections to ascertain compliance with the Caravan and Camping Regulations have been undertaken by Council's consultant Environmental Health Officer, Deputy Chief Executive Officer and more recently Council's Town Planner.

As a result of these inspections a number of issues of non-compliance were identified resulting in the issue of a Prohibition Notice (*Notice*) on the 22<sup>nd</sup> of October 2020(attached). As a result of the *Notice*, a Works Specification Notice (attached) was issued and Council Officers have been working with the applicant to rectify the issues to enable the lifting of the *Notice*.

The park operators have co-operated with Council Officers and all onsite vans have been removed from the park area and are in the process of being sold. The operators have conceded that the availability of the previous onsite vans have on occasion, attracted an undesirable element to the park. It was decided that the removal of that style of accommodation was in the favour of the ongoing management and reputation of the park. Initially all vans were moved and stored at the rear of the site and several have now been removed off site altogether. It is now the operator's preference to have 'grey nomads' as the preferred patrons.

The operator has had the whole of site surveyed by a Licenced Surveyor including a drone survey to pick up the current state of the site. This survey included the location of lighting, effluent disposal, all buildings and the installed play areas, camper's kitchen and cabins (plan attached). Electrical compliance has been issued and all the required plumbing works, including installation of a slop hopper, Chemical waste dump point and the connection of the one long term site connected to wastewater disposal has been completed.

The park operator has complied with all required conditions and whilst monitoring by Council will be required on a regular basis, it is considered that the commitment to the upgrade and compliance at the park recently displays a readiness to meet licence conditions and that a conditional licence can now be issued.

#### STATUTORY/LEGAL IMPLICATIONS

#### Planning and Development Act 2005 - Town Planning Scheme No.1.

The land is zoned Local Rural with an 'Addition Use' noted in Schedule 2 within TPS No.1. This permits at Council's discretion the addition development of a service station, shop and restaurant.

#### Caravan Parks and Camping Grounds Act 1995 – Caravan Parks and Camping Regulations 1997.

The Regulations define the minimum standards for a caravan park and Schedule 7 specifically notes all requirements. Schedule 7 has been used to guide compliance for the park. (attached)

#### Schedule 7 — Caravan parks and camping grounds

[Regs. 17, 23, 34(3)(a), 39(2)(a) and 40(2)(a).]

#### **Division 1** — General provisions

#### 1. Only one caravan on caravan site

There may be only one caravan used for habitation on a caravan site at any one time, unless otherwise specified in this Schedule.

#### 2. Caravans to be freely movable from sites

A facility is to be set out so that a caravan situated on any site is able to be moved, either under its own power or by being towed, as soon as any services attached to it are disconnected without the caravan or any vehicle towing the caravan, entering or causing disruption to any other site on the facility.

#### 3. Tent may be on caravan site

- (1) A tent may be on a caravan site.
- (2) A tent may be on a caravan site where there is a caravan only if the caravan is occupied by a person or people who are associated with the person or people occupying the tent.

#### 4. Limit to number of people on site

- No more than 10 people, or such lesser number as is approved, are to camp at a site at any one time, other than as described in subclause (2).
- (2) More than 10 people may camp on a site in a camping ground at the one time if the licence holder of the facility agrees that the tents of a group of people who are associated may be pitched together on the site.

[Clause 4 amended: Gazette 25 Aug 2000 p. 4917.]

#### 5A. Length of stay at nature based parks

(1) A person cannot be an occupier at a nature based park for more than 28 nights in total in a 3 month period starting on the first day that the person occupies a site at the facility.

page 62

Version 02-g0-00 As at 07 Nov 2020 Published on www.legislation.wa.gov.au

- (2) Subclause (1) does not apply to the manager of the facility.
- (3) Subclause (1) applies only to stays that commence on or after 1 January 2015.

[Clause 5A inserted: Gazette 12 Dec 2014 p. 4727.]

#### 5. On-site caravans

An on-site caravan is to have —

- [(a) deleted]
- (b) a refrigerator; and
- (c) a stove.

[Clause 5 amended: Gazette 25 Aug 2000 p. 4917.]

## 6. Part D3 of Building Code "Access for People with Disabilities" to be complied with

- (1) A caravan park is to comply with Part D3 of the Building Code in as far as the provisions of that Part can be applied to a caravan park.
- (2) For the purpose of applying Part D3 of the Building Code to a caravan park
  - (a) a reference to a building of "Class 3" is to be taken to be a reference to a caravan park; and
  - (b) a reference in that Part to a "*sole-occupancy unit*" is to be taken to be a reference to a park home at the caravan park owned, or under the control of, the licence holder of the park.

#### Division 2 — Distances between caravans, camps, buildings, etc.

## 7. Local government or licence holder may increase minimum distances in particular cases

(1) The distances specified in this Division are minimum distances only and, if, in a particular case, the licence holder of a facility or the local government directs in writing that a distance is to be increased, then the distance is to be increased as directed.

As at 07 Nov 2020

Version 02-g0-00 Published on www.legislation.wa.gov.au page 63

(2) A local government may only direct that a distance be increased under subclause (1) in a respect of a facility which has fire extinguishers.

#### 8. Position of caravans, annexes and camps

- (1) There is to be at least 3 m between a caravan, annexe or camp on a site in a facility and
  - (a) a caravan, annexe or camp on any other site; or
  - (b) any building on the facility that is not on a site.
- (2) There is to be at least 3 m between any camp described in clause 4(2) and the camp of any person who is not a member of the group.
- (3) There is to be at least 1 m, or such shorter distance as is approved under subclause (3a), between any caravan, camp, annexe or other structure or building and any facility road.
- (3a) A shorter distance may only be approved under subclause (3) if the distance was shorter than 1 m
  - (a) on 1 July 1997; and
  - (b) at the commencement of the *Caravan Parks and Camping Grounds Amendment Regulations 2000.*
- (4) There is to be at least 6 m between a caravan, camp, annexe or other structure or building on a facility and any land reserved or set aside by the Government of the State for a road unless
  - (a) a shorter distance is approved; or
  - (b) in the case of a camp, the local government is satisfied that it is safe to pitch the camp closer to such land, but a camp is not to be pitched closer than 2.5 m from such land.
- (5) There is to be at least 1 m between the boundary of a facility and a caravan, camp, annexe or other structure or building on the facility.

[Clause 8 amended: Gazette 25 Aug 2000 p. 4917.]

#### 9. Position of carports, en suites and other buildings

- (1) There is to be at least 1 m between an open sided building attached to a caravan and
  - (a) any other caravan, annexe or camp; or

page 64

Version 02-g0-00 As Published on www.legislation.wa.gov.au

As at 07 Nov 2020

- (b) any other open sided building attached to a caravan on another site.
- (2) There is to be at least 2 m between a building, other than an open sided building, attached to a caravan and
  - (a) any other caravan, annexe or camp; or
  - (b) any other building on another site.
- (3) There is to be at least 1 m between an open sided double carport and a caravan, annexe, camp or other structure or building on another site.
- (4) There is to be at least 2 m between a free standing storage shed on a site and a caravan, annexe or other building or structure on another site.
- (5) An open sided double carport is not to be attached to a caravan if it is to be used by the occupants of a caravan on another site.
- (6) There is no minimum distance between a caravan, annexe, camp or any other building or structure and an en suite on the same site.
- (7) In this clause —

*open sided double carport* means a double carport that is an open sided building.

[Clause 9 amended: Gazette 25 Aug 2000 p. 4918.]

# Transit camps showers, toilets and hand basins

[Clause 21 amended: Gazette 25 Aug 2000 p. 4920.]

## 22. Calculation of sites for cl. 20 and 21

In calculating the number of sites a facility has for the purposes of clauses 20 and 21 —

- (a) a site with an en suite is not included; and
- (b) a site used by a caravan with ablution, toilet and laundry facilities is not included; and

page 72

Version 02-g0-00 A Published on www.legislation.wa.gov.au

As at 07 Nov 2020

(c) 2 camp sites are equal to one site.

#### 23. Number of toilets, showers, hand basins at nature based parks

(1) A nature based park is to have at least 2 toilets for every 20 sites, unless otherwise approved.

Note for this subclause:

Clause 47 applies if a local government gives approval for a nature based park to have fewer than 2 toilets for every 20 sites.

- (2) A nature based park is to have at least as many showers and hand basins as is approved.
- (3) Subclause (1) does not apply to a nature based park the licence for which was granted before 1 January 2015 until the licence is transferred or a new licence is granted in relation to that facility.

[Clause 23 inserted: Gazette 12 Dec 2014 p. 4729.]

## 24. Showers

Each shower is to be enclosed in a cubicle which has —

- (a) an area for dressing; and
- (b) a lockable door which either opens outwards or can readily be removed from the outside; and
- (c) a permanently affixed seat, clothes hook and soap holder; and
- (d) hot water (not less than 45°C), unless otherwise approved for a nature based park; and
- (ea) cold running water; and
- (e) ventilation as is approved.

[Clause 24 amended: Gazette 12 Dec 2014 p. 4730.]

#### 25. Babies bath

from a sullage waste water dump point which is in accordance with the requirements of AS/NZS 3500.2.2, or the facility is to utilize other approved means of dealing with sullage.

(2) A long stay site with a caravan which has ablution, toilet or laundry facilities is to have a sewage connection point which is in accordance with the requirements of AS/NZS 3500.2.2.

[Clause 46 amended: Gazette 12 Dec 2014 p. 4732.]

## 47. Communal chemical soil waste dump point

- (1) Subclause (2) applies to all facilities except
  - (a) park home parks; and
  - (b) transit parks; and
  - (c) nature based parks that have at least 2 toilets for every 20 sites.
- (2) There is to be a communal chemical soil waste dump point that is
  - (a) in accordance with the requirements of AS/NZS 3500.2.2; and
  - (b) connected to an approved waste water disposal system; and
  - (c) readily accessible to all occupiers at the facility.
- (3) Subclause (2) does not apply to a nature based park the licence for which was granted before 1 January 2015 until the licence is transferred or a new licence is granted in relation to that facility.

[Clause 47 inserted: Gazette 12 Dec 2014 p. 4732.]

## **Division 14 — Miscellaneous**

#### 48. Cyclone activity

(1) If a facility is in an area in a cyclonic region each caravan, annexe or other building or structure on a site is to be made safe, and in particular is to be tied down using anchor points, as approved, capable of securing the caravan, annexe or other building or structure in winds at design wind speed for that area, during any cyclonic activity or while there is warning of possible impending cyclonic activity.

As at 07 Nov 2020

Version 02-g0-00 Published on www.legislation.wa.gov.au

(2) The requirement in subclause (1) for the use of anchor points applies to a nature based park unless otherwise approved but the local government is not to give its approval unless it is satisfied, having regard to the facility's risk management strategy, that anchor points are not necessary.

[Clause 48 amended: Gazette 25 Aug 2000 p. 4919; 12 Dec 2014 p. 4732.]

## 49. Rubbish

- There is to be at least one rubbish bin with a capacity of not less than 80 L within 90 m of each site, other than sites at nature based parks or transit parks.
- (2) Rubbish bins at nature based parks and transit parks are to be provided as is approved.
- (3) Rubbish bins at facilities are to be water and vermin proof.
- (4) Rubbish bins are to be emptied, and the rubbish removed from the facility, as is necessary but at least once a week.
- (5) Rubbish bins at facilities are to be in a clean and hygienic condition. [Clause 49 amended: Gazette 25 Aug 2000 p. 4920.]

#### 50. Telephones

- (1) There is to be at least one telephone available at all times for the use of occupiers at a facility, unless otherwise approved.
- (2) Each long stay site and each site with a park home is to have all connections necessary to install a telephone on the site, unless otherwise approved.

#### 51. **Postal service**

If mail is delivered to a facility by Australia Post —

- (a) the occupiers of each long stay site are to have a lockable mail box; and
- (b) there is to be a suitable central area which is open at least 2 hours a day from Monday to Friday from which mail can be collected.

## **RECTIFICATION WORKS REQUIRED AT AVALON CARAVAN PARK**

The following works at the Avalon Caravan Park are required to be addressed and completed by the **30<sup>th</sup> June 2021**, to bring the Park into compliance with the Caravan Park and Camping Act and Regulations.

- 1. The wheels, axles and towing hitches on all in-use onsite caravans must be serviced to ensure compliance.
- 2. Any cladding applied to the exterior of any onsite van must not inhibit the van's ability to be moved in accordance with Reg. 15(1).
- 3. The neglected vans (and any associated annexes) on Bays 2 & 3 (the overnighters) and Bays 6, 7 and 9 are to be removed from the bays and stored neatly in another location away from the park area (e.g. behind the large shed) where they should be fully repaired and refurbished before being returned to their permanent positions within the park.
- 4. Each refurbished van can be returned to their position within the park as they are completed, subject to prior inspection and approval for use as onsite vans being granted by the Shire.
- 5. The refurbishments of the vans mentioned in (3) above should be completed before **30**<sup>th</sup> **June 2021**.
- 6. Any remaining unfinished vans should be removed by **30<sup>th</sup> June 2021** unless permission has been sought from the Shire CEO and approval given prior to that date to allow them to remain until refurbished and repositioned.
- 7. Shire approval should be sought for the construction of an annexe on any of the onsite vans.
- 8. Internal roads should be inspected and repaired as required to ensure condition is maintained.
- 9. Visitor's carpark and resident carparking should be clearly defined and signed. A minimum of 4 visitors' bays are required.

- 10. A recreation area is to be defined and established within the park confines in accordance with the regulations.
- 11. A mixing tap is to be installed for bath filling to ensure water temperature is no greater than 38degC for the baby bath.
- 12. Plugs are to be provided to each hand basin.
- 13. A sanitary napkin disposal unit must be provided in one female toilet.
- 14. Ablution and toilet lights are to be on at all times during the night at a minimum or on sensors which activate before/as campers enter the facility.
- 15. Ensure paths of travel are lit at night to enable safe travel between accommodations and the ablutions.
- 16. Hose reel and extinguishers serviced Nov 2020. C/Park owner to provide certification from the servicing agent for the last servicing event and a copy of an agreement with the agent for ongoing servicing per the Australian Standards.
- 17. Electrical certification is to be provided for all electrical installations on the site. Certification should include the electrical installations of all onsite vans and chalets.
- 18. Electrical certification is to be provided for refurbished vans before they are positioned back into the park.
- 19. Yardman's van to be sited on a serviced bay an electricity meter should be installed to record electricity used.
- 20. A scaled plumbing diagram is to be provided showing taps, sullage points, drainage and septic systems in relation to all bays and camping areas. Plan should show distances of each fixture to the closest bays.
- 21. No sewage connections have been provided no vans can use internal toilets, showers or washing machines without approved connections to the approved wastewater disposal system.
- 22. Install a communal chemical soil waste dump point that is -
  - in accordance with the requirements of AS/NZS 3500.2.2; and
  - connected to an approved waste water disposal system; and
  - readily accessible to all occupiers at the facility.
- 23. No sewage connections have been provided to bays no vans can use internal toilets, showers or washing machines without approved connections to the approved wastewater system.
- 24. The onsite van on Bay 8 is in average condition and requires minor repairs to the canvas/plastic side walls of the pop-up. It also requires a full clean before hiring.
- 25. The chalets require airing and cleaning before use.
- 26. The park bays and accommodation require more substantial signage to indicate their numbering. The numbers should be painted onto the kerb adjacent to each bay.

- 27. The vans belonging to a family member at the rear of the site should be repaired or removed. If it is the intention of the owner to store them, they should be stored neatly in a location which is away from the park area (e.g. to the south of the large shed) and repaired such that they are weatherproof.
- 28. Aside from the vans mentioned in 27 (and excluding the onsite vans being repaired), no caravans belonging to any third party can be stored on the site.
- 29. The caravan park is licensed as a short-term facility. Formal permission is to be sought from the Shire for any long-term accommodation on the site (i.e. greater than 3 month stays).
- 30. The accumulations of rubbish and disused material around the site should be removed.
- 31. Each site intended to be used for onsite vans must have an approved connection for the disposal of wastewater (or sewage, if the van is fitted with a working toilet). Sites currently shown as 1, 2, 3 and 11 have access to gully traps for the disposal of greywater. Connections of onsite vans on any other bay (e.g. on sites 4 and 5) should be installed under the supervision of a licensed plumber and an as-constructed plan produced by the plumber must be provided once the installations have occurred.

At the completion of the required works and after formal notification from yourselves, a further inspection will be undertaken to confirm compliance with this Works Specification Notice.

Yours sincerely,

## MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 30 NOVEMBER 2021

## **BASIS OF PREPARATION**

#### **BASIS OF PREPARATION**

#### **REPORT PURPOSE**

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, *Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

#### **BASIS OF ACCOUNTING**

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

## PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 15 December 2021

## SIGNIFICANT ACCOUNTING POLICES

#### **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

#### **GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

#### CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

#### **KEY INFORMATION**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

#### **KEY INFORMATION**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

#### **KEY INFORMATION**

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

### SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

#### A breakdown of contract liabilities and associated movements is provided on the following pages at Note 11 and 12

#### **KEY INFORMATION**

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **Employee benefits**

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

#### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### **Contract liabilities**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

#### **16. CLOSURE OF MEETING**

Meeting closed 6.05pm

# LOCAL EMERGENCY MANAGEMENT COMMITTEE (LEMC) Minutes Wednesday 8<sup>th</sup> December 2021 2pm.

## 1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

Meeting opened 2.05pm

#### **1.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY**

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

#### DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long standing personal friendship with the proponent). As a consequence there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

### **Department of Communities - Phil Schupp**

Response awareness for pandemic

Losses thru vaccinations 10 to 12 people won't be returning to work in 2022, no phycologists available locally.

Reassessing the workforce.

Unaccompanied minors WACCS - OSAG decision.

How we will deal with the in home care once the borders are opened.

Response and activations within the great southern – rely on ready response groups, 4 to 5 hrs to activate. PPE all good to go but might need further stock if an event takes place.

### **DFES Report Woodanilling LEMC**

#### **District Officer Damon Childs**

I am acting in this position until mid - April.

#### 2021/22 Fire Season

High Threat Period commenced on 2<sup>nd</sup> December 2021, this enacts:

- On call 24/7 a Level 3 Pre-formed team.
- Increased air operations/ bombers at multiple locations throughout State.
- State Duty Roster Staff increased, all positions filled until Late March.
- Increased mobilising to incidents.

### Recent Incidents in LG

553630 - SUGG RD CARTMETICUP: 1 confirmed fatality, to limit exposure to local crews of a Critical Incident, it was decided to request a career appliance from Bunbury to complete extrication for WAPOL.

#### Training

Rural Fire Awareness training held on 7 December 2021 and planned for 14 December, this is planned for farmer response and other LG crews.

#### COVID

As you are aware, under the Health Orders set down by the Chief Health Officer-WA, all volunteers have until 31 December 2021 to provide proof they have received at least one COVID-19 vaccination dose, and must be fully vaccinated by 31 January 2022. To ensure we offer volunteers every opportunity to fulfil their obligation a range of options have been developed.

An email was sent to all registered BGU Volunteers (with an email address) last Friday, providing them with the following options.

These include:

1. Upload Digital Vaccination Certificate in the Volunteer Hub

2. Via email

3. In person: present and provide proof of vaccination certificate at a regional office or with DFES supervisor.

4. BGU leader/s collection: This is entirely optional and at the discretion the volunteer team. BGU leaders may collect and collate on behalf of members and provide package to DFES supervisor / nominated staff for data entry.

#### Katanning Health Campus – Robyn Millar

New fire emergency plans endorses by REOC.

2 mock fire drills completed. False alarm yesterday.

Evidence required to show proof of covid vaccinations to enter the hospital.

Volunteers are required to show proof of flu vac to enter the aged unit.

17<sup>th</sup> Nov 21 all employees to be vaccinated.

Covid project officer working with the Local Governments, if a testing clinic is required. The Rec Centre noted as the location for this said clinic.

With the recommendation of 90% vaccination the hope is that people will be able to stay at home and not impact on hospitals.

#### Police – Roy George

Weather heating up.

Two officers transferring, waiting for replacements for those officers.

New Sergeants will be new to EM roles. They will be trained up ASAP.

100% double vaccination.

Business as usual for Katanning Police.

Assisting the health department by increasing vaccination of CALD and Indigenous residents. Misconceptions about the vaccination. Aboriginal Health is going door to door to encourage.

#### Shire of Katanning – Denise Gobbart

All staff have been issued with letters 2 or 3 who are not vaccinated as yet.

#### **DPIRD** – Ethan Giacomel

All bushfire season preparedness such as equipment servicing and training has been undertaken. Two water bombers are currently based in Northam and two in Esperance to assist with harvest fires. If the current placements are extended beyond the 15<sup>th</sup> of December we are looking at the options of basing them out of Narrogin or Katanning. They come self-sufficient with some support staff so would not require local support for re-loaders unless an extended bushfire was to occur.

100% vaccinated in the Katanning office.

#### Kent CESM – Matt Castaldini

BFB training mandatory folding out. Covid vaccinations a bit of a challenge with farmers. Discussions about welfare centres and locations. Some training has been completed 67 attendees.

#### Shire of Kent – Adam Majio CEO

Upgrading of Welfare Centres and installation of generator plugs.

Covid Vaccination notices sent out only one person not vaccinated so far.

#### Shire of Katanning and Woodanilling -CESM Cindy Pearce

Training for volunteers under the new WHS direction has taken a lot of time with many volunteers from Woodanilling completing the 3 hour Rural Fire Awareness Course. Volunteers have been asked to forward there Covid Certificates to the Shire of Woodanilling Office for recording.

Shire outside staff have been trained in Rural Fire Awareness and those that may be using machinery on the fire ground will be attending a Machinery Supervision Course with a date still to be set.

Information re mandatory Covid and Training is yet to be circulated through the Katanning Shire Bushfire Brigade volunteers and the training information circulated.

NBN Connection to Woodanilling Shire office has been completed and Katanning Leisure Centre is being down this week.

Katanning Animal Welfare Plan – there are stills funds to be expended and the Rangers are working with the Equestrian Group to improve facilities (water supply) to the stables at the rear of KLC.

Emergency Water supply tanks x 3 will be located at the following locations in the New Year, Church Road, Robinson /Albany Hwy and within the Woodanilling town site. These were secured through funding.

Water Bomber Refill training took place a few weeks back with a good turnout.

Mitigation on UCL land within the Katanning town site has been completed. Approx. 60 infringements have been issued with a number of property owners have taken offence at receiving an infringement.

Three fires to date with 2 close to Katanning town site, very lucky the wind direction has been on our side.

Visited the Woodanilling Primary School Monday to talk with the children about Bushfire Plans, Plans for their pets and smoke alarms.

#### Shire of Woodanilling – Sue Dowson DCEO

Covid vaccination with staff at around 90% with the hope of 100% by the New Year.

Letters to BFB volunteers and the community where posted out today explaining the WHS and Covid – 19 vaccination requirements to anyone entering a fire ground.

A register has been created at the Shire to record all Volunteer, BFB and Staff vaccination certification.

Town fire compliance is looking good.

Fire yesterday with a great response by local brigades to get on top of it and controlled in good time. A great outcome from the local brigades.

The Chair of the meeting extended thanks to Stephen Gash for his knowledge and experience to the LEMC over the past 3 years

#### 6. GENERAL BUSINESS

Kent CEO Adam Majio – Meeting schedules suggested in Oct/November and the availability of connecting electronically to encourage full attendance for members.

Katanning Central Brigade FCO asked that the LEMC discuss concerns re 3 people with disabilities living on hobby farms on the outskirts of Katanning, what are they going to do in an emergency? This had been raised in the past. Cindy spoke with Adam Smith to confirm nothing had changed from previous conversations as to who is responsible for the welfare of these people. The outcome from the past and meeting discussion across agencies being that they are required to have a bushfire plan for their own safety and cannot rely on agencies to manage their welfare under emergency conditions. CESM is happy to assist them in writing a plan that incorporates triggers for different scenarios. Contact with their health care agencies might be warranted as to any plans already in place. Bushfire ready group to be encouraged in the area.
