ORDINARY MEETING OF COUNCIL AGENDA

1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

1.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long standing personal friendship with the proponent). As a consequence there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

Attachments	Attachment No.13.2.1 – Monthly Financial Report 30 June 2022

BRIEF SUMMARY

The Statement of Financial Activity for period ending 30 June 2022 together with associated commentaries are presented for Council's consideration.

BACKGROUND/COMMENT

In accordance with regulation 34 of the *Government (Financial Management) Regulations 1996*, the Shire is to prepare a monthly Statement of Financial Activity for approval by Council. The Monthly Financial Reports have been prepared in accordance with statutory requirements.

STATUTORY/LEGAL IMPLICATIONS

Section 6.4 of the *Local Government Act 1995* requires a Local Government to prepare an annual financial statement for the preceding year and other financial reports as they prescribed.

Regulation 34 (1) of the *Local Government (Financial Management) Regulations 1996* as amended requires the Local Government to prepare monthly financial statements and report on actual performance against what was set out in the annual budget.

POLICY IMPLICATIONS

There is no Council Policy relevant to this item.

FINANCIAL IMPLICATIONS

The Budget will be regularly monitored on at least a monthly basis, by the Chief Executive Officer and Accountant. Responsible Officers are also required to review their particular line items for anomalies each month, with a major review required by law, between 1 January and 31 March of each year pursuant to the *Local Government (Financial Management) Regulations 1996* (Regulation 33A).

Any material variances that have an impact on the outcome of the budgeted closing surplus/deficit position are detailed in the Monthly Financial Report contained within **ATTACHMENT 13.2.1**.

STRATEGIC IMPLICATIONS

THEME 3

Governance

OBJECTIVES

To promote continual improvement that is supported by efficient and effective governance structures and processes.

STRATEGIES

By ensuring legislation is used to effectively enable quality decision making.

CONSULTATION/COMMUNICATION

Reporting Officers receive monthly updates to track expenditure and income and to be aware of their work commitments versus budget allocations.

RISK MANAGEMENT

The risk in relation to this matter is assessed as “Low” on the basis that if Council does not receive the Monthly Financial Reports for the month reported leading to the Shire not meeting legislative requirements on financial reporting. The risk identified would be failure to fulfil statutory regulations or compliance requirements.

Consequence Likelihood	Insignificant	Minor	Moderate	Major	Extreme
Almost Certain	Medium	High	High	Severe	Severe
Likely	Low	Medium	High	High	Severe
Possible	Low	Medium	Medium	High	High
Unlikely	Low	Low	Medium	Medium	High
Rare	Low	Low	Low	Low	Medium

Risk Rating	Action
LOW	Monitor for continuous improvement.
MEDIUM	Comply with risk reduction measures to keep risk as low as reasonably practical.
HIGH	Review risk reduction and take additional measures to ensure risk is as low as reasonably achievable.
SEVERE	Unacceptable. Risk reduction measures must be implemented before proceeding.

VOTING REQUIREMENTS

Simple Majority

OFFICER'S RECOMMENDATION

That Council receives the monthly statement of Financial Activity for the period of 30 June 2022, in accordance with section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Management) Regulations 1995* as presented in **ATTACHMENT 13.2.1**.

MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 30 JUNE 2022

BASIS OF PREPARATION

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, Regulation 34. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 14 July 2022

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to these financial statements.

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are yet to be confirmed for the financial year ended 30 June 2022.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

BRIEF SUMMARY

The purpose of this report is to seek Council to approve to amend the 2022/2023 Fees and Charges to include the charges for the current housing properties.

BACKGROUND/COMMENT

In accordance with the *Local Government Act 1995*, Local Governments are able to impose and recover a fee or charge for any goods or services it provides. These fees and charges are to be set when adopting the annual budget but may be amended from time to time during the financial year.

Following the review of the current housing, this item seeks an amendment to the 2022/2023 Fees and Charges.

A copy of the amended schedule of fees and charges and proposed changes are included and are contained in **Attachment 13.3.1**.

The Shire recently undertook a review of the properties and their tenancy agreements, and the provisions of the increases are to be costed and detailed in the attachment to this report.

In accordance with Section 6.16 of the *Local Government Act 1995*, a Local Government may impose and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed. Fees and charges are to be imposed (generally) when adopting the annual budget and must be resolved by an absolute majority.

STATUTORY/LEGAL IMPLICATIONS

Pursuant to sections 6.16 and 6.17 of the *Local Government Act 1995*, the fees and charges may be determined through an absolute majority decision of Council.

2.7. *Role of council*

- (1) *The council —*
 - (a) *governs the local government's affairs; and*
 - (b) *is responsible for the performance of the local government's functions.*
- (2) *Without limiting subsection (1), the council is to —*
 - (a) *oversee the allocation of the local government's finances and resources; and*
 - (b) *determine the local government's policies.*

6.16. *Imposition of fees and charges*

- (1) *A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.*

** Absolute majority required.*

- (2) *A fee or charge may be imposed for the following —*

- (a) *providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;*
 - (b) *supplying a service or carrying out work at the request of a person;*
 - (c) *subject to section 5.94, providing information from local government records;*
 - (d) *receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;*
 - (e) *supplying goods;*
 - (f) *such other service as may be prescribed.*
- (3) *Fees and charges are to be imposed when adopting the annual budget but may be —*
- (a) *imposed* during a financial year; and*
 - (b) *amended* from time to time during a financial year.*

** Absolute majority required.*

6.17. Setting level of fees and charges

- (1) *In determining the amount of a fee or charge for a service or for goods a local government is required to take into consideration the following factors —*
- (a) *the cost to the local government of providing the service or goods; and*
 - (b) *the importance of the service or goods to the community; and*
 - (c) *the price at which the service or goods could be provided by an alternative provider.*
- (2) *A higher fee or charge or additional fee or charge may be imposed for an expedited service or supply of goods if it is requested that the service or goods be provided urgently.*
- (3) *The basis for determining a fee or charge is not to be limited to the cost of providing the service or goods other than a service —*
- (a) *under section 5.96; or*
 - (b) *under section 6.16(2)(d); or*
 - (c) *prescribed under section 6.16(2)(f), where the regulation prescribing the service also specifies that such a limit is to apply to the fee or charge for the service.*
- (4) *Regulations may —*
- (a) *prohibit the imposition of a fee or charge in prescribed circumstances;*
or
 - (b) *limit the amount of a fee or charge in prescribed circumstances.*

The recommendation that follows is consistent with the legislation requirements.

BRIEF SUMMARY

The 2019/2020 Annual Report provides a summary of the Shire's performance in relation to the finance and governance responsibilities for the 2019/2020 financial year.

The Officer's recommendation is that the Audit Committee make a recommendation for Council to approval the 2019/2020 Annual Report, inclusive of the audited financials and set a date for the annual general meeting of electors as required by the *Local Government Act 1995*.

The 2019/2020 Annual Report is contained within **Attachment 13.4.1**

BACKGROUND/COMMENT

The Office of Auditor General (OAG) and Lincolns have conducted the Shire of Woodanilling's financial management functions.

In accordance with the *Local Government Act 1995* and the *Local Government (Audit) Regulations 1996*, an Audit Committee is to examine the Annual Financial Statements, review any significant matters raised by the auditor and ensure that appropriate action is taken in respect to those matters raised.

For the 2019/2020 financial year this involved an onsite presence plus follow up communications with the Shire's preceding Chief Executive Officer. It was identified that the 2019/2020 Annual Report had not been received by the Audit Committee for the period ending 30 June 2020, endorsed by Council or held the Annual Electors Meeting as per legislation. Therefore the 2019/2020 Annual Report will be addressed at the Annual Electors Meeting to be held for the current Annual Financial Report year ending 30 June 2021.

The Auditors had identified management issues during the auditor for the Shire of Woodanilling to address. Each finding is classified as Significant, Moderate or Minor and staff have provided the auditor with a response to each issue.

Base on the Auditor's opinion the Shire's financial report complies with the *Local Government Act 1995* together with the *Local Government (Financial Management) Regulations 1996*, and further:

- a) is based on property accounts and records;
- b) fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2021 and its financial position at the end of that period in accordance with the Local Government Act 1885 and to the extent that they are not inconsistent with the Act, Australia Accounting Standards.

However, it is noted and accepted that the Auditors findings require further improvement in various operational areas, particularly to governance requirements, including:

1. Operating Surplus Ratio

The Operating Surplus Ratio as reported on Note 27 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries standard for the past three financial years.

Officers Comments

The Operating surplus is a measure of a local government's ability to cover its operational costs and have money left for capital projects and other purposes.

The Shire always seeks to identify opportunities to increase revenue or reduce expenditure to sustainable levels. Without a significant expansion of revenue of the Shire, like most rural local governments, is likely to remain below the DLGSC's ratio standard.

2. Asset Renewal Funding Ratio

That the Shire has not reported on the Asset Renewal Funding Ratio for the current year in the Annual financial report as required by the *Local Government (Financial Management) Regulations 1996*, as planned capital renewals and required capital expenditure were not estimated in a long term financial plan and asset management plan.

Officers Comments

The Asset Renewal Funding Ratio is a measure of a local government's to have the financial capacity to fund asset renewal as required and can continue to provide existing levels of service in the future, without additional operating income, or reduction in operating expenses. The ratio is calculated from the information includes in the Long Term Financial Plan and the Asset Management Plan.

3. Review of Creditor Master File audit trail

It was noted during payment testing that the audit trail report for creditors batch payments made on the 2nd and 6th March were not able to be sighted. Consequently, we were unable to determine that it was reviewed by the appropriate person.

Officers Comments

The issued occurred during transfer of creditor functions to a new staff member. The files have since been reviewed with no concerns arising and training has been completed for the new officer reiterating the audit trail requirement at time of batch processing.

The Audit Committee considered an exit meeting and a copy of the draft management letter. The current Management Letter with the issues identified with action plans is contained in **ATTACHMENT 13.4.2**.

With Council adoption of the 2019/2020 Annual Report, a local public notice will advise of the availability of the Audit Committee with the date set for the Annual Electors Meeting as determined by Council.

STATUTORY/LEGAL IMPLICATIONS

Local Government Act 1995

5.27. Electors' general meetings

- (1) *A general meeting of the electors of a district is to be held once every financial year.*

 - (iii) *any other details that the regulations may require; and*
 - (i) *such other information as may be prescribed.*

5.54. Acceptance of annual reports

- (1) *Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.*

** Absolute majority required.*

- (2) *If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.*

7.2. Audit

The accounts and annual financial report of a local government for each financial year are required to be audited by an auditor appointed by the local government.

7.9. Audit to be conducted

- (1) *An auditor is required to examine the accounts and annual financial report submitted for audit and, by the 31 December next following the financial year to which the accounts and report relate or such later date as may be prescribed, to prepare a report thereon and forward a copy of that report to —*
 - (a) *the mayor or president; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*
- (2) *Without limiting the generality of subsection (1), where the auditor considers that —*
 - (a) *there is any error or deficiency in an account or financial report submitted for audit; or*
 - (b) *any money paid from, or due to, any fund or account of a local government has been or may have been misapplied to purposes not authorised by law; or*
 - (c) *there is a matter arising from the examination of the accounts and annual financial report that needs to be addressed by the local government, details of that error, deficiency, misapplication or matter, are to be included in the report by the auditor.*
- (3) *The Minister may direct the auditor of a local government to examine a particular aspect of the accounts and the annual financial report submitted for audit by that local government and to —*
 - (a) *prepare a report thereon; and*
 - (b) *forward a copy of that report to the Minister,**and that direction has effect according to its terms.*
- (4) *If the Minister considers it appropriate to do so, the Minister is to forward a copy of the report referred to in subsection (3), or part of that report, to the CEO of the local government.*

7.12AB. Conducting a financial audit

The auditor must audit the accounts and annual financial report of a local government at least once in respect of each financial year.

7.12AD. Reporting on a financial audit

- (1) *The auditor must prepare and sign a report on a financial audit.*

(2) *The auditor must give the report to —*

- (a) the mayor, president or chairperson of the local government; and*
- (b) the CEO of the local government; and*
- (c) the Minister.*

7.12A. Duties of local government with respect to audits

(1) *A local government is to do everything in its power to —*

- (a) assist the auditor of the local government to conduct an audit and carry out the auditor's other duties under this Act in respect of the local government; and*
- (b) ensure that audits are conducted successfully and expeditiously.*

(2) *Without limiting the generality of subsection (1), a local government is to meet with the auditor of the local government at least once in every year.*

(3) *A local government must —*

- (aa) examine an audit report received by the local government; and*
- (a) determine if any matters raised by the audit report, require action to be taken by the local government; and*
- (b) ensure that appropriate action is taken in respect of those matters.*

(4) *A local government must —*

- (a) prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and*
- (b) give a copy of that report to the Minister within 3 months after the audit report is received by the local government.*

(5) *Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government's official website.*

Local Government (Audit) Regulations 1996

9. Performance of audit

(1) *In this regulation —*

Australian Accounting Standards means the standards made and amended from time to time by the Australian Accounting Standards Board continued under the Australian Securities and Investments Commission Act 2001 (Commonwealth) section 261.

(2) *An auditor must carry out an audit in accordance with the Australian Auditing Standards made or formulated and amended from time to time by the Auditing and Assurance Standards Board established by the Australian Securities and Investments Commission Act 2001 (Commonwealth) section 227A.*

(3) *An auditor must carry out the work necessary to form an opinion whether the annual financial report —*

- (a) is based on proper accounts and records; and*
- (b) fairly represents the results of the operations of the local government for the financial year and the financial position of the local government at 30 June in accordance with —*
 - (i) the Act; and*
 - (ii) the Australian Accounting Standards (to the extent that they are not inconsistent with the Act).*

POLICY IMPLICATIONS

There is no policy associated with this item.

FINANCIAL IMPLICATIONS

Provision is made in the annual budget to undertake the audit function.

The Annual Financial Report presents the financial performance for the past financial year and is scrutinised by an independent auditor to ensure compliance with legislation and accounting standards. The financial impact upon the current financial year is that the audited net current assets position becomes the actual brought forward surplus/(deficit) for the Rate Setting Statement.

STRATEGIC IMPLICATIONS

THEME 3

Governance

OBJECTIVES

To promote continual improvement that is supported by efficient and effective governance structures and processes.

STRATEGIES

By ensuring legislation is used to effectively enable quality decision making.

CONSULTATION/COMMUNICATION

Consultation has been undertaken with the Chief Executive Officer, OAG and Lincolns in regards to the management letter and audit requirements for this report. Current Officers are unable to provide any further comment on further consultation that may have occurred.

RISK MANAGEMENT

There is a risk that should the Annual Report not be adopted within the timeframes outlined, Council has breached the timeframes required under the *Local Government Act 1995*, and applicable subsidiary legislation. Accordingly, the risk associated with this matter is considered as “High”.

PRESIDENTS REPORT

The year has been one to remember with 2 major disruptions to the norm. In February we had a major fire covering several thousand hectares in both Woodanilling and Katanning with considerable property damage.

The fire lasted several days with major support from volunteers from both near and far including relief teams from the metropolitan area.

Apart from a major effort from the Community and shire staff during the fire the mop up and recovery process took many months.

Covid -19 was the next disruption with lock downs, closed offices, Zoom meetings, community wellbeing and the fear of the unknown. General productivity was greatly reduced.

The planning process was started for Fletchers Sheep Enterprise at Beaufort River with quite some time spent in Community Consultation.

Deputy President Trevor Young retired after 14 yrs. on Council with Stephen Jefferies joining the Council team.

I would like to thank Council, Staff and the greater community for all their efforts in a very confronting year.

INTEGRATED PLANNING

The *Local Government (Administration) Regulations 1996* has been amended to require each local government to adopt a Strategic Community Plan and a Corporate Business Plan.

This Integrated Strategic Planning Framework provides the basis for improving the practice of strategic planning in local government. It addresses the minimum requirements to meet the intent of the Act and outlines processes and activities to achieve an integrated strategic plan at the individual local government level.

There are three major parties to the development of an integrated strategic plan:

1. The Community – participates in a community planning process to determine major vision or intended big picture directions and also participates in regular reviews of those directions.
2. The Council – signs off the Strategic Community Plan resulting from the community planning process, the four year reviews updating that plan, and the annual budget.
3. The Local Government Administration – supports delivery of the Strategic Community Plan, the 4-yearly reviews, and annual budget through its corporate business planning.
4. Shire activities contained within the Corporate Business Plan for each year are noted within the Budget papers, and are reviewed within the Annual Report for that year.
5. The following is a snapshot of identified projects from the Corporate Business Plan including their progress for 2019/20 and proposed course of action for 2020/21.

COMMUNITY STRATEGIC PLAN

Community

Townsite

Reforming of Woodanilling Town Enhancement Group – reviewing existing Woodanilling Town Centre Enhancement plans entry statements and town signage

Trails

With the development of GSCORE Trails Master Plan project for the Great Southern, it has been undertaking advocacy and development activities to develop and attract funding as required to enhance a drive trail through Woodanilling.

Sports

Holding quarterly community barbeques at the Sports Precinct encouraging sporting activities and community engagement.

Historical Buildings

Ensure significant heritage buildings and places under Council's care are preserved and where possible restored.

Waste Management

The Tip Shop and recycling is in place, comply with single use plastic bags and support the progress of the Container Deposit Scheme through a donation point in the town.

Cemetery

Develop and implement an upgrade plan for the Woodanilling Cemetery that is sensitive to denominational and indigenous groups.

Environment

Maintain the natural environment and landscape, weed control on roadsides and reserves. Continue working towards a bush fire compliant town through mitigation works and burn studies on Casuarina Obesa with DFES and UWA.

Water

Protecting the built environment and resources by reducing water and non-water threats – Standpipe charges increased but meter sizes remain after consultation by Water Corp with Local Governments.

Drainage

Review town site water drainage management – prepare drainage plan for town site by redesigning drainage to more effectively move stormwater from the town.

Neighbourhood Watch

A Neighbourhood Watch group was formed and ran for a short time but has since folded, waiting on a community member to facilitate meetings going forward.

Civic Leadership – Law and Order

Town site Fire Management

Stage 1 Town Mitigation work completed and stage 2 started around the town to safeguard from bushfires. Further works will be undertaken during the unrestricted fire period.

Emergency Management

A local door knock and R U Prepared Project was undertaken to gather information from community members so that the Shire has a better understanding of its residents and their needs when emergency incidents occur and to also upskill the community in preparedness.

Customer Service

Streamlining of staff and refinement of roles and work hours has enabled the office to operate effectively and offer the community good service and timely response to requests. Funding for a Traineeship was successfully achieved and we now have a Trainee in place. Staff training takes place as required and the shire looks to implement innovations that have direct benefit to the Shire and the Community.

Community Emergency Services Manager

Sharing with Katanning and Broomehill-Tambellup the services of a CESM. The CESM manages the delivery and implementation of preparedness, prevention, response and recovery services and has developed effective partnerships that adopt a best practice approach to emergency management delivery between Local Governments, DFES, Volunteer Bushfire Brigades and the community.

4WDL & VROC

The 4WDL VROC consists of the Shires of Wagin, West Arthur, Williams, Woodanilling, Dumbleyung and Lake Grace. This group works together to ensure quality decision making is supported by good policies, procedures and legislation, regular meetings are held to benchmark targets.

Fire Management Plan

In 2018 a Fire Management Plan was implemented. The strategy behind this project was to support the Bush Fire Advisory Committee and local Brigades and also an annual review of the Woodanilling Town site Fire Management Plan.

Civil Leadership

Governance

Policy 84 was developed to implement a community consultation process that links the Council and the community to ensure open and accountable governance.

Economic – Roads & Transport

Key expenditure items include:

\$876,214 in capital renewal including:

\$773,934 in roads and drainage including resealing parts of Robinson West Rd, Oxley Rd, Cartmeticup Rd, shoulder reinstatement on Robinson West Rd, gravel re-sheeting part of Youngs Rd, part of Ashwell Rd, and stabilising part of Harvey Rd.

Drainage reinstatement work will be done on McDonald Rd, Cartmeticup Rd, and Watson Rd and improvements made to town drainage to address localised flooding risks.

- \$20,814 is proposed for footpath reinstatement and infill
- \$81,466 in property, plant and equipment including the replacement of one vehicle, purchase of a second hand forklift, renewal of town entry signs, and rewiring the hall to take a back-up emergency generator.

Maintaining similar levels of road and building maintenance to previous years with road tree pruning nominated for Griffiths Rd, Flagstaff Rd, River Rd, and parts of several other roads to be allocated through the year

FREEDOM OF INFORMATION

This information statement is published in accordance with the *Freedom of Information Act 1992*.

STRUCTURE AND FUNCTIONS OF COUNCIL

The Shire of Woodanilling is established under the *Local Government Act 1995*, and has the responsibility for the administration of this Act within the municipality. Other major legislation, which creates a duty or an authority for Council to act, includes but is not limited to

With the Ultimate goal of strengthening the town's sustainable future both socially as a community and physically as a place in the landscape as outlined in the Strategic Community Plan.

TRANSPORT PLANT AND WORKS COMMITTEE

Consider matters relative to transport issues, road works, plant replacement and repair.

EQUAL OPPORTUNITY STATEMENT

This Council recognises its legal obligations under the *Equal Opportunities Act, 1984* and will actively promote equal employment opportunity based solely on merit to ensure that discrimination does not occur on the grounds of gender, marital status, pregnancy, race, and disability, religious or political convictions.

All employment training with this Council will be directed towards providing equal opportunity to all employees providing their relevant experience, skills and ability meet the minimum requirements for such promotion.

All offers of employment within this Council will be directed towards providing equal opportunity to

prospective employees provided their relevant experience, skills and ability meet the minimum requirements for engagement.

This Council will not tolerate harassment within its workplace. Harassment is defined as any unwelcome, offensive action or remark concerning a person's race, colour, language, ethnicity, political or religious convictions, gender, marital status or disability.

The Equal Employment Opportunity goals of this Council are designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.

OCCUPATIONAL HEALTH & SAFETY REPORT

The Shire of Woodanilling is committed to providing a safe and healthy work environment for all employees, contractors and visitors. To achieve this, the Council has allocated responsibilities and accountabilities to all employees to ensure the maintenance of the Occupational Safety and Health program is optimal.

Continuous improvement incentives have been incorporated into the Occupational Safety and Health Management Plan aimed at achieving the Shire of Woodanilling' safety objectives and targets.

The employer acknowledges a duty of care to:

- Provide and maintaining a safe working environment.
- Providing adequate training, instruction and supervision to enable employees to perform their work safely and effectively.
- Investigating all actual and potentially injurious occurrences in order to identify and control the cause to reduce the level of risk in the workplace
- Compliance with current *Occupational Safety and Health Act 1984*, and the Occupational Safety and Health Regulations 1996, relevant Australian Standards including AS/NZS ISO 31000, 2009 and relevant Approved Codes of Practice
- Engage and consult stakeholders and representatives (including Volunteers and contracted Service Providers) in matters regarding occupational safety and health in the workplace.

Employees have a duty of care to:

- Working with care for their own safety and that of other employees, contractors, volunteers and public who may be affected by their acts or omissions.
- Reporting hazards, accidents, incidents and near misses to their Line Manager
- Co-operating positively in the fulfillment of the obligations placed on their employer.
- Assisting in the reporting and investigation of any accidents with the objective of introducing and reviewing controls to prevent re-occurrence.

At the Shire of Woodanilling, a safe and efficient place of work is our goal and we must all be committed by working together to reach this outcome.

DISABILITY ACCESS & INCLUSION PLAN

OUTCOME 1 - Existing functions, facilities and services are adapted to meet the needs of people with disability.

- The annual Australia Day Breakfast is held at the Woodanilling Recreation Facility which provides easy wheelchair access. A public address system is always used to ensure all participants can hear speeches including people with hearing impairment.
- A priority bin service was developed to assist people who are unable to move their bin to and from the kerbside, upon request.
- Provide large print books for vision impaired community members in our Library.
- The Bloom Festival Bush Dance held in the Woodanilling Town Hall is becoming an annual event over the duration of the Hidden Treasures month of celebration (Sept to Oct). This event is an all-inclusive affair offering accessible entry and egress at the facility.

OUTCOME 2 - Access to buildings and facilities has been improved.

- The Woodanilling Recreation Centre building provides accessible toilet facilities and entrance doors are at ground level to enable easy wheelchair access.
- Improved access was provided to Council's administration building, including a paved and ramped entry path and relocation of easy access parking bays.
- Unisex accessible public toilets were built at the town's Centenary Park.
- Footpaths in the main street are continuing to be upgraded with the levelling of footpaths in areas that are effected by tree roots.

OUTCOME 3 - Information about functions, facilities and services is provided in formats which meet the communication needs of people with disability.

- Information is available in alternative formats by request through the shire website or over the counter.

OUTCOME 4 - Employee awareness of the needs of people with disability and skills in delivering services is improved.

- Administration and Works Crew staff underwent training through LGIS called "At the Coalface". This training provided staff with the basic skills to communicate with people who may have mental Health issues, also providing training around safety and security in the work place. Which gave practical advice on providing good customer service to people with a variety of disabilities.

OUTCOME 5 & 6 - Opportunities are provided for people with disability to participate in public consultations, grievance mechanisms and decision-making processes.

- Information on consultations was simplified and made available in alternative formats upon request.
- Municipal election voting was held in accessible buildings and some voting booths were modified to suit people using wheelchairs, and postal voting was accepted.

OUTCOME 7 - People with disability have the same opportunity as other people to obtain and maintain employment with the Shire of Woodanilling.

- Introduction of recruitment practices to ensure equal employment opportunities.
- The Shire office layout has been modified so that it is wheelchair accessible.

NATIONAL COMPETITION POLICY (NCP)

The Shire is required to report its progress in implementing the National Competition Policy in their annual report. There are a number of specific requirements placed on local government in the areas of competitive neutrality, legislation review and structural reform.

COMPETITIVE NEUTRALITY

The principle of competitive neutrality is that government business should not enjoy a competitive advantage or disadvantage, simply as a result of their public sector ownership. For local government this relates to user-pays income of over \$200,000.

In accordance with the Shire's responsibilities under Clause 7 of the statement relating to competitive neutrality, the Shire of Woodanilling has reviewed its

activities in line with advice from the Department of Local Government Circular No 806 and has found that none of its activities are "Significant Business Activity" for competitive neutrality requirements.

The Shire of Woodanilling did not privatise any activities in 2019/2020 consequently there were no obligations to report in this area.

LEGISLATIVE REVIEW

The Shire is required to assess which of its local laws might impact on competition and conduct a review to determine how restrictive practices might be overcome.

No new local laws were created or reviewed in 2019/2020.

RECORD KEEPING PLAN

Council's revised Record Keeping Plan was adopted by Council on 17 May 2016.

RECORD KEEPING POLICY

POLICY STATEMENT

The Shire of Woodanilling is committed to making and keeping full and accurate records of its business transactions and its official activities. Records created and received by Shire personnel and contractors, irrespective of format, are to be managed in accordance with the Shire's Recordkeeping Plan and this Records Management Policy and Procedures Manual. Records will not be destroyed except by reference to the General Disposal Authority for Local Government Records and the General Disposal Authority for Source Records.

RATIONALE

A systematic approach to records management within any organisation is vital to protect and preserve the information contained within the organisation's records. These policies and guidelines support recordkeeping in the Shire of Woodanilling by:

- Providing support for effective decision making, business efficiency, litigation protection, managed information flows and retention of the corporate memory;
- Managing the risks that may result from inadequate records practices;
- Providing uniform protection and controlled access for records in all formats;
- Ensuring that all employees and contractors understand and can comply with the legislative and business requirements of recordkeeping; and
- Ensuring that Shire of Woodanilling personnel understand that the records of the Shire are corporate assets and government records and do not belong to individuals.

GUIDELINES

The Shire of Woodanilling has implemented systematic records management policies, procedures and practices to ensure the capture and management of all its records, irrespective of format. All elected members and staff will ensure that full and accurate records are created to reflect business transactions and decisions.

The Shire uses a standard method to identify and retrieve the records it holds, through the use of a File Listing. The Shire currently uses the filing system within LOGIS Synergy Soft Central Records as its formal records management system.

Synergy Soft Central Records is an eDRMS. The Shire of Woodanilling has set up standards in accordance with the General Disposal Authority for Source Records which will be applied to all incoming and outgoing hard copies of records. All hard copy source records will undergo a digitisation process.

Source Records will only be disposed of in accordance with the State Records Office's General Disposal for Source Records.

Corporate records will only be disposed of in accordance with the State Records Office's General Disposal Authority for Local Government Records. The objectives of the Shire of Woodanilling RKP are to ensure:

- Compliance with Section 28 of the State Records Act 2000;
- Recordkeeping within the Local Government is moving towards compliance with State Records Commission Standards and Records Management Standard AS ISO 15489;
- Processes are in place to facilitate the complete and accurate record of business transactions and decisions;
- Recorded information can be retrieved quickly, accurately and cheaply when required; and the
- Protection and preservation of the Local Government's records.

STATE RECORDS COMMISSION

STANDARD 2: PRINCIPLE 6 COMPLIANCE

Government organizations ensure their employees comply with the record keeping plan.

6.1 STAFF TRAINING, INFORMATION SESSIONS

The Shire of Woodanilling has implemented the following activities to ensure that all staff are aware of their recordkeeping responsibilities and compliance with the Recordkeeping Plan:

Activities to ensure staff awareness and compliance	YES	NO
Presentations on various aspects of the Local Government's recordkeeping program are conducted. These are delivered to all staff on a regular basis.	✓	
In-house recordkeeping training sessions for staff are conducted.	✓	
From time to time an external consultant is brought in to run a recordkeeping training session for staff. Staff are also encouraged to attend training courses outside the organization whenever practicable.	✓	
Staff information sessions are conducted on a regular basis for staff as required.	✓	
The Local Government provides brochures or newsletters to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention.		
The Local Government's Intranet is used to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention.	✓	
The Local Government's Induction Program for new employees includes an introduction to the Local Government's recordkeeping system and program, and information on their recordkeeping responsibilities.	✓	

Coverage of the training/information sessions as detailed here extends to all staff. However, records management staff are offered more frequent and more specialised training where required.

Please refer to Appendix 8 for samples of training and induction information.

6.2 PERFORMANCE INDICATORS IN PLACE

The following performance indicators are being set in place to measure the efficiency and effectiveness of the Shire of Woodanilling's recordkeeping systems:

- IT Vision system upgrades are implemented annually
- Staff survey eliciting feedback on use, effectiveness or recordkeeping system/training annually; and
- Number of new staff attending Records induction

The Shire of Woodanilling aims to review these performance indicators and determine if further performance indicators should be put in place at the end of the 2018/19 financial year.

6.3 AGENCY'S EVALUATION

There is a need for some reviews of the Shire of Woodanilling's recordkeeping systems in the following areas records digitization. The Shire has continued to seek areas of improvement and based on consultation with staff a digitization program is to be implemented by July 2016.

6.4 ANNUAL REPORT

An excerpt from the Shire of Woodanilling's latest Annual Report is attached, demonstrating the organization's compliance with the State Records Act 2000, its Recordkeeping Plan and the training provided for staff. Please refer to Appendix 9.

6.5 IDENTIFIED AREAS FOR IMPROVEMENT

Whilst the Shire of Woodanilling's staff training and information sessions are adequate, further development of the staff induction procedure is ongoing. A formal schedule for staff training is being developed and will be completed by September 2016..

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

AMENDMENTS TO LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Prior to 1 July 2019, *Financial Management Regulation 16* arbitrarily prohibited a local government from recognising as assets Crown land that is a public thoroughfare, i.e. land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets pertaining to vested land, including land under roads acquired on or after 1 July 2008, were not recognised in previous financial reports of the Shire. This was not in accordance with the requirements of AASB 1051 *Land Under Roads* paragraph 15 and AASB 116 *Property, Plant and Equipment* paragraph 7.

From 1 July 2019, the Shire has applied AASB 16 *Leases* which requires leases to be included by lessees in the statement of financial position. Also, the *Local Government (Financial Management) Regulations 1996* have been amended to specify that vested land is a right of use asset to be measured at cost. All right of use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position) rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

The Shire has accounted for the removal of the vested land values associated with vested land previously recognised by removing the land value and associated revaluation reserve as at 1 July 2019. The comparative year amounts have been retained as AASB 16 does not require comparatives to be restated in the year of transition.

Therefore the departure from AASB 1051 and AASB 16 in respect of the comparatives for the year ended 30 June 2019 remains.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

On 1 July 2020 the following new accounting standards are to be adopted:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*

AASB 1059 *Service Concession Arrangements: Grantors* is not expected to impact the financial report.

Specific impacts of AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*, have not been identified.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Licences/Registrations/Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision	Based on timing of issue of the associated rights	No refunds	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Set by State legislation	Apportioned equally across the inspection cycle	No refunds	After inspection complete based on a 4 year cycle
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Set by State legislation or limited by legislation to the cost of provision	Applied fully on timing of inspection	Not applicable	Revenue recognised after inspection event occurs
Property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	Adopted by council annually	Based on timing of entry to facility	Returns limited to repayment of transaction price	On entry or at conclusion of hire
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works
Sale of stock	Aviation fuel, kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Adopted by council annually, set by mutual agreement	Applied fully based on timing of provision	Returns limited to repayment of transaction price	Output method based on goods
Commissions	Commissions on licencing and ticket sales	Over time	Payment in full on sale	None	Set by mutual agreement with the customer	On receipt of funds	Not applicable	When assets are controlled
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	Set by mutual agreement with the customer	When claim is agreed	Not applicable	When claim is agreed

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Contracts with customers and transfers for recognisable non-financial assets

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services:

	2020 Actual \$	2020 Budget \$	2019 Actual \$
Operating grants, subsidies and contributions	1,176,260	0	0
Fees and charges	389,536	0	0
Non-operating grants, subsidies and contributions	606,651	556,333	75,200
	2,172,447	556,333	75,200

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of:

Contracts with customers included as a contract liability at the start of the period
Other revenue from contracts with customers recognised during the year
Other revenue from performance obligations satisfied during the year

2,172,447	556,333	75,200

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:

Trade and other receivables from contracts with customers	112,786	0	0
Contract liabilities from contracts with customers	(69,286)	0	0

Impairment of assets associated with contracts with customers are detailed at note 2 (b) under 'Other expenditure'.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Plant replacement reserve	As per Plant Replacement Program	To be used to fund the net cost of plant and equipment purchases as determined in the 10 Year Plant Replacement Program
(b) Building reserve	As per Building Plan	To be used to meet requirements for providing new buildings for Council purposes, other than affordable housing or recreational facilities, or for major maintenance
(c) Affordable housing reserve	As per Building Plan	To be used to meet requirements for affordable housing, either new or major upgrades into the future
(d) Office equipment reserve	As required	To be used for the purchase of office equipment and future computer upgrades
(e) Recreation reserve	30/06/2019	To be used to fund capital improvements at recreational facilities, including sporting facilities or halls

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 22.

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Accrued income

Accrued income is income which has been earned but not yet received. Income must be recorded in the accounting period in which it is earned. Therefore, accrued income must be recognised in the accounting period in which it arises rather than in a subsequent period in which it will be received.

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2	Market approach using recent observable market data for similar properties/income approach using discounted cashflow methodology	Independent registered valuers	June 2017	Price per hectare/market borrowing rate
Buildings	2	Market approach using recent observable market data for similar properties/income approach using discounted cashflow methodology	Independent registered valuers	June 2017	Observable open market values of similar assets adjusted for condition and comparability at the highest and best use
Furniture and equipment	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition, residual values and remaining useful life assessments
Plant and equipment					
- Independent valuation 2015	2	Market approach using recent observable market data for similar vehicles	Independent registered valuers	June 2016	Price per item

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

Following a change to *Local Government (Financial Management) Regulation 17A*, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy.

Revaluations carried out previously were not reversed as it was deemed fair value approximates cost at the date of change.

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings and infrastructure acquired between the initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings and infrastructure is determined every five years in accordance with the regulatory framework.

This includes buildings and infrastructure items which were pre-existing improvements (ie vested improvements) on vested land acquired by the Shire. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with the *Local Government (Financial Management) Regulation 17A(2)* which requires land, buildings, infrastructure and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset. This regulation has now been deleted.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, *Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, are treated as ROU assets, measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

The Shire has accounted for the removal of vested land values associated with vested land by removing the land value and associated revaluation reserve as at 1 July 2019. The comparatives have not been restated.

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Sealed roads and streets	
formation	not depreciated
pavement	50 years
seal

- asphalt surfaces	25 years
Gravel roads	
formation	not depreciated
pavement	50 years
Footpaths - slab	20 years
Sewerage piping	100 years
Water supply piping and drainage systems	75 years

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

22. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

(a) Interest rate risk

Cash and cash equivalents

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 14(b).

23. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 15: Revenue from Contracts with Customers

The Shire adopted AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

	Note	AASB 118 carrying amount 30 June 2019 \$	Reclassification \$	AASB 15 carrying amount 01 July 2019 \$
Contract liabilities - current				
Contract liabilities from contracts with customers	14	0	(79,400)	(79,400)
Adjustment to retained surplus from adoption of AASB 15	24(b)		(79,400)	

(b) AASB 1058: Income For Not-For-Profit Entities

The Shire adopted AASB 1058 Income for Not-for-Profit Entities (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods was not restated in accordance with AASB 1058 transition requirements.

In accordance with the Shire's accounting policies, prepaid rates were recognised as a liability at 30 June 2019. Therefore the initial application of AASB 1058 at 1 July 2019 did not have an impact on the recognition and classification of prepaid rates.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

23. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The table below provides details of the amount by which each financial statement line item is affected in the current reporting period by the application of this Standard as compared to AASB 118 and 1004 and related Interpretations that were in effect before the change.

		2020 \$		2020 \$

Net result		195,134	69,286	264,420
Retained surplus		12,970,290	69,286	13,039,576

Refer to Note 2(a) for new revenue recognition accounting policies as a result of the application of AASB 15 and AASB 1058.

(c) AASB 16: Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has applied this Standard to its leases retrospectively, with the cumulative effect of initially applying AASB16 recognised on 1 July 2019. In applying AASB 16, under the specific transition provisions chosen, the Shire will not restate comparatives for prior reporting periods.

The initial application of AASB 1058 at 1 July 2019 did not have an impact, as the Shire did not have any operating leases at 30 June 2019.

24. CHANGE IN ACCOUNTING POLICIES

(a) Change in Accounting Policies due to regulation changes

Effective 6 November 2020, *Local Government (Financial Management) Regulation 16* was deleted and *Local Government (Financial Management) Regulation 17A* was amended with retrospective application. The changes were effective for financial years ending on or after 30 June 2020 so are required to be applied retrospectively with cumulative effect applied initially on 1 July 2019.

In accordance with the changes, the Shire was required to remove the values attributable to certain crown land assets previously required to be recognised, as well as the associated revaluation surplus at 1 July 2019. These assets have been measured as concessionary lease right-of-use assets at zero cost in accordance with AASB 16. For further details relating to these changes, refer to Note 11.

In summary the following adjustments were made to the amounts recognised in the statement of financial position at the date of initial application (1 July 2019):

	Note	Carrying amount 30 June 2019 \$	Reclassification \$	Carrying amount 01 July 2019 \$
Property, plant and equipment	3	7,133,168	(25,000)	7,108,168
Revaluation surplus	5	19,016,463	(25,000)	18,991,463

Also, following changes to *Local Government (Financial Management) Regulation 17A*, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously or during the year were not reversed as it was deemed fair value approximates cost at the date of the change.

(b) Changes in equity due to change in accounting policies

The impact on the Shire's opening retained surplus due to the adoption of AASB 15 and AASB 1058 as at 1 July 2019 was as follows:

	Note	Adjustments	2019 \$
Retained surplus - 30 June 2019			12,855,109
Adjustment to retained surplus from adoption of AASB 15	23(a)	(79,400)	(79,400)
Retained surplus - 1 July 2019			12,775,709

The impact on the Shire's opening revaluation surplus resulting from *Local Government (Financial Management) Regulation 16* being deleted and the amendments to *Local Government (Financial Management) Regulation 17A* as at 1 July 2019 was as follows:

	Note	Adjustments	2019 \$
Revaluation surplus - 30 June 2019			19,016,463
Adjustment to revaluation surplus from amendment to FM Reg 17A	24(a)	(25,000)	(25,000)
Revaluation surplus - 1 July 2019			18,991,463

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

25. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020****FINDINGS IDENTIFIED DURING THE FINAL AUDIT**

INDEX OF FINDINGS	RATING		
	Significant	Moderate	Minor
1. Asset Renewal Funding Ratio	✓		
2. Bonds and Deposits Held			✓
3. Municipal Bank Reconciliation			✓

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****1. Asset Renewal Funding Ratio****Finding**

The Shire has not reported the Asset Renewal Funding Ratio for 2020 in the annual financial report, as required by Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996. This is because the Asset Management Plan and Long Term Financial Plan have not been recently updated, as a result of which the ratios would not be current and accurate.

We note that the Shire has commenced a review of these plans.

Rating: Significant**Implication**

The financial report does not comply with Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996.

Recommendation

We recommend that the Shire prepares, reviews and updates the Asset Management Plan and the Long Term Financial Plan annually, to ensure that 10 year projections are available as required by the regulations, in order for the asset renewal funding ratio to be calculated based on verifiable information and reasonable assumptions.

Management Comment

Noted and Accepted. Will be completed by 30 June 2021.

Responsible Person: Chief Executive Officer

Completion Date: 30 June 2021

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****2. Bonds and Deposits Held****Finding**

Audit testing determined that “Bond and Deposit” accounts had numerous minor outstanding entries dating back many years. Given the historical nature of these entries, it is difficult to determine whether these entries are in fact liabilities of the Shire or are now Municipal revenue. Outstanding bonds and deposits totalled \$42,136 at 30 June 2020.

Rating: Minor**Implication**

There is a possibility that the liability may require refund, recognition as revenue or transfer to the Receiver of Public Monies.

Recommendation

The Shire undertake a full investigation of all outstanding bonds and deposits and implement actions to resolve or correct as required.

Management Comment

Will be addressed in March 2021 budget review to be completed by 30 April 2021. Most relate to previous items held in trust but transferred out during the previous regulation change. These will now be reflected in reserve accounts if they were for a specific purpose.

Responsible Person: Chief Executive Officer

Completion Date: 30 April 2021

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2019 – 30 JUNE 2020****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****3. Municipal Bank Reconciliation****Finding**

The Municipal bank reconciliation at 30 June 2020 was not supported by a complete and detailed listing of reconciling items.

Rating: Minor**Implication**

Whilst the list of reconciling items was able to be regenerated for audit purposes, it indicates a weakness in the review and approval process. This increases the risk of errors, omissions or fraud remaining undetected.

Recommendation

The responsible officers should ensure that a complete review is undertaken, which includes ensuring that the bank reconciliation is supported by a detailed listing of all reconciling items.

Management Comment

A complete listing of reconciling items will be produced to support the figures in the bank reconciliation.

BRIEF SUMMARY

The 2020/2021 Annual Report provides a summary of the Shire's performance in relation to the finance and governance responsibilities for the 2020/2021 financial year.

The Officer's recommendation is that the Audit Committee make a recommendation for Council to approve the 2020/2021 Annual Report, inclusive of the audited financials and set a date for the annual general meeting of electors as required by the *Local Government Act 1995*.

The Annual Report is contained within **Attachment 13.5.1**

BACKGROUND/COMMENT

The Office of Auditor General (OAG) and Lincolns have conducted the Shire of Woodanilling's financial management functions.

In accordance with the *Local Government Act 1995* and the *Local Government (Audit) Regulations 1996*, an Audit Committee is to examine the Annual Financial Statements, review any significant matters raised by the auditor and ensure that appropriate action is taken in respect to those matters raised.

The Audit Committee held an exit meeting with the OAG and Lincolns on 21 June 2022 via zoom. The auditors reviewed their findings along with the forward plan for the 2021/2022 financial year.

For the 2020/2021 financial year this involved an onsite presence in, plus follow up communications with the Shire's preceding and current Chief Executive Officer's and the Accountant.

The Auditor has identified management issues during the auditor for the Shire of Woodanilling to address. Each finding is classified as Significant, Moderate or Minor and staff have provided the auditor with a response to each issue.

Base on the Auditor's opinion the Shire's financial report complies with the *Local Government Act 1995* together with the *Local Government (Financial Management) Regulations 1996*, and further:

- c) is based on property accounts and records;
- d) fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2021 and its financial position at the end of that period in accordance with the Local Government Act 1885 and to the extent that they are not inconsistent with the Act, Australia Accounting Standards.

However, it is noted and accepted that the Auditors findings require further improvement in various operational areas, particularly to governance requirements, including:

4. Operating Surplus Ratio

The Operating Surplus Ratio as reported on Note 28 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries standard of 0.01 for the last three financial years.

Officers Comments

The Operating surplus is a measure of a local government's ability to cover its operational costs and have money left for capital projects and other purposes.

The Shire always seeks to identify opportunities to increase revenue or reduce expenditure to sustainable levels. Without a significant expansion of revenue of the Shire, like most rural local governments, is likely to remain below the DLGSC's ratio standard.

5. Asset Renewal Funding Ratio

The Asset Renewal Funding Ratio for 2021 in the Annual financial report as required by the *Local Government (Financial Management) Regulations 1996*, as required information for planned capital renewals in the long term financial plan was not available as required by the *Local Government (Financial Management) Regulations 1996*.

Officers Comments

The Asset Renewal Funding Ratio is a measure of a local government's to have the financial capacity to fund asset renewal as required and can continue to provide existing levels of service in the future, without additional operating income, or reduction in operating expenses. The ratio is calculated from the information includes in the Long Term Financial Plan and the Asset Management Plan.

The Shire will be reviewing both plans in the 2022/2023 financial year to be able to provide an updated ratio to report on for the shire.

6. Month End Reconciliation Review

It was identified that no evidence that the bank, creditors or receivables reconciliations for July 2020 to May 2021 had been reviewed by an authorised officer.

Officers Comment

The finding has been acknowledged and accepted. The CEO and relevant offices will be responsible to perform the review of the month end reconciliation with a procedure and month end checklist to be activated and utilised by all responsible officers. This includes responsible officers and Management to be fully aware of the month end reconciliation process and procedure.

7. Bonds and Deposits held

This item has been an outstanding matter since the initial finding in 2020. Audit testing determined that "Bond and Deposit" accounts had numerous minor outstanding entries dating back many years. Given the historical nature of these entries, it is difficult to determine whether these entries were in fact liabilities of the Shire or now Municipal revenue. Outstanding bonds and deposits totalling \$42,136 at 30 June 2020.

Officers Comment

The Shire accepts the findings and the current staff are new to this item identified and will address and finalise the corrections of monies held in trust/bond accounts held by the Shire. The timing will be aligned with the forthcoming budget and end of year processes therefore enabling the completion and correction of these items.

8. Municipal Bank Reconciliation

This item has been outstanding since the initial finding in 2020. The municipal bank reconciliation at 30 June 2020 was not supported by a complete and detailed listing of reconciling items.

Officers Comments

The Shire accepts the findings and the CEO and Accountant will review the process and procedure. A more financial review approach along with approval process will be implemented and updated. Review against SynergySoft system and bank statements will be more independently reviewed along with maintaining this on an end month process. Processes and procedures will be updated and maintained accordingly by the CEO and staff.

The Audit Committee considered an exit meeting and a copy of the draft management letter in June 2022. The current Management Letter with the issues identified with action plans is contained in **ATTACHMENT 13.5.2**.

With Council adoption of the 2020/2021 Annual Report, a local public notice will advise of the availability of the Audit Committee with the date set for the Annual Electors Meeting as determined by Council.

STATUTORY/LEGAL IMPLICATIONS

- (f) *the financial report for the financial year; and*
- (g) *such information as may be prescribed in relation to the payments made to employees; and*
- (h) *the auditor's report prepared under section 7.9(1) or 7.12AD(1) for the financial year; and*
- (ha) *a matter on which a report must be made under section 29(2) of the Disability Services Act 1993; and*
- (hb) *details of entries made under section 5.121 during the financial year in the register of complaints, including —*
 - (i) *the number of complaints recorded in the register of complaints; and*
 - (ii) *how the recorded complaints were dealt with; and*
 - (iii) *any other details that the regulations may require; and*
 - (i) *such other information as may be prescribed.*

5.54. *Acceptance of annual reports*

- (1) *Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.*

** Absolute majority required.*

- (2) *If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.*

7.2. Audit

The accounts and annual financial report of a local government for each financial year are required to be audited by an auditor appointed by the local government.

7.9. Audit to be conducted

- (1) *An auditor is required to examine the accounts and annual financial report submitted for audit and, by the 31 December next following the financial year to which the accounts and report relate or such later date as may be prescribed, to prepare a report thereon and forward a copy of that report to —*
 - (a) *the mayor or president; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*
- (2) *Without limiting the generality of subsection (1), where the auditor considers that —*
 - (a) *there is any error or deficiency in an account or financial report submitted for audit; or*
 - (b) *any money paid from, or due to, any fund or account of a local government has been or may have been misapplied to purposes not authorised by law; or*
 - (c) *there is a matter arising from the examination of the accounts and annual financial report that needs to be addressed by the local government, details of that error, deficiency, misapplication or matter, are to be included in the report by the auditor.*
- (3) *The Minister may direct the auditor of a local government to examine a particular aspect of the accounts and the annual financial report submitted for audit by that local government and to —*
 - (a) *prepare a report thereon; and*
 - (b) *forward a copy of that report to the Minister,**and that direction has effect according to its terms.*
- (4) *If the Minister considers it appropriate to do so, the Minister is to forward a copy of the report referred to in subsection (3), or part of that report, to the CEO of the local government.*

7.12AB. Conducting a financial audit

The auditor must audit the accounts and annual financial report of a local government at least once in respect of each financial year.

7.12AD. Reporting on a financial audit

- (1) *The auditor must prepare and sign a report on a financial audit.*
- (2) *The auditor must give the report to —*
 - (a) *the mayor, president or chairperson of the local government; and*
 - (b) *the CEO of the local government; and*
 - (c) *the Minister.*

7.12A. Duties of local government with respect to audits

- (1) *A local government is to do everything in its power to —*
 - (a) *assist the auditor of the local government to conduct an audit and carry out the auditor's other duties under this Act in respect of the local government; and*
 - (b) *ensure that audits are conducted successfully and expeditiously.*
- (2) *Without limiting the generality of subsection (1), a local government is to meet with the auditor of the local government at least once in every year.*
- (3) *A local government must —*
 - (aa) *examine an audit report received by the local government; and*
 - (a) *determine if any matters raised by the audit report, require action to be taken by the local government; and*
 - (b) *ensure that appropriate action is taken in respect of those matters.*
- (4) *A local government must —*
 - (a) *prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and*

- (b) give a copy of that report to the Minister within 3 months after the audit report is received by the local government.
- (5) Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government's official website.

Local Government (Audit) Regulations 1996

9. Performance of audit

(1) In this regulation —

- Australian Accounting Standards* means the standards made and amended from time to time by the Australian Accounting Standards Board continued under the Australian Securities and Investments Commission Act 2001 (Commonwealth) section 261.
- (2) An auditor must carry out an audit in accordance with the Australian Auditing Standards made or formulated and amended from time to time by the Auditing and Assurance Standards Board established by the Australian Securities and Investments Commission Act 2001 (Commonwealth) section 227A.
- (3) An auditor must carry out the work necessary to form an opinion whether the annual financial report —
- (a) is based on proper accounts and records; and
 - (b) fairly represents the results of the operations of the local government for the financial year and the financial position of the local government at 30 June in accordance with —
 - (i) the Act; and
 - (ii) the Australian Accounting Standards (to the extent that they are not inconsistent with the Act).

POLICY IMPLICATIONS

There is no policy associated with this item.

FINANCIAL IMPLICATIONS

Provision is made in the annual budget to undertake the audit function.

The Annual Financial Report presents the financial performance for the past financial year and is scrutinised by an independent auditor to ensure compliance with legislation and accounting standards. The financial impact upon the current financial year is that the audited net current assets position becomes the actual brought forward surplus/(deficit) for the Rate Setting Statement.

STRATEGIC IMPLICATIONS

THEME 3

Governance

OBJECTIVES

To promote continual improvement that is supported by efficient and effective governance structures and processes.

STRATEGIES

By ensuring legislation is used to effectively enable quality decision making.

CONSULTATION/COMMUNICATION

Consultation has been undertaken with the Chief Executive Officer, Accountant, OAG and Lincolns in regards to the management letter and audit requirements for this report. The Exit Meeting occurred with the Audit Committee on 21 June 2022.

RISK MANAGEMENT

There is a risk that should the Annual Report not be adopted within the timeframes outlined, Council may be in breach of the *Local Government Act 1995*, and applicable subsidiary legislation. Accordingly, the risk associated with this matter is assessed as "High".

Consequence Likelihood	Insignificant	Minor	Moderate	Major	Extreme
Almost Certain	Medium	High	High	Severe	Severe
Likely	Low	Medium	High	High	Severe
Possible	Low	Medium	Medium	High	High
Unlikely	Low	Low	Medium	Medium	High
Rare	Low	Low	Low	Low	Medium

Risk Rating	Action
LOW	Monitor for continuous improvement.
MEDIUM	Comply with risk reduction measures to keep risk as low as reasonably practical.
HIGH	Review risk reduction and take additional measures to ensure risk is as low as reasonably achievable.
SEVERE	Unacceptable. Risk reduction measures must be implemented before proceeding.

VOTING REQUIREMENTS

PRESIDENTS REPORT

I am pleased to present the 2020/2021 Woodanilling Annual Report.

The Shire has been progressing with the roads and the infrastructure during what the current times of COVID 19 has presented worldwide, which in effect has taken our state into some uncharted waters for us all.

The Katanning Bush Fires presented challenges along with the heavy rains to the regions. The Shire was successful in Local Roads and Community Infrastructure Grants program. This has given the opportunity to upgrade Youngs Road, and the balance of funds spent within the townsite of Woodanilling by enhancing the Town Enhancement.

The Councillors and I would like to continue to support our residents and ratepayers in the coming year.

INTEGRATED PLANNING

The *Local Government (Administration) Regulations 1996* has been amended to require each local government to adopt a Strategic Community Plan and a Corporate Business Plan.

This Integrated Strategic Planning Framework provides the basis for improving the practice of strategic planning in local government. It addresses the minimum requirements to meet the intent of the Act and outlines processes and activities to achieve an integrated strategic plan at the individual local government level.

There are three major parties to the development of an integrated strategic plan:

1. The Community – participates in a community planning process to determine major vision or intended big picture directions and also participates in regular reviews of those directions.
2. The Council – signs off the Strategic Community Plan resulting from the community planning process, the four year reviews updating that plan, and the annual budget.
3. The Local Government Administration – supports delivery of the Strategic Community Plan, the 4-yearly reviews, and annual budget through its corporate business planning.
4. Shire activities contained within the Corporate Business Plan for each year are noted within the Budget papers, and are reviewed within the Annual Report for that year.
5. The following is a snapshot of identified projects from the Corporate Business Plan including their progress for 2019/20 and proposed course of action for 2020/21.

COMMUNITY STRATEGIC PLAN

Community

Townsite

Reforming of Woodanilling Town Enhancement Group – reviewing existing Woodanilling Town Centre Enhancement plans, entry statements and town signage.

Trails

With the development of GSCORE Trails Master Plan project for the Great Southern, it has been undertaking advocacy and development activities to develop and attract funding as required to enhance a drive trail through Woodanilling.

Sports

Holding annual community barbeques at the Sports Precinct encouraging sporting activities and community engagement.

Historical Buildings

Ensure significant heritage buildings and places under Council's care are preserved and where possible restored.

Waste Management

The Tip Shop and recycling is in place, comply with single use plastic bags and support the progress of the Container Deposit Scheme through a donation point in the town.

Cemetery

Develop and implement an upgrade plan for the Woodanilling Cemetery that is sensitive to denominational and indigenous groups.

Environment

Maintain the natural environment and landscape, weed control on roadsides and reserves. Continue working towards a bush fire compliant town through mitigation works and burn studies on Casuarina Obesa with DFES and UWA.

Water

Protecting the built environment and resources by reducing water and non-water threats – Standpipe charges increased but meter sizes remain after consultation by Water Corp with Local Governments.

Drainage

Review town site water drainage management – prepare drainage plan for town site by redesigning drainage to more effectively move stormwater from the town.

Civic Leadership – Law and Order

Town site Fire Management

Stage 1 Town Mitigation work completed and stage 2 started around the town to safeguard from bushfires. Further works will be undertaken during the unrestricted fire period.

Emergency Management

A local door knock and R U Prepared Project was undertaken to gather information from community members so that the Shire has a better understanding of its residents and their needs when emergency incidents occur and to also upskill the community in preparedness.

Customer Service

Streamlining of staff and refinement of roles and work hours has enabled the office to operate effectively and offer the community good service and timely response to requests. Staff training takes place as required and the Shire looks to implement innovations that have direct benefit to the Shire and the Community.

Community Emergency Services Manager

Sharing with Katanning and Broomehill-Tambellup the Shire has secured the services of a CESM. The CESM manages the delivery and implementation of preparedness, prevention, response and recovery services and has developed effective partnerships that adopt a best practice approach to emergency management delivery between Local Governments, DFES, Volunteer Bushfire Brigades and the community.

4WDL & Voluntary Regional Organisation of Councils

The 4WDL VROC consists of the Shires of Wagin, West Arthur, Williams, Woodanilling, Dumbleyung and Lake Grace. This group works together to ensure quality decision making is supported by good policies, procedures and legislation, regular meetings are held to benchmark targets.

Fire Management Plan

In 2018 a Fire Management Plan was implemented. The strategy behind this project was to support the Bush Fire Advisory Committee and local Brigades and also an annual review of the Woodanilling Town site Fire Management Plan.

Civil Leadership

Governance

Policy 84 was developed to implement a community consultation process that links the Council and the community to ensure open and accountable governance.

Economic – Roads & Transport

The budget proposed \$791,800 in infrastructure capital projects and renewal with:

- Approximately \$630,000 on roads
- \$60,000 Culvert replacement
- \$20,000 Footpath renewal
- \$80,000 Town centre enhancement

\$233,000 of the above is funded by Federal Stimulus Funding grant in response to COVID 19.

With the Ultimate goal of strengthening the town's sustainable future both socially as a community and physically as a place in the landscape as outlined in the Strategic Community Plan.

TRANSPORT PLANT AND WORKS COMMITTEE

Consider matters relative to transport issues, road works, plant replacement and repair.

EQUAL OPPORTUNITY STATEMENT

This Council recognises its legal obligations under the *Equal Opportunities Act, 1984* and will actively promote equal employment opportunity based solely on merit to ensure that discrimination does not occur on the grounds of gender, marital status, pregnancy, race, and disability, religious or political convictions.

All employment training with this Council will be directed towards providing equal opportunity to all employees providing their relevant experience, skills and ability meet the minimum requirements for such promotion.

All offers of employment within this Council will be directed towards providing equal opportunity to

prospective employees provided their relevant experience, skills and ability meet the minimum requirements for engagement.

This Council will not tolerate harassment within its workplace. Harassment is defined as any unwelcome, offensive action or remark concerning a person's race, colour, language, ethnicity, political or religious convictions, gender, marital status or disability.

The Equal Employment Opportunity goals of this Council are designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.

OCCUPATIONAL HEALTH & SAFETY REPORT

The Shire of Woodanilling is committed to providing a safe and healthy work environment for all employees, contractors and visitors. To achieve this, the Council has allocated responsibilities and accountabilities to all employees to ensure the maintenance of the Occupational Safety and Health program is optimal.

Continuous improvement incentives have been incorporated into the Occupational Safety and Health Management Plan aimed at achieving the Shire of Woodanilling' safety objectives and targets.

The employer acknowledges a duty of care to:

- Provide and maintaining a safe working environment.
- Providing adequate training, instruction and supervision to enable employees to perform their work safely and effectively.
- Investigating all actual and potentially injurious occurrences in order to identify and control the cause to reduce the level of risk in the workplace
- Compliance with current *Occupational Safety and Health Act 1984*, and the Occupational Safety and Health Regulations 1996, relevant Australian Standards including AS/NZS ISO 31000, 2009 and relevant Approved Codes of Practice
- Engage and consult stakeholders and representatives (including Volunteers and contracted Service Providers) in matters regarding occupational safety and health in the workplace.

Employees have a duty of care to:

- Working with care for their own safety and that of other employees, contractors, volunteers and public who may be affected by their acts or omissions.
- Reporting hazards, accidents, incidents and near misses to their Line Manager
- Co-operating positively in the fulfillment of the obligations placed on their employer.
- Assisting in the reporting and investigation of any accidents with the objective of introducing and reviewing controls to prevent re-occurrence.

At the Shire of Woodanilling, a safe and efficient place of work is our goal and we must all be committed by working together to reach this outcome.

DISABILITY ACCESS & INCLUSION PLAN

OUTCOME 1 - Existing functions, facilities and services are adapted to meet the needs of people with disability.

- The annual Australia Day Breakfast is held at the Woodanilling Recreation Facility which provides easy wheelchair access. A public address system is always used to ensure all participants can hear speeches including people with hearing impairment.
- A priority bin service was developed to assist people who are unable to move their bin to and from the kerbside, upon request.
- Provide large print books for vision impaired community members in our Library.
- The Bloom Festival Bush Dance held in the Woodanilling Town Hall is becoming an annual event over the duration of the Hidden Treasures month of celebration (Sept to Oct). This event is an all-inclusive affair offering accessible entry and egress at the facility.

OUTCOME 2 - Access to buildings and facilities has been improved.

- The Woodanilling Recreation Centre building provides accessible toilet facilities and entrance doors are at ground level to enable easy wheelchair access.
- Improved access was provided to Council's administration building, including a paved and ramped entry path and relocation of easy access parking bays.
- Unisex accessible public toilets were built at the town's Centenary Park.
- Footpaths in the main street are continuing to be upgraded with the levelling of footpaths in areas that are effected by tree roots.

OUTCOME 3 - Information about functions, facilities and services is provided in formats which meet the communication needs of people with disability.

- Information is available in alternative formats by request through the shire website or over the counter.

OUTCOME 4 - Employee awareness of the needs of people with disability and skills in delivering services is improved.

- Administration and Works Crew staff underwent training through LGIS called "At the

Coalface". This training provided staff with the basic skills to communicate with people who may have mental Health issues, also providing training around safety and security in the work place. Which gave practical advice on providing good customer service to people with a variety of disabilities.

OUTCOME 5 & 6 - Opportunities are provided for people with disability to participate in public consultations, grievance mechanisms and decision-making processes.

- Information on consultations was simplified and made available in alternative formats upon request.
- Municipal election voting was held in accessible buildings and some voting booths were modified to suit people using wheelchairs, and postal voting was accepted.

OUTCOME 7 - People with disability have the same opportunity as other people to obtain and maintain employment with the Shire of Woodanilling.

- Introduction of recruitment practices to ensure equal employment opportunities.
- The Shire office layout has been modified so that it is wheelchair accessible.

NATIONAL COMPETITION POLICY (NCP)

The Shire is required to report its progress in implementing the National Competition Policy in their annual report. There are a number of specific requirements placed on local government in the areas of competitive neutrality, legislation review and structural reform.

COMPETITIVE NEUTRALITY

The principle of competitive neutrality is that government business should not enjoy a competitive advantage or disadvantage, simply as a result of their public sector ownership. For local government this relates to user-pays income of over \$200,000.

In accordance with the Shire's responsibilities under Clause 7 of the statement relating to competitive neutrality, the Shire of Woodanilling has reviewed its

activities in line with advice from the Department of Local Government Circular No 806 and has found that none of its activities are "Significant Business Activity" for competitive neutrality requirements.

The Shire of Woodanilling did not privatise any activities in 2020/2021 consequently there were no obligations to report in this area.

LEGISLATIVE REVIEW

The Shire is required to assess which of its local laws might impact on competition and conduct a review to determine how restrictive practices might be overcome.

No new local laws were created or reviewed in 2020/2021.

RECORD KEEPING PLAN

Council's revised Record Keeping Plan was adopted by Council on 17 May 2016.

RECORD KEEPING POLICY

POLICY STATEMENT

The Shire of Woodanilling is committed to making and keeping full and accurate records of its business transactions and its official activities. Records created and received by Shire personnel and contractors, irrespective of format, are to be managed in accordance with the Shire's Recordkeeping Plan and this Records Management Policy and Procedures Manual. Records will not be destroyed except by reference to the General Disposal Authority for Local Government Records and the General Disposal Authority for Source Records.

RATIONALE

A systematic approach to records management within any organisation is vital to protect and preserve the information contained within the organisation's records. These policies and guidelines support recordkeeping in the Shire of Woodanilling by:

- Providing support for effective decision making, business efficiency, litigation protection, managed information flows and retention of the corporate memory;
- Managing the risks that may result from inadequate records practices;
- Providing uniform protection and controlled access for records in all formats;
- Ensuring that all employees and contractors understand and can comply with the legislative and business requirements of recordkeeping; and
- Ensuring that Shire of Woodanilling personnel understand that the records of the Shire are corporate assets and government records and do not belong to individuals.

GUIDELINES

The Shire of Woodanilling has implemented systematic records management policies, procedures and practices to ensure the capture and management of all its records, irrespective of format. All elected members and staff will ensure that full and accurate records are created to reflect business transactions and decisions.

The Shire uses a standard method to identify and retrieve the records it holds, through the use of a File Listing. The Shire currently uses the filing system within LOGIS Synergy Soft Central Records as its formal records management system.

Synergy Soft Central Records is an eDRMS. The Shire of Woodanilling has set up standards in accordance with the General Disposal Authority for Source Records which will be applied to all incoming and outgoing hard copies of records. All hard copy source records will undergo a digitisation process.

Source Records will only be disposed of in accordance with the State Records Office's General Disposal for Source Records.

Corporate records will only be disposed of in accordance with the State Records Office's General Disposal Authority for Local Government Records. The objectives of the Shire of Woodanilling RKP are to ensure:

- Compliance with Section 28 of the State Records Act 2000;
- Recordkeeping within the Local Government is moving towards compliance with State Records Commission Standards and Records Management Standard AS ISO 15489;
- Processes are in place to facilitate the complete and accurate record of business transactions and decisions;
- Recorded information can be retrieved quickly, accurately and cheaply when required; and the
- Protection and preservation of the Local Government's records.

STATE RECORDS COMMISSION

STANDARD 2: PRINCIPLE 6 COMPLIANCE

Government organizations ensure their employees comply with the record keeping plan.

6.1 STAFF TRAINING, INFORMATION SESSIONS

The Shire of Woodanilling has implemented the following activities to ensure that all staff are aware of their recordkeeping responsibilities and compliance with the Recordkeeping Plan:

Activities to ensure staff awareness and compliance	YES	NO
Presentations on various aspects of the Local Government's recordkeeping program are conducted. These are delivered to all staff on a regular basis.	✓	
In-house recordkeeping training sessions for staff are conducted.	✓	
From time to time an external consultant is brought in to run a recordkeeping training session for staff. Staff are also encouraged to attend training courses outside the organization whenever practicable.	✓	
Staff information sessions are conducted on a regular basis for staff as required.	✓	
The Local Government provides brochures or newsletters to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention.		
The Local Government's Intranet is used to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention.	✓	
The Local Government's Induction Program for new employees includes an introduction to the Local Government's recordkeeping system and program, and information on their recordkeeping responsibilities.	✓	

Coverage of the training/information sessions as detailed here extends to all staff. However, records management staff are offered more frequent and more specialised training where required.

Please refer to Appendix 8 for samples of training and induction information.

6.2 PERFORMANCE INDICATORS IN PLACE

The following performance indicators are being set in place to measure the efficiency and effectiveness of the Shire of Woodanilling's recordkeeping systems:

- IT Vision system upgrades are implemented annually
- Staff survey eliciting feedback on use, effectiveness or recordkeeping system/training annually; and
- Number of new staff attending Records induction

The Shire of Woodanilling aims to review these performance indicators and determine if further performance indicators should be put in place at the end of the 2018/19 financial year.

6.3 AGENCY'S EVALUATION

There is a need for some reviews of the Shire of Woodanilling's recordkeeping systems in the following areas records digitization. The Shire has continued to seek areas of improvement and based on consultation with staff a digitization program was undertaken in 2016.

6.4 ANNUAL REPORT

An excerpt from the Shire of Woodanilling's latest Annual Report is attached, demonstrating the organization's compliance with the State Records Act 2000, its Recordkeeping Plan and the training provided for staff. Please refer to Appendix 9.

6.5 IDENTIFIED AREAS FOR IMPROVEMENT

Whilst the Shire of Woodanilling's staff training and information sessions are adequate, further development of the staff induction procedure is ongoing.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 26 to these financial statements.

INITIAL APPLICATION OF ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

These were:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Definition of Materiality*

The adoption of these standards had no material impact on the financial report.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current*
- AASB 2020-3 *Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments*
- AASB 2021-2 *Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates*

It is not expected these standards will have an impact on the financial report.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

	1,779,334	966,383	2,172,447

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of:

Revenue from contracts with customers included as a contract liability at the start of the period	69,286		79,400
Revenue recognised from contracts with customers during the year	1,351,221	390,030	1,565,796
Revenue from transfers intended for acquiring or constructing recognisable non-financial assets held as a liability at the start of the period	0		0
Revenue from transfers intended for acquiring or constructing recognisable non financial assets during the year	358,825	576,353	527,251
	1,779,332	966,383	2,172,447

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:

Trade and other receivables from contracts with customers	31,870		112,786
Contract liabilities from contracts with customers	(106,341)		(69,286)

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 23.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change was effective from 1 July 2019 and represented a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximated cost at the date of change.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

Refer to Note 11 that details the significant accounting policies applying to leases (including right-of-use assets).

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Sealed roads and street formation	not depreciated
Pavement	50 years
Seal	
bituminous seals	20 years
asphalt surfaces	25 years
Gravel roads formation	not depreciated
Footpaths - slab	20 years
Sewerage piping	100 years
Water supply piping and drainage systems	75 years

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

Contract liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity

Grant liabilities represent the the Shire's performance obligations to construct recognisable non-financial assets to identified specifications which are yet to be satisfied.

Grant liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Service concession liabilities

Service concession liabilities relate to the grant of right to an operator in respect of an asset controlled by the Shire. They represent the unearned revenue related to the grant of right, and is recognised as revenue according to the economic substance of the service concession arrangement.

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

23. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

* Holding all other variables constant

(b) Credit risk

Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the Shire was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2021 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2021					
Rates receivable

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables

Payables are subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 14(a).

The contractual undiscounted cash flows of the Shire's Payables are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

24. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire of Woodanilling did not have any events occurring after the reporting date that have a significant effect on the financial statements.

**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021****25. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS**

During the year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 1059 Service Concession Arrangements: Grantors

Service concession assets are those assets where a third-party operator constructs assets for the Shire, upgrades existing assets of the Shire or uses existing assets of the Shire to operate and maintain the assets to provide a public service, for a specified period of time. Where, in these circumstances, the third-party operator provides a public service on behalf of the Shire and is deemed to manage at least some of the services under its own discretion, the assets are classified as service concession assets. Newly constructed or upgraded assets are measured at current replacement cost in accordance with the cost approach to fair value in AASB 13 *Fair Value Measurement*. In the case of existing assets, these are reclassified and treated in the same manner with any difference at the date of reclassification between the carrying amount of the assets and their fair value (current replacement cost) being treated as if it is a revaluation of the asset.

Subsequent to initial recognition or reclassification, service concession assets are accounted for by depreciating or amortising in accordance with AASB 116 *Property, Plant and Equipment* or AASB 138 *Intangible Assets*. Where appropriate, any impairment is recognised in accordance with AASB 136 *Impairment of Assets*. At the end of the term of any service concession arrangement, the Shire will reclassify the service concession asset based on its nature or function, and account for it in accordance with accounting standards and policies applicable to the relevant asset classification.

Where the Shire recognises a service concession asset in relation to a newly constructed or upgraded asset, it also recognises a liability. This liability is initially measured at the same amount as the service concession asset, adjusted by the amount of any other consideration provided by the Shire to the third-party operator or from the third-party operator to the Shire. The Shire does not recognise a liability in the circumstances where an existing asset of the Shire is reclassified as a service concession asset except in circumstances where additional consideration is provided by the third-party operator.

Subsequent to initial recognition, the Shire accounts for liability as an unearned portion of the revenue arising from the exchange of assets with the third-party operator and reduces the liability in accordance to the economic substance of the service concession arrangement.

The Shire adopted AASB 1059 *Service Concession Arrangements: Grantors* on 1 July 2020 and confirms that the Shire does not have any existing or new arrangements that fall within the scope of the standard.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

26. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating may be reported as a matter of non-compliance in the audit report in the current year, or in a subsequent reporting period if not addressed. However, even if the is not likely to impact the audit report, it should be addressed promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2020 – 30 JUNE 2021****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****Matters identified during the current year****1. Month End reconciliation Review****Finding**

During our review of reconciliations, we noted there was no evidence that the bank, creditors or receivables reconciliations for July 2020 to May 2021 had been reviewed by an authorised officer.

Rating: Significant**Implication**

Reconciliations are a key control for ensuring financial data is completely and accurately reflected in the general ledger from which financial statements are derived. There is a risk that internal controls are not being fully applied and that unreconciled or unauthorised transactions may go undetected and/or unresolved.

Recommendation

We recommend reconciliations should be reviewed by an independent senior officer and evidence of this review is to be retained.

Management Comment

The recommendation is acknowledged and accepted. The Chief Executive Officer, Deputy Chief Executive Officer or the Accountant will be responsible to perform the review of the month end reconciliation with a procedure and month end checklist to be activated and utilised by all responsible officers. This includes responsible officers and Management to be fully aware of the month end reconciliation process and procedure.

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2020 – 30 JUNE 2021****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****Matters outstanding from the previous year****2. Asset Renewal Funding Ratio****Initial Finding - 2020**

The Shire has not reported the Asset Renewal Funding Ratio for 2020 or 2021 in the annual financial report, as required by Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996. This is because the Asset Management Plan and Long-Term Financial Plan have not been recently updated, as a result of which the ratios would not be current and accurate.

We note that the Shire has commenced a review of these plans, although this has not yet been finalised and endorsed by Council.

Finding status - 2021

The Asset Management Plan and the Long-Term Financial Plan have not been updated. We understand that the Shire intends to engage a consultant to complete these plans in the 2021-22 financial period.

2021 Rating: Significant (2020 Rating: Significant)**Implication**

The financial report does not comply with Regulation 50(1)(c) of the Local Government (Financial Management) Regulations 1996.

Recommendation

We recommend that the Shire prepares, reviews and updates the Asset Management Plan and the Long-Term Financial Plan annually, to ensure that 10-year projections are available as required by the regulations, in order for the asset renewal funding ratio to be calculated based on verifiable information and reasonable assumptions.

Management Comment - 2020

Noted and Accepted. Will be completed by 30 June 2021.

Responsible Person: Chief Executive Officer**Completion Date:** 30 June 2021**Management Comment - 2021**

The non-compliance is noted and accepted. There is a desire to complete the Asset Management through a structured and meaningful approach that reflects the condition, required maintenance and retention of each asset that can be then accurately inform the Long-Term Financial Plan. This process will commence in the 2022/2023 financial year with current road conditions and input into RAMM to commence the process.

Responsible Person: Chief Executive Officer/Works Supervisor**Completion Date:** June 2023

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2020 – 30 JUNE 2021****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****3. Bonds and Deposits Held****Initial Finding - 2020**

Audit testing determined that “Bond and Deposit” accounts had numerous minor outstanding entries dating back many years. Given the historical nature of these entries, it is difficult to determine whether these entries were in fact liabilities of the Shire or are now Municipal revenue. Outstanding bonds and deposits totalled \$42,136 at 30 June 2020.

Finding status - 2021

The accounts remain largely inactive. Investigation has been commenced and discussed with Council with the intention of resolving in the current year.

Rating: Moderate (2020 Rating: Minor)

Implication

There is a possibility that the liability may require refund, recognition as revenue or transfer to the Receiver of Public Monies.

Recommendation

The Shire undertake a full investigation of all outstanding bonds and deposits and implement actions to resolve or correct as required.

Management Comment - 2020

Will be addressed in March 2021 budget review to be completed by 30 April 2021. Most relate to previous items held in trust but transferred out during the previous regulation change. These will now be reflected in reserve accounts if they were for a specific purpose.

Responsible Person: Chief Executive Officer
Completion Date: 30 April 2021

Management Comment - 2021

The recommendation is accepted. Current staff are new to this item identified and will address and finalise the corrections of monies held in trust/bond accounts held by the Shire. The timing will be aligned with the forthcoming budget and end of year processes therefore enabling the completion and correction of these items.

Responsible Person: Chief Executive Officer/Accountant
Completion Date: September 2022

SHIRE OF WOODANILLING**PERIOD OF AUDIT: 1 JULY 2020 – 30 JUNE 2021****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****4. Municipal Bank Reconciliation****Initial Finding - 2020**

The Municipal bank reconciliation at 30 June 2020 was not supported by a complete and detailed listing of reconciling items.

Finding status - 2021

The Municipal bank reconciliation at 30 June 2021 was not supported by a complete and detailed listing of reconciling items.

Rating: Moderate (2020 Rating: Minor)

Implication

Whilst the list of reconciling items was able to be regenerated for audit purposes, it indicates a weakness in the review and approval process. This increases the risk of errors, omissions or fraud remaining undetected.

Recommendation

The responsible officers should ensure that a complete review is undertaken, which includes ensuring that the bank reconciliation is supported by a detailed listing of all reconciling items.

Management Comment - 2020

A complete listing of reconciling items will be produced to support the figures in the bank reconciliation.

Responsible Person: Chief Executive Officer

Completion Date: 30 April 2021

Management Comment - 2021

The recommendation is acknowledged and accepted. The Chief Executive Officer and Accountant will review process and procedure. A more financial review approach along with approval process will be implemented and updated. Review against Synergysoft system and bank statements will be more independently reviewed along with maintaining this on an end month process. Processes and procedures will be updated and maintained accordingly by Chief Executive Officer.

BRIEF SUMMARY

The purpose of this report is to request Council authorise the Chief Executive Officer to endorse the payment of \$75 from the purchase of Local Authority Special Series number Plates to the Woodanilling Sport and Recreation (WSRA) and to endorse the New Council Policy 106 - Special Local Authority Vehicle Number Plates.

BACKGROUND/COMMENT

The Local Authority Special Series Plate sales were implemented in the early 1990's, an incentive devised by the Department of Transport. The idea behind the Special Series Plate was to raise funds to assist with funding across the organisation or groups.

The Shire had historically nominated the funds to go towards Sport and Recreation within the Shire of Woodanilling for Sport and Recreational clubs by contributing the nominated amount to be utilised for assisting sports purposes. The money was requested to be placed in trust for the purpose of the use for fostering of sport and recreation pursuits within the Shire of Woodanilling.

Past contributions were provided towards the ducted air conditioning at the new Pavilion and assisting junior/senior carnivals in assisting for sporting ventures.

With reference to the funds that are derived from the sale the Department of Transport (DOT) Vehicle Licence Plates, DOT retains the cost to make the plates of \$200.00 with the balance of \$75.00 has been retained over a number of years with the Shire and held in trust historically.

Legislation changes to the Shire's holding these types of funds held in trust were recommended by the Office of Auditor General to move them into the municipal fund account. The total amount currently in held is \$1,340.00.

To capture the process and to identify these funds, Shire Officers in collaboration with Elected Members, are now recommending a policy to help identify these funds and the process to undertake to acquire these funds held by Council.

The new Council Policy – 106 – Special Local Authority Vehicle Number Plates is contained in **ATTACHMENT 14.1.1**.

BRIEF SUMMARY

The purpose of this report is for Council to receive the advice from the Director of Liquor Licensing to advise that the Woodanilling Golf Club Inc. (WGC) has relinquished its Liquor License and the process has been now fully executed.

BACKGROUND/COMMENT

The Shire of Woodanilling entered into a Lease agreement with the Woodanilling Golf Club Inc. for the use of the Reserve 11066. This Reserve was vested on the 16th October 1957 being a reserve for the purpose of "Recreation (Golf Links)" The current Lease agreement was entered into on 1st January 2009 and expires on 31st December 2030.

On the 7th January 2022 the Woodanilling Golf Club Inc. lodged an application with the Department of Local Government, Sport and Cultural Industries Liquor Enforcement Unit to surrender the Club Restricted Liquor License. This was officially accepted by the Department on the 29th June 2022. Their reasoning was due to the lack of membership, the trustees of the Club had met and consented to surrender the Liquor License.

The copy of the surrender of license is contained within **ATTACHMENT 14.2.2**.

The current Lease agreement notes:-

"Section 2.11 (b) Bar facilities shall be available and a liquor license obtained as arranged with and approved by the Lessor, such approval not being reasonably withheld."

The Woodanilling Golf Club Inc. will now be required to obtain the relevant licensing controls under an Occasional Liquor License permit under the Liquor Licensing guidelines.

There is no requirement for any variation to the current lease agreement however the WGC will be required to apply for an Occasional Liquor License. If Alcohol is to be served and sold at the venue and that the Occasional Liquor Licensing Policy be adhered too.

A copy of the current lease agreement is contained in **CONFIDENTIAL ATTACHMENT 14.2.1**.

On review of this change and the current Council Policy 81 – Use of Shire of Woodanilling Facilities (**ATTACHMENT 14.2.3**), Shire Officers will be required to review the current policy to make sure that the Council facilities are aligned to the current legislation.

This will be required to be brought back to Council for considering in the coming months.

STATUTORY/LEGAL IMPLICATIONS

Local Government Act 1995

3.58. Disposing of property

(1) In this section —

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

- property** includes the whole or any part of the interest of a local government in property, but does not include money.
- (2) Except as stated in this section, a local government can only dispose of property to —
- (a) the highest bidder at public auction; or
 - (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.
- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —
- (a) it gives local public notice of the proposed disposition —
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and
 - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;
 - and
 - (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.
- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —
- (a) the names of all other parties concerned; and
 - (b) the consideration to be received by the local government for the disposition; and
 - (c) the market value of the disposition —
 - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
 - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.
- (5) This section does not apply to —
- (a) a disposition of an interest in land under the *Land Administration Act 1997* section 189 or 190; or
 - (b) a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or
 - (c) anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or
 - (d) any other disposition that is excluded by regulations from the application of this section.

Furthermore, the provisions of the liquor license is under the *Liquor Control Act 1988*.

ADOPTED POLICY	
TITLE:	Use of Shire of Woodanilling Facilities
OBJECTIVE:	To provide a framework for the hire and use of community facilities (hereby referred to as “facilities”) and parks and reserves (hereby referred to as “reserves”) across the Shire of Woodanilling.

POLICY STATEMENT

The overall objective of facilities and reserves across the Shire of Woodanilling is to provide spaces and places for a variety of functions, events, and activities for the community. In order to ensure that conditions related to the hire and use of facilities and reserves throughout the Shire are applied consistently, this policy outlines:

- Fees and charges applicable to facilities and reserves across the Shire (including bonds).
- Subsidised use of facilities and reserves.
- Measures for the storage and consumption of alcohol at facilities.
- Conditions of hire.

DEFINITIONS

Chief Executive Officer - Where the Chief Executive Officer is mentioned in this policy it means the Chief Executive Officer of the Shire of Woodanilling.

Casual Hirers - Casual hirers are those users of the Shire’s facilities and/or reserves that hire for a one-off specific event or intermittent and/or irregular meetings during any given year to a maximum of 5 sessions per year.

Service Clubs, Charitable Institutions and Emergency Service Organisations - Charitable institutions are those organisations recognised as licensed charities by the Charitable Collections Advisory Committee and officially listed by the Ministry of Fair Trading in their listing of licensed charities in Western Australia. Service Clubs are defined as those organisations where members may volunteer to perform community services and where these activities form a principal part of the organisation’s objectives and goals. Funds raised by these groups, to be eligible under this Service Club definition, must be donated to a charitable cause and/or research designed to improve standards and overall quality of life.

Examples of service clubs include Rotary Clubs, Lions Clubs, and Apex Clubs. Specific emergency service organisations included in this definition are the State Emergency Service and volunteer Bushfire Brigades.

Facilities - Facilities are defined, for the purposes of this policy, as multipurpose community and recreation venues supplied by the Shire and available for hire.

Reserves - Reserves are defined as all of those areas under the Shire’s control set aside for passive recreation and sporting activities. This definition includes parks, active reserves, sport grounds and other passive reserves.

Commercial User Groups - A commercial user group is one, which is a registered business with the Ministry of Fair Trading and results in private pecuniary gain (i.e. income generation & profit). Those user groups deemed to be of a commercial nature would be charged the commercial fee for all use of the Shire’s facilities.

Community User Groups - A community user group is defined as a non-profit organisation and shall include, but is not limited to sporting clubs (that are incorporated under the Associations Incorporations Act), stated not-for-profit community groups, religious groups, education institutions and groups that have a focus on community needs with a social benefit. This definition also applies to private bookings such as weddings, birthday parties, christenings etc. Those groups deemed to be of a community nature would be charged the community fee for all use of the Shire’s facilities.

SCOPE OF POLICY

This policy applies to the hire of facilities and reserves throughout the Shire for events, activities or functions that are deemed to fall within the existing capacity of the venue involved or of a nature that falls within the normal operations of the facility or reserve. All other events, activities and functions shall be referred to the Council and may be subject to the provisions of other Shire policies.

This policy DOES NOT APPLY to:

- Administration Centre at 3316 Robinson Rd, Woodanilling.
- Lake Queerearrup
- Any facility throughout the Shire currently under a lease/licence agreement with a specific organisation/s.

Fees and Charges

Fees and charges applicable to all community facilities and reserves defined in this policy will be in accordance with the Schedule of Fees and Charges adopted by Council annually as part of the budget and amended from time to time.

Bonds applicable to facility and reserve hire

A refundable bond will be payable on any and all hire of facilities and reserves.

Subsidised use of Facilities and Reserves

The following groups automatically qualify for a 75% discount on the scheduled hire fee for the use of facilities and reserves:

- Community User Groups;
- Service Clubs;
- Charitable Institutions; and
- Emergency Service organisations

Storage and consumption of alcohol at community facilities and reserves**Consumption of alcohol**

Any club/group or individual wishing to hold an event, activity or function at the Shire's facilities or reserves which involve the consumption of alcohol by attendees must apply in writing for approval prior to the activity, event or function.

Sale of Alcohol

Any club/group or individual wishing to hold an event, activity or function at the Shire's facilities or reserves which involve the sale of alcohol to attendees must apply in writing for approval prior to the activity, event or function.

Approval for the sale of alcohol will only be considered for those clubs/groups or individuals, which have been granted either an Occasional, Club or Club Restricted Liquor License from the Office of Racing and Gaming (Liquor Licensing Division).

Storage of Alcohol

The storage of alcohol is NOT PERMITTED at any of Council's facilities that are multipurpose in nature and defined in this policy.

Restricted/Unrestricted Liquor Licenses

Any club/group or individual wishing to have a regular restricted liquor licence at the Shire's facilities or reserves must apply in writing for approval.

Any club/group or individual wishing to have an unrestricted Club Licence at the Shire's facilities or reserves must apply in writing for approval.

CONDITIONS OF HIRE

Conditions of Hire forms as noted in this policy shall be made available to all prospective hirers when booking enquiries are made and signed by the prospective hirer prior to the function, event or activity date.

Conditions of Hire forms outline:

- • Blocking Booking and Booking Usage
- • Bonds
- • Cancellations, refunds and tentative bookings
- • Cleaning
- • Ground Maintenance and Marking
- • Damage
- • Decorations and equipment
- • Events
- • Hired Area
- • Liability
- • Liquor
- • Noise
- • Payments

- Security
- Subsidised use

SPECIFIC BOOKINGS TAKING PRIORITY

- Hockey Finals in September and Cricket Finals in February/March are to have booking priority.
- Bookings for fixtures, including finals must be made by individual clubs prior to the commencement of their season, and must be for the current playing season only.
- All other bookings made prior to seasonal fixtures bookings take precedence and the hirer will be granted exclusive use of the facility for the hire period;

OTHER

In all cases, the Shire reserves the right, at its discretion, to refuse entry or subsidised use of a facility or reserve to an individual or group.

BRIEF SUMMARY

A Designated Area Migration Agreement (DAMA) is a labour agreement allowing businesses/employers to sponsor skilled and semi-skilled overseas workers to fill labour shortages in specific areas that cannot be filled with Australian workers.

This report seeks a commitment from Council to support the establishment of a DARMA that covers all of the 11 Local Governments in the Great Southern region. Further the report seeks a financial commitment from each of the local governments to fund the business case necessary for the DARMA application.

Establishment of a Great Southern Region DAMA has both in-principle support and financial commitment from Regional Development Australia (RDA) and the Great Southern Development Commission (GSDC).

The DAMA Information Paper is contained within **Attachment 15.1.1**.

BACKGROUND/COMMENT

A regional Designated Area Migration Agreement (DAMA) is a formal agreement between the Australian Government and a regional, state or territory authority. Operating under an agreement-based framework, a DAMA provides access to more overseas workers than standard skilled migration programs (Temporary Skills Shortage (TSS) 482 visa or Regional 494 visa) by allowing variations to standard occupations and skills lists.

Establishing a DAMA in the region requires the support of various stakeholder groups as well as an in-depth analysis of relevant employment markets with verified evidence to support the application. Once established, a DAMA is reviewed annually and may be varied yearly.

A DAMA is a two-tier framework covering a defined regional area. The framework is:

- first tier - an overarching five-year head agreement with the region's representative (e.g. Regional Development Australia Great Southern). A region representative is called the Designated Area Representative (DAR).
- second tier - DAMA labour agreements with businesses/employers under the head agreement for the region.

Under the framework the DAR forms the first tier and negotiates a DAMA on behalf of businesses/employers within its region. Negotiations provide the most significant benefit of a DAMA and encompass standard occupations, including skill lists and any concessions that may be appropriate to a specific occupation. Examples of negotiated concessions include an extension of the age criteria, relaxation of English skills requirements or modification to the skills and experiences required. The result is flexibility for regions to respond to their unique economic and labour market conditions.

The framework's second tier formalises the individual DAMA labour agreement. A business/employer applies for a DAMA Labour Agreement to the DAR. The business/employer must first demonstrate via Labour Market Testing (LMT) that it cannot employ suitable Australian employees. (A LMT is a business

case presented to a DAR and the Department of Immigration that provides solid evidence and includes advertising on the Australian Government's Jobactive website and other search methods.)

If an application satisfies the DAMA's terms and conditions, and is supported, the DAR provides endorsement of the application through an approval letter. Once endorsed, applications are then subject to assessment by the Department of Home Affairs and Minister of Immigration, Citizenship and Multicultural Affairs.

If an occupation is unavailable under the standard visa programme, or the DAMA program, a business may negotiate its own Labour Agreement with the Minister, separate from a regional DAMA. Negotiations are based on a labour market survey that demonstrates the reason why a previously unlisted occupation has been applied for.

It is noted most regional businesses do not have the capacity to individually negotiate a Labour Agreement due to lack of capacity, expense and time constraints. A regional DAMA would provide a more attractive option to support business owners in the Great Southern.

Benefits of a DAMA

A DAMA could provide a community with economic benefits through population growth and increased output. The key value opportunity is that immigrant workers cannot move from the area of their DAMA, but can move between businesses within that area. Effectively migrant workers are secured to the region.

Another benefit of a DAMA is that the semi-skilled occupations that are in shortage in the particular region, could be available under a DAMA, while they are not available under the standard visa program. Some examples of such occupations are truck drivers, wait staff, bar attendants, drillers, driller assistants, earthmoving/mobile plant operators and horticultural workers such as process and field workers.

DAMA concessions

English Language Concession:

The English language test scores required under a DAMA can be lower than under the standard visa program making it easier for the applicant's visa to be processed. This is especially the case where a person is generally a good English communicator but perhaps not able to meet the requirements of a stringent English test for a visa.

Temporary Skilled Migration Income Threshold (TSMIT) Concession:

The TSMIT value is set by legislation to ensure that migrant workers can financially support themselves in Australia and acknowledges the additional costs temporary residents incur, such as health care and education costs. The current value of the TSMIT is \$53,900, excluding superannuation.

When calculating whether the salary paid by an employer meets the TSMIT, annual earnings may consist of the base salary plus guaranteed earnings such as housing, company car, and guaranteed overtime where this is an industry standard. If an employer intends to include these guaranteed earnings to meet TSMIT requirements, they must be valued and written into the agreed employment contract.

The use of concessions must not undermine relevant industrial awards, nor market salary rates for an equivalent Australian employee in the same location.

Skills Concession:

Every occupation requires an assessment of education, qualifications and employment experience to determine comparability against the assessment standards of a DAMA.

Permanent Residency requirements:

Upon an approval of the subclass 482 visa, there may be a pathway to permanent residency, subject to satisfying the criteria and availability, through the subclass 186 scheme Employer Nominated Scheme Visa.

Age Concession:

To transition into permanent residency, every applicant must meet the age criteria, being under the age of 45.

DAMA requirements

Advice from the office of Rick Wilson, Federal Member for O'Connor, states that a request for a DAMA must contain, as a minimum, the following:

1. a letter of endorsement from the relevant stakeholders;
2. a Designated Area Representative (DAR), endorsed by stakeholders, who can manage the request to establish an agreement;
3. a business case if any additional concessions are being requested to the minimum requirements outlined for a company specific labour agreement; and
4. an explanation of how the DAR proposes to support employers and facilitate the integration of overseas workers in their local communities (for example – provision of information on workplace rights and sponsorship obligations; basic services in the local area such as health; emergency and educational services; community activities such as sporting groups and religious services; engagement of a multicultural officer);
5. supporting documentation, which may include:
 - a. profit and loss statements;
 - b. other applicable financial statements; and
 - c. relevant supporting information.

An example of a region in Western Australia currently covered by a DAMA, since 21 March 2019, is the Goldfields region. The City of Kalgoorlie-Boulder is the DAR and represents other regional and nearby shires.

The Goldfields region aimed to secure permanent labour so as to avoid constantly retraining employees, such as backpackers. The Pilbara region had also applied for a DAMA before the Goldfields was secured, however they were unsuccessful in their application due to not being able demonstrate eligibility.

It is important to note the Goldfields DAMA is an employer-sponsored visa programme providing the framework for employers in its designated area to sponsor skilled and semiskilled workers under visa subclasses 482, 494, and 186. This is the same model proposed by the Great Southern region.

The process of becoming a DAMA took the City of Kalgoorlie-Boulder 12 months, once the application was submitted. A financial consultancy business was engaged to undertake their business case, which can take between 3 and 6 months to establish.

From a human resource perspective, the City of Kalgoorlie-Boulder provided a 0.5 FTE (full time equivalent) staff member to liaise with the consultant throughout the formation of the Business Case.

In addition, the following on-going human resource tasks, required as the DAR, include:

1. dealing with an approximate average of 1 to 2 business applications per month. A charge of \$250 is levied for each nomination for endorsement. This includes Statutory Declarations and ensures businesses are financially viable and stable.
2. answering queries from prospective businesses, which can be very time consuming.
3. seeking guidance from a team within the Department of immigration.
4. undertaking of an Annual Report for the Department and Minister.
5. negotiation of ongoing Terms and Conditions of the DAMA.
6. surveys and analysis of the regional labour market.
7. monthly meetings with a Department of Immigration representative to discuss the DAMA programme. Note: The Department also liaises with businesses directly.

Other points of note, gained through research with external organisations, include:

1. a subclass 491 visa, for highly skilled and desired occupations, requires nomination by the State Government, or an eligible family member and doesn't require a sponsor. This type of visa cannot be included in a DAMA;
2. the City of Kalgoorlie-Boulder has a population of approximately 30,000;

3. the more local government authorities involved, the better the chance of securing a DAMA; and
4. a larger organisation, such as a Regional Development Authority is best positioned to take on the role of regional representative (DAR) and offers the application a stronger opportunity for success, indicating collaboration between communities.

Creating a DAMA is an extensive process, particularly for the lead organisation (DAR) involved in the application and consultancy phase. Furthermore, there are significant resources required to manage ongoing applications which require liaison with the Department of Immigration for the five-year term.

This type of project requires the support of many stakeholders including regional Local Governments, Chambers of Commerce, Regional Development Australia (RDA), Development Commissions, and members of parliament. All stakeholders must endorse the organisation that is capable and willing to accept the responsibility of being a Designated Area Representative.

Regional Development Australia (RDA) Great Southern have offered to act as the Designated Area Representative (DAR) which will meet this ongoing administrative requirement.

Alternative Visa Options to DAMA

Pacific Labour Mobility Scheme

This Scheme enables citizens of partner countries to take up low-skilled and semi-skilled work opportunities in all sectors in rural and regional Australia for up to 3 years. Partner countries include: Fiji, Kiribati, Nauru, Papua New Guinea, Samoa, Solomon Islands, Timor-Leste, Tonga, Tuvalu and Vanuatu.

Seasonal worker Program (Agriculture and Accommodation)

This Scheme enables citizens of partner countries to take up unskilled and low-skilled work opportunities in the Australian agriculture and accommodation sectors in selected rural and regional locations of Australia for up to 9 months. Partner Countries: Fiji, Kiribati, Nauru, Papua New Guinea, Samoa, Solomon Islands, Timor-Leste, Tonga, Tuvalu and Vanuatu.

Industry Labour Agreement

Labour agreements enable approved businesses to sponsor skilled overseas workers when there is a demonstrated need that cannot be met in the Australian labour market and where standard temporary or permanent visa programs are not available. Industry labour agreements are for a specific industry with fixed terms and conditions. The industry is required to show ongoing labour shortage and extensive consultation within the industry. Various approved industry labour agreements include dairy, aquaculture, fishing, meat and livestock, advertising, hospitality, labour-hire and religion.

Standard Business Sponsorship -482 (For highly Skilled Occupations)

This temporary visa lets an employer sponsor a suitably skilled worker to fill a position for which they are unable to find a suitably skilled Australian. Based on the occupation, this visa is generally granted for 2-4 years.

POLICY IMPLICATIONS

There is currently no Council Policy associated with this item.

FINANCIAL IMPLICATIONS

As outlined in Table 1 below a proposed funding model identifies the relative cost proposed by all stakeholders in the development of a DAMA in the Great Southern. It is expected that between \$80,000 to \$100,000 is required to develop the business case in order to be successful. This includes the cost of a consultant to conduct a survey of regional employers, research and provide statistics, and to identify any occupations that may fit the criteria for inclusion in a DAMA application. The direct costs of the consultant are estimated to be circa \$60,000 to \$80,000, with the balance required for project contingencies.

It is noted that a designated team member resource is required to liaise with the consultant. In the case of Kalgoorlie-Boulder, it was estimated that a staff member to the value of 0.5 FTE basis was required for the purpose of establishing their DAMA. Following the successful DAMA application, a further 0.5 FTE investment with ongoing tasks has been required.

RDA Great Southern have indicated they are prepared to fund the ongoing 0.5 FTE employee costs relating to the DAR for the proposed five-year period. On this basis each local government in the Great Southern are only required to fund the upfront business case. Each employer that makes application in the Great Southern will fund the ongoing administration costs of the DAR. There may also be a proportion of the application fees over the five-year period that recoups some or all of the original local government investment. This will be determined if the Great Southern zone local governments make a commitment to the business case and DARMA application. RDA Great Southern will lead this process and report back to the zone.

STRATEGIC IMPLICATIONS

THEME 1

Community Well-Being

OBJECTIVES

To support the delivery of programs and initiatives that foster community spirit and harmony

STRATEGIES

By supporting community projects that have direct benefit to the well-being of our community.

CONSULTATION/COMMUNICATION

A West Australian Local Government Association (WALGA) Great Southern Country Zone meeting was held in Jerramungup on 24 June 2022. All 11 Local Governments of the region were represented.

The Great Southern Development Commission Chief Executive Officer Natasha Monks also attended and participated in the briefing on a proposed DAMA for the region.

The meeting resolved:

That the Great Southern Country Zone of WALGA supports the concept of the Designated Area Migration Agreement (DAMA) as follows:

1. *The Great Southern Country Local Governments are to report back to the Zone Executive Officer by Wednesday, 17 August 2022 as to their interest in joining the DAMA.*
2. *The Great Southern Country Zone acknowledge the Regional Development Australia office will act as the Designated Area Representative (DAR), and*
3. *The Great Southern Country Zone acknowledges that funding will be required from each Local Government.*

RISK MANAGEMENT

The risk has been assessed and identified as financial insignificant and if Council does not support the access to workers across the regions is considered "Medium".

Consequence	Insignificant	Minor	Moderate	Major	Extreme
Likelihood					
Almost Certain	Medium	High	High	Severe	Severe
Likely	Low	Medium	High	High	Severe
Possible	Low	Medium	Medium	High	High
Unlikely	Low	Low	Medium	Medium	High
Rare	Low	Low	Low	Low	Medium

Risk Rating	Action
LOW	Monitor for continuous improvement.
MEDIUM	Comply with risk reduction measures to keep risk as low as reasonably practical.
HIGH	Review risk reduction and take additional measures to ensure risk is as low as reasonably achievable.
SEVERE	Unacceptable. Risk reduction measures must be implemented before proceeding.

CONCLUSION

The level of unemployment in the region has remained relatively stable since late 2017. These low unemployment rates indicate the available pool of employees for the regional businesses is extremely low and is ultimately leading to business disruption. A number of large employers in Shire's have reduced operating hours in order to cope with lower than desired staffing levels.

On the basis of the current employment conditions the author believes the development of a Great Southern regional DAMA offers part of a solution for those businesses who are currently experiencing under-employment. While it is unlikely a regional DAMA will be the panacea for all businesses it could provide an avenue to assist larger businesses with the capacity to invest in the program.

While a DAMA could produce potential employees, it must also be understood that housing considerations must be taken into account. While housing availability is easing, it is still a significant consideration, and is

likely to continue for another 12-24 months, where employers will need to address this consideration in the development of their business case when preparing their DAMA applications.

On the basis of the relatively low cost, matched against the potential to provide businesses with increased access to new labour markets the author recommends the Shire signal its intent to participate at the next WALGA Great Southern Country Zone meeting on 26 August in Katanning.

Whilst the intent is for the entire Great Southern zone to be include in the DARMA prescribed area this can only be guaranteed if each of the 11 local governments agree both I principle and support the business case with a level of funding considered commensurate with their population and financial circumstances.

VOTING REQUIREMENTS

Absolute Majority

OFFICER'S RECOMMENDATION

That Council:

1. SUPPORT the development of a Great Southern Designated Area Migration Agreement; and
2. REQUEST the Chief Executive Officer to advise the West Australian Local Government Great Southern Country Zone Meeting, by 17 August 2022, of the Shire of Woodanilling intent to participate, subject to:
 - a. Regional Development Australia Great Southern undertaking the role of the Designated Area Representative, and
 - b. A contribution of up to \$1,000, be confirmed as the Shire of Woodanilling contribution with the Chief Executive Officer authorised to commit funding up to this amount.

Designated Area Migration Agreement (DAMA)

Information Paper

Agenda item title	7.2 Designated Area Migration Agreements (DAMA)
Name of Council	Shire of Kojoonup
Name of Author	Grant Thompson and Judy Stewart
Zone meeting date	24 June 2022

Background

Glossary:

DAMA – Designated Area Migration Agreement

DAR – Designated Area Representative

DEPARTMENT – Department of Home Affairs (Australian Federal Government)

EMPLOYER – businesses, sponsors, companies, third parties (identified by their Australian Business Number)

LMT – Labour Market Testing

PR – Permanent Residency

SPONSOR – an employer who is responsible for nominating an overseas worker

The purpose of this report is to present information on Designated Area Migration Agreements (DAMA) to consider the establishment of a DAMA for the Great Southern region, with the vision of attracting skilled and economic migrants to fill areas of demonstrated labour shortage, increase population in the outlying towns and with a view to benefitting local economies by way of population growth (families), increased housing and businesses, and more children for schools.

Comment

COMMENT

What is a Designated Area Migration Agreement (DAMA)?

Designated Area Migration Agreements are a formal arrangement between the Commonwealth of Australia and a designated area representative (DAR). A DAR may be a state / territory government or regional body such as Great Southern Development Commission (GSDC) or local government.

A DAMA is generally a formal five year agreement between the Federal Government and a DAR (such as a local government authority acting on behalf of itself and other local governments) that allows employers to sponsor skilled and semi-skilled overseas workers to fill positions that an employer is unable to fill with Australian workers.

A DAR is responsible for the management and administration of a DAMA programme and endorses (by way of an endorsement letter) an *employer's* application for a DAMA *Labour Agreement* with the Australian Government (once the employer has satisfied the DAMA's terms and conditions – see attached).

Endorsement does not guarantee a business will have a Labour Agreement request approved by the Department of Home Affairs' Minister of Immigration, Citizenship and Multicultural Affairs. A DAMA is reviewed annually and covers an approved list of occupations that may vary from year to year. Initially, a DAR negotiates with the Minister who decides whether to establish a DAMA in the region. A DAMA requires the support of various stakeholder groups and in-depth analysis into relevant job statistics.

Under the terms of a DAMA, the designated area may be able to access a broader range of overseas workers that are not available through the standard skilled visa program by allowing variation to standard occupations and skills lists and /or negotiable concessions to visa requirements.

A DAMA is negotiated on behalf of businesses within its region; negotiations encompass the type of occupations to be included and any concessions that may be appropriate to an occupation (e.g., an extension of the age criteria, a concession on English requirements, a relaxation of skills experience required etc.) making the region as attractive as possible for prospective migrants.

Majority of DAMA agreements include occupations available under the standard TSS 482 visa or regional 494 visa program. However, the benefit of a DAMA is that concessions to the English language, TSMIT (Temporary Skilled Migration Income Threshold), Age, Skills and PR requirements may be available.

DAMA labour agreements are generally in effect for five years and use the Temporary Skills Shortage and Employer Nominated Scheme visa programs.

An employer must demonstrate (via Labour Market Testing [LMT]) that they cannot find a suitably skilled Australian worker to do a job before proceeding with an application for a DAMA Labour Agreement; there are currently 674 occupations listed on the Department's website although other occupations may be put forward for consideration (a copy of some of the employer costs is attached).

Occupations vary widely and, as an example, include agricultural, religious, restaurant (fine dining), and advertising industries. An LMT is a business case presented to a DAR and the Department that provides solid evidence of not being able to find a suitable

Australian worker and includes advertising on the Australian Government's *Jobactive* website in addition to other advertising.

A business may also enter into its own Labour Agreement with the Minister (outside of a regional DAMA) if an occupation is not available under the standard visa programme or the DAMA programme; negotiations are based on a labour market survey that demonstrates the reason why a previously unlisted occupation has been applied for.

BENEFITS OF DAMA

Economic benefits to communities, such as the flow on effects of population growth, may be more accurately predicted following analysis of results from a community employer survey.

The key value opportunity is that immigrant workers cannot move from the area of their DAMA but can move between businesses within that area, so people are secured to the region.

English Language Concession: The English test scores required under a DAMA can be lower than under the standard visa program making it easier for the applicant's visa to be processed. This especially the case where a person is generally a good English communicator but perhaps not able to meet the requirements of a stringent English test for a visa.

Temporary Skilled Migration Income Threshold (TSMIT) Concession: The TSMIT concession allows the employer to pay the visa holder the same or more salary that is paid to an Australian Worker. The DAMA offers salary concessions that reflect the market, ensuring that worker terms and conditions of employment are not eroded, and businesses and consumers are not subject to inflationary costs.

Skills Concession: Every occupation requires the applicant to meet certain qualification and work experience criteria to be eligible to work under their occupation. So, the skills concession offer concession relating to, qualifications and experience for some occupations.

PR requirements: Under the DAMA agreement, the immigration has provided an opportunity to move from temporary 482 visa to permanent resident, regardless to what the occupation is. The DAMA region has its own specific pathway to PR. This will however involve applicant working in the occupation for 2-4 years being eligible to transition onto the permanent 186- Employer Nominated Scheme Visa.

Age Concession: To transition into Permanent residency, every applicant must meet the age criteria of being under the age of 45. The age concession under the DAMA agreement will offer concession related to the age of an applicant.

Another benefit of the DAMA is that the semi-skilled occupations that are in shortage in the particular region could be available under a DAMA, while they are not available

under the standard visa program. Some examples of such occupations are Truck driver, Waiter, Bar attendant, Driller, Driller Assistant, Earthmoving/mobile Plant Operator, Horticultural workers such as process workers and field workers.

NEXT STEPS

The first step in looking into the possibility of a DAMA for the region is to establish whether organisations within the prospective region are conducive to a DAMA being formed.

If approved a Business Case must be undertaken that includes:

- Support letters from:
 - All the involved Shires
 - Any Chambers of Commerce
 - The Regional Development Authority
 - Local Federal and State Members of Parliament
 - Businesses (if possible)
 - Different Business Bodies (if possible)
- Overview of the region's economy and labour issues - can be demonstrated by:
 - Compelling operational needs
 - Economic recovery (Covid-19 economic recovery)
 - Contractual obligations for employers to meet projects, bringing food to the market etc.,
 - Competing for skilled labour
 - Many more
- Survey Results –
 - How many businesses participated in the workforce survey?
 - What are the commentaries on labour issues?
 - What type of occupations are in critical shortage in the region?
 - What type of migration concessions businesses would like to have? E.g.; lift age for PR pathway from 45 to 50 years old, English concession for most occupations, etc.

Advice from the office of Rick Wilson MP states that a request for a DAMA must contain, as a minimum, the following:

- a letter of endorsement from the relevant stakeholders;
- a Designated Area Representative (DAR), endorsed by stakeholders, who can manage the request to establish an agreement;
- a business case if any additional concessions are being requested (for example, English, skills, salary) to the minimum requirements outlined for a company specific labour agreement; and
- an explanation of how the DAR proposes to support employers and facilitate the integration of overseas workers in their local communities (for example - provision of information on workplace rights and sponsorship obligations; basic services in the local area such as health; emergency and educational

- services; community activities such as sporting groups and religious services; engagement of a multicultural officer);
- supporting documentation, which may include:
 - Profit and loss statements;
 - Other financial statements; and
 - Other relevant supporting information.

A case study of a region in Western Australia currently covered (since 21 March 2019) by a Designated Area Migration Agreement (DAMA) is the Goldfields region with the City of Kalgoorlie-Boulder (City) being the DAR and representing other regional and nearby shires.

The Goldfields Region aimed to secure permanent labour so as to avoid having to constantly retrain people such as backpackers (for example, for the community care occupation). The Pilbara region had also applied for a DAMA before the Goldfields was secured; however, was unsuccessful in their application.

By way of an example, the Goldfields DAMA is an employer-sponsored visa programme providing the framework for employers in its designated area to sponsor skilled and semi-skilled workers under visa subclasses 482, 494, and 186 (see attachments 13.3.4-6):

- TSS (482) – a 4-year visa (temporary) under the DAMA LA. The 482 can be a 2 or a 4-year visa depending on the occupation and location.
- SESR (494) – a provisional visa with a PR pathway already – an applicant can apply for PR after 3 to 4 years.
- ENS (186) – a PR pathway visa. Some people can be nominated straight onto the ENS under the Goldfields DAMA but only after they have worked under a Temporary Skills Shortage (482) or Direct Entry Scheme (457) visa within the DAMA region and in the same occupation for 3 years. After they have been nominated under the ENS, they are eligible to apply for a PR right away. Note: a skilled migrant can be nominated straight onto the ENS visa under the standard visa programs.

The opportunity to secure a permanent residency after 4 years makes working in the Goldfields DAMA region attractive for skilled migrants to relocate.

The process of becoming a DAMA took the City approximately 12 months once the application was submitted following a financial consultancy business being engaged to undertake the City's business case (which can take between 3 – 6 months to establish).

The following made up the City's questions for the survey of businesses (using Survey Monkey) referred to in the above Business Case list of requirements and was compiled and analysed by the City's consultant:

1.1 What are the specific challenges in attracting and retaining workers in your business?

1.2 Do you employ or have in the past employed any temporary visa holders? If yes, select from the following: (Other, please specify)

1.3 What are the limitations of the standard visa programs? (Other, please specify)

1.4 How would being an 'endorsed' sponsor under a DAMA address these challenges: Select all that applies in order of importance:

2.1 Is your business currently experiencing labour shortage or anticipate a labour shortage based on business forecasts?

2.2 Have you considered the use of the following specific industry agreements to meet your labour shortage needs?

Are there any perceived barriers to the existing Labour Agreements?

2.3 Which of the following recruitment processes have you used to attract Australian workers since 1 July 2018? (Other)

2.4. How many Australian workers have you recruited since 1 July 2018?

3.1 For each of the positions you are seeking to fill, do you need to seek any concessions to the English language testing score requirements?

If yes, which test component should have lower score requirement

Explain why

3.2. What strategies are in place for your workplace to support skilled migrant workers to improve their English language proficiency? For example, on the job training, dedicated community programs etc.

4.1 For each of the roles you are seeking to fill, will the base salary be below the Temporary Skilled Migration Income Threshold (TSMIT), currently AUD53,900?

If yes, what is the market salary rate for the role you are seeking a concession from the TSMIT? - If yes, what is the market salary rate for the role you are seeking a concession from the TSMIT?

4.2 Are there any 'cost of living' or other benefits that would normally be offered as non-monetary benefits for Australian workers (e.g., food and board)?

If yes, please specify - If yes, please specify

5.1 Would the ability to sponsor skilled migrant workers for permanent residence benefit your business?

5.2 What would be the benefits for you as an employer?

5.3 Currently employers can sponsor workers for permanent residence if they are less than 45 years of age unless, their salary meets the high income threshold in the 3 years prior. Do the age limit or high income threshold pose a challenge for you to attract and retain skilled migrant workers?

If yes, what should be the age limit increased to?

If yes, what should be the income threshold reduce to?

5.4 Currently employers can sponsor workers for permanent residence who have been employed in the same position with the same sponsoring employer for at least 3 years. Does this pose a challenge for you to attract and retain skilled migrant workers?

If yes, what changes to the permanent residence requirements would benefit your business?

If yes, what changes to the permanent residence requirements would benefit your business? (Other, please specify)

6. Please provide any other comments or suggestions on what changes should be made to the employer sponsored visa programs that would help your business attract and retain skilled migrant workers?

From a human resource perspective, the city provided half an FTE (full time equivalent staff member) to liaise with the consultant throughout the formation of the Business Case and, on an ongoing basis, performs the following human resource tasks:

- Dealing with an approximate average of 1 to 2 business applications per month (at a charge of \$250 for each nomination) for endorsement (including Statutory Declarations and ensuring businesses are financially viable and reliable)
- Spending a lot of time answering queries
- Seeking guidance from a queries team within the Department
- Undertaking of an Annual Report for the Department and Minister
- Negotiation of ongoing Terms and Conditions
- Surveys and analysis of the regional labour market
- Monthly meetings with a Department representative to discuss the DAMA programme (the Department also liaises with businesses)

Other points of note gained through discussions with external organisations include:

1. A subclass 491 visa (for highly skilled and desired occupations) requires nomination by the State Government or an eligible family member and doesn't require a sponsor – *this visa cannot be included in a DAMA*;
2. The City has a population of approximately 30,000;
3. The more local government authorities involved, the better the chance of securing a DAMA; and
4. A larger organisation (e.g., local government, Regional Development Authority) within a region would usually take on the role of region representative (DAR).

Creating a DAMA is an extensive process; particularly for the lead organisation (DAR) involved in the application and consultancy phase through to managing ongoing endorsements etc. and liaising with the Department for the five year term.

Such a project requires the support of many stakeholders including regional shires, Chambers of Commerce, Regional Development Australia (RDS), Development Commissions, and members of parliament all of whom must endorse the organisation that is capable and agreeable to being a Designated Area Representative. Given the scope of this project, it may fall within the scope of the GSDC or RDA?

Accordingly, the recommendation is for GS WALGA Zone to consider and support establishing DAMA in the region.

ALTERNATIVE VISA OPTIONS TO DAMA

Pacific Labour Mobility Scheme

The Scheme enables citizens of partner countries to take up low-skilled and semi-skilled work opportunities in all sectors in rural and regional Australia for up to 3 years. Partner Countries: Fiji, Kiribati, Nauru, Papua New Guinea, Samoa, Solomon Islands, Timor-Leste, Tonga, Tuvalu, and Vanuatu.

Seasonal worker Program (Agriculture and Accommodation)

The Scheme enables citizens of partner countries to take up unskilled and low-skilled work opportunities in the Australian agriculture and accommodation sectors in selected rural and regional locations of Australia for up to 9 months.

Partner Countries: Fiji, Kiribati, Nauru, Papua New Guinea, Samoa, Solomon Islands, Timor-Leste, Tonga, Tuvalu, and Vanuatu.

Industry Labour Agreement

Labour agreements enable approved businesses to sponsor skilled overseas workers when there is a demonstrated need that cannot be met in Australian labour market and where standard temporary or permanent visa programs are not available. Industry labour agreements are for a specific industry with fixed terms and conditions. The industry is required to show ongoing labour shortage and extensive consultation within the industry. Various approved industry labour agreements are Dairy industry, Fishing industry, Meat industry, Pork industry, Advertising industry, Restaurant (Fine dining) Industry, on-hire, and Minister of Religion Industry labour agreement.

Standard Business Sponsorship -482 (For highly Skilled Occupations)

This temporary visa lets an employer sponsor a suitably skilled worker to fill a position for which they can't find a suitably skilled Australian. Based on the occupation, this visa is generally granted for 2-4 years.

STATUTORY DEPENDENCY

Migration Act 1958

Financial Implications

As outlined in the below Project Estimations the cost of a consultant to conduct a survey of regional employers, to research and provide statistics, and to identify any occupations that may fit the criteria for inclusion in a DAMA application is circa \$60,000 to \$70,000 direct costs.

A Team Member resource is required to liaise with the consultant (the City of Kalgoorlie-Boulder's staff representative was estimated to be required on a 0.5 FTE basis for the purpose of establishing the City's DAMA) and, following the successful application involvement with ongoing tasks as above.
