| | 145 Number of garbage services provided | |

PRESIDENTS REPORT

I am pleased to present the 2020/2021 Woodanilling Annual Report.

The Shire has been progressing with the roads and the infrastructure during what the current times of COVID 19 has presented worldwide, which in effect has taken our state into some unchartered waters for us all.

The Katanning Bushfires presented challenges along with the heavy rains to the regions. The Shire was successful in Local Roads and Community Infrastructure Grants program. This has given the opportunity to upgrade Youngs Road, and the balance of funds spent within the townsite of Woodanilling by enhancing the Town Enhancement.

The Councillors and I would like to continue to support our residents and ratepayers in the coming year.

Acef M. Hemme

COMPLAINTS

No complaints were made against Councillors under Section 5.121 of the *Local Government Act 1995* during the reporting period.

PUBLIC INTEREST DISCLOSURES (PIDS)

The Public Interest Disclosure Act 2003 facilitates the disclosure of public interest information, and provides protection for those making such disclosure and those who are the subject of disclosures. The Act provides a system for the matters disclosed to be investigated and for appropriate action to be taken. Council has complied with all obligations under the Act including:

a. Appointing the Chief Executive Officer as the PID Officer for the organisation and publishing an internal procedure relating to the Shire's obligations.

b. Providing protection from detrimental action or the threat of detrimental action for any employee of the Shire who makes an appropriate disclosure of public interest information.

The Shire of Woodanilling did not receive any public interest disclosures during 2018/2019.

EMPLOYEES REMUNERATION

INTEGRATED PLANNING

The *Local Government (Administration) Regulations 1996* has been amended to require each local government to adopt a Strategic Community Plan and a Corporate Business Plan.

This Integrated Strategic Planning Framework provides the basis for improving the practice of strategic planning in local government. It addresses the minimum requirements to meet the intent of the Act and outlines processes and activities to achieve an integrated strategic plan at the individual local government level.

There are three major parties to the development of an integrated strategic plan:

- 1. The Community participates in a community planning process to determine major vision or intended big picture directions and also participates in regular reviews of those directions.
- 2. The Council signs off the Strategic Community Plan resulting from the community planning process, the four year reviews updating that plan, and the annual budget.
- 3. The Local Government Administration supports delivery of the Strategic Community Plan, the 4-yearly reviews, and annual budget through its corporate business planning.
- 4. Shire activities contained within the Corporate Business Plan for each year are noted within the Budget papers, and are reviewed within the Annual Report for that year.
- 5. The following is a snapshot of identified projects from the Corporate Business Plan including their progress for 2019/20 and proposed course of action for 2020/21.

COMMUNITY STRATEGIC PLAN

Community

Townsite

Reforming of Woodanilling Town Enhancement Group – reviewing existing Woodanilling Town Centre Enhancement plans, entry statements and town signage.

Trails

With the development of GSCORE Trails Master Plan project for the Great Southern, it has been undertaking advocacy and development activities to develop and attract funding as required to enhance a drive trail through Woodanilling.

Sports

Holding annual community barbeques at the Sports Precinct encouraging sporting activities and community engagement.

Historical Buildings

Ensure significant heritage buildings and places under Council's care are preserved and where possible restored.

Waste Management

The Tip Shop and recycling is in place, comply with single use plastic bags and support the progress of the Container Deposit Scheme through a donation point in the town.

Cemetery

Develop and implement an upgrade plan for the Woodanilling Cemetery that is sensitive to denominational and indigenous groups.

Environment

Maintain the natural environment and landscape, weed control on roadsides and reserves. Continue working towards a bush fire compliant town through mitigation works and burn studies on Casuarina Obesa with DFES and UWA.

Water

Protecting the built environment and resources by reducing water and non-water threats – Standpipe charges increased but meter sizes remain after consultation by Water Corp with Local Governments.

Drainage

Review town site water drainage management – prepare drainage plan for town site by redesigning drainage to more effectively move stormwater from the town.

Civic Leadership – Law and Order

Town site Fire Management

Stage 1 Town Mitigation work completed and stage 2 started around the town to safeguard from bushfires. Further works will be undertaken during the unrestricted fire period.

Emergency Management

A local door knock and R U Prepared Project was undertaken to gather information from community members so that the Shire has a better understanding of its residents and their needs when emergency incidents occur and to also upskill the community in preparedness.

Customer Service

Streamlining of staff and refinement of roles and work hours has enabled the office to operate effectively and offer the community good service and timely response to requests. Staff training takes place as required and the Shire looks to implement innovations that have direct benefit to the Shire and the Community.

Community Emergency Services Manager

Sharing with Katanning and Broomehill-Tambellup the Shire has secured the services of a CESM. The CESM manages the delivery and implementation of preparedness, prevention, response and recovery services and has developed effective partnerships that adopt a best practice approach to emergency management delivery between Local Governments, DFES, Volunteer Bushfire Brigades and the community.

4WDL & Voluntary Regional Organisation of Councils

The 4WDL VROC consists of the Shires of Wagin, West Arthur, Williams, Woodanilling, Dumbleyung and Lake Grace. This group works together to ensure quality decision making is supported by good policies, procedures and legislation, regular meetings are held to benchmark targets.

Fire Management Plan

In 2018 a Fire Management Plan was implemented. The strategy behind this project was to support the Bush Fire Advisory Committee and local Brigades and also an annual review of the Woodanilling Town site Fire Management Plan.

Civil Leadership

Governance

Policy 84 was developed to implement a community consultation process that links the Council and the community to ensure open and accountable governance.

Economic – Roads & Transport

The budget proposed \$791,800 in infrastructure capital projects and renewal with:

- Approximately \$630,000 on roads
- \$60,000 Culvert replacement
- \$20,000 Footpath renewal
- \$80,000 Town centre enhancement

\$233,000 of the above is funded by Federal Stimulus Funding grant in response to COVID 19.

FREEDOM OF INFORMATION

This information statement is published in accordance with the *Freedom of Information Act 1992*.

STRUCTURE AND FUNCTIONS OF COUNCIL

The Shire of Woodanilling is established under the *Local Government Act 1995*, and has the responsibility for the administration of this Act within the municipality. Other major legislation, which creates a duty or an authority for Council to act, includes but is not limited to

- Health Act 1911
- Cat Act 2011
- Town Planning and Development Act 2005
- Bush Fires Act 1954
- Dog Act 1976
- Cemeteries Act 1986

COUNCIL

Council's affairs are managed by six people elected from the community who act in a voluntary capacity. The Council acts as a community board, establishing policies and making decisions within the requirements of the Local Government Act on a wide range of issues affecting the community, and in keeping with the legislative requirements to:

- Determine policies to be applied by Council in exercising its discretionary powers
- Determine the type, range and scope of projects to be undertaken by Council
- Develop comprehensive management plans, budgets, financial controls and performance objectives and indicators for the operations of Council.
- The Council makes decisions which direct and/or determine its activities and functions. Such decisions include the approval of works and services to be undertaken, and the allocation of resources to works and services.
- Decisions are also made to determine whether or not approvals are to be granted for applications for residential and commercial development.
- Ordinary meetings of Council are held on the second last Tuesday of each month except January and commence at 4.00pm. All members of the public are welcome to attend.

SERVICES TO THE COMMUNITY

Council provides an extensive variety of services for the community under a wide range of legislation. Services provided include:

- Building control
- Bush fire control
- Cemeteries
- Citizenship ceremonies
- Crossovers
- Demolition permits
- Dog control
- Cat control
- Drainage
- Environmental health
- Fire prevention
- Library services
- Street bins
- Media releases
- Parks and reserves
- Planning controls
- Playground equipment
- Public health services
- Public buildings for hire
- Public toilets
- Recreation/sporting facilities
- Roads, footpaths and kerbs
- Rubbish collection
- Storm water drainage
- Street lighting
- Traffic control works
- Playgroup
- LEMAC (Local Emergency Management Advisory Committee)
- Weed control on reserves
- Natural Resource Management/ Landcare
- Mosquito Management Plan

COUNCIL COMMITTEES

Shire Committees have been formed to manage specific areas of council. They include:

AUDIT COMMITTEE

The Audit Committee is the only compulsory committee of Council. It has specific functions including assisting with the annual audit of the financial statements, review of the Compliance Audit Return and assisting the CEO with various functions and reporting.

COMMUNITY DEVELOPMENT COMMITTEE

Consider matters relevant to public halls, recreation and sport, library, heritage (other than natural heritage), other cultural issues, housing, town planning, protection of the environment (natural heritage), sanitation and refuse, public conveniences, cemetery, rural services, tourism, building control, other economic services, governance issues, financial matters, health services, education, fire protection, animal control, other law order and public safety issues including local laws.

TOWN ENHANCEMENT GROUP

Objectives of the TEG are to enhance the streetscape of the Woodanilling town site to improve its useability for visitors and residents, including those in the other areas of the Shire. With the Ultimate goal of strengthening the town's sustainable future both socially as a community and physically as a place in the landscape as outlined in the Strategic Community Plan.

TRANSPORT PLANT AND WORKS COMMITTEE

Consider matters relative to transport issues, road works, plant replacement and repair.

EQUAL OPPORTUNITY STATEMENT

This Council recognises its legal obligations under the *Equal Opportunities Act, 1984* and will actively promote equal employment opportunity based solely on merit to ensure that discrimination does not occur on the grounds of gender, marital status, pregnancy, race, and disability, religious or political convictions.

All employment training with this Council will be directed towards providing equal opportunity to all employees providing their relevant experience, skills and ability meet the minimum requirements for such promotion.

All offers of employment within this Council will be directed towards providing equal opportunity to

prospective employees provided their relevant experience, skills and ability meet the minimum requirements for engagement.

This Council will not tolerate harassment within its workplace. Harassment is defined as any unwelcome, offensive action or remark concerning a person's race, colour, language, ethnicity, political or religious convictions, gender, marital status or disability.

The Equal Employment Opportunity goals of this Council are designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.

OCCUPATIONAL HEALTH & SAFETY REPORT

The Shire of Woodanilling is committed to providing a safe and healthy work environment for all employees, contractors and visitors. To achieve this, the Council has allocated responsibilities and accountabilities to all employees to ensure the maintenance of the Occupational Safety and Health program is optimal. Continuous improvement incentives have been incorporated into the Occupational Safety and Health Management Plan aimed at achieving the Shire of Woodanilling' safety objectives and targets. The employer acknowledges a duty of care to:

- Provide and maintaining a safe working environment.
- Providing adequate training, instruction and supervision to enable employees to perform their work safely and effectively.
- Investigating all actual and potentially injurious occurrences in order to identify and control the cause to reduce the level of risk in the workplace
- Compliance with current *Occupational Safety and Health Act 1984*, and the Occupational Safety and Health Regulations 1996, relevant Australian Standards including AS/NZS ISO 31000, 2009 and relevant Approved Codes of Practice
- Engage and consult stakeholders and representatives (including Volunteers and contracted Service Providers) in matters regarding occupational safety and health in the workplace.

Employees have a duty of care to:

- Working with care for their own safety and that of other employees, contractors, volunteers and public who may be affected by their acts or omissions.
- Reporting hazards, accidents, incidents and near misses to their Line Manager
- Co-operating positively in the fulfillment of the obligations placed on their employer.
- Assisting in the reporting and investigation of any accidents with the objective of introducing and reviewing controls to prevent re-occurrence.

At the Shire of Woodanilling, a safe and efficient place of work is our goal and we must all be committed by working together to reach this outcome.

DISABILITY ACCESS & INCLUSION PLAN

OUTCOME 1 - Existing functions, facilities and services are adapted to meet the needs of people with disability.

- The annual Australia Day Breakfast is held at the Woodanilling Recreation Facility which provides easy wheelchair access. A public address system is always used to ensure all participants can hear speeches including people with hearing impairment.
- A priority bin service was developed to assist people who are unable to move their bin to and from the kerbside, upon request.
- Provide large print books for vision impaired community members in our Library.
- The Bloom Festival Bush Dance held in the Woodanilling Town Hall is becoming an annual event over the duration of the Hidden Treasures month of celebration (Sept to Oct). This event is an all-inclusive affair offering accessible entry and egress at the facility.

OUTCOME 2 - Access to buildings and facilities has been improved.

- The Woodanilling Recreation Centre building provides accessible toilet facilities and entrance doors are at ground level to enable easy wheelchair access.
- Improved access was provided to Council's administration building, including a paved and ramped entry path and relocation of easy access parking bays.
- Unisex accessible public toilets were built at the town's Centenary Park.
- Footpaths in the main street are continuing to be upgraded with the levelling of footpaths in areas that are effected by tree roots.

OUTCOME 3 - Information about functions, facilities and services is provided in formats which meet the communication needs of people with disability.

 Information is available in alternative formats by request through the shire website or over the counter.

OUTCOME 4 - Employee awareness of the needs of people with disability and skills in delivering services is improved.

• Administration and Works Crew staff underwent training through LGIS called "At the

Coalface". This training provided staff with the basic skills to communicate with people who may have mental Health issues, also providing training around safety and security in the work place. Which gave practical advice on providing good customer service to people with a variety of disabilities.

OUTCOME 5 & 6 - Opportunities are provided for people with disability to participate in public consultations, grievance mechanisms and decisionmaking processes.

- Information on consultations was simplified and made available in alternative formats upon request.
- Municipal election voting was held in accessible buildings and some voting booths were modified to suit people using wheelchairs, and postal voting was accepted.

OUTCOME 7 - People with disability have the same opportunity as other people to obtain and maintain employment with the Shire of Woodanilling.

- Introduction of recruitment practices to ensure equal employment opportunities.
- The Shire office layout has been modified so that it is wheelchair accessible.

NATIONAL COMPETITION POLICY (NCP)

The Shire is required to report its progress in implementing the National Competition Policy in their annual report. There are a number of specific requirements placed on local government in the areas of competitive neutrality, legislation review and structural reform.

COMPETITIVE NEUTRALITY

The principle of competitive neutrality is that government business should not enjoy a competitive advantage or disadvantage, simply as a result of their public sector ownership. For local government this relates to user-pays income of over \$200,000.

In accordance with the Shire's responsibilities under Clause 7 of the statement relating to competitive neutrality, the Shire of Woodanilling has reviewed its activities in line with advice from the Department of Local Government Circular No 806 and has found that none of its activities are "Significant Business Activity" for competitive neutrality requirements.

The Shire of Woodanilling did not privatise any activities in 2020/2021 consequently there were no obligations to report in this area.

LEGISLATIVE REVIEW

The Shire is required to assess which of its local laws might impact on competition and conduct a review to determine how restrictive practices might be overcome.

No new local laws were created or reviewed in 2020/2021.

RECORD KEEPING PLAN

Council's revised Record Keeping Plan was adopted by Council on 17 May 2016.

RECORD KEEPING POLICY

POLICY STATEMENT

The Shire of Woodanilling is committed to making and keeping full and accurate records of its business transactions and its official activities. Records created and received by Shire personnel and contractors, irrespective of format, are to be managed in accordance with the Shire's Recordkeeping Plan and this Records Management Policy and Procedures Manual. Records will not be destroyed except by reference to the General Disposal Authority for Local Government Records and the General Disposal Authority for Source Records.

RATIONALE

A systematic approach to records management within any organisation is vital to protect and preserve the information contained within the organisation's records. These policies and guidelines support recordkeeping in the Shire of Woodanilling by:

- Providing support for effective decision making, business efficiency, litigation protection, managed information flows and retention of the corporate memory;
- Managing the risks that may result from inadequate records practices;
- Providing uniform protection and controlled access for records in all formats;
- Ensuring that all employees and contractors understand and can comply with the legislative and business requirements of recordkeeping; and
- Ensuring that Shire of Woodanilling personnel understand that the records of the Shire are corporate assets and government records and do not belong to individuals.

GUIDELINES

The Shire of Woodanilling has implemented systematic records management policies, procedures and practices to ensure the capture and management of all its records, irrespective of format. All elected members and staff will ensure that full and accurate records are created to reflect business transactions and decisions. The Shire uses a standard method to identify and retrieve the records it holds, through the use of a File Listing. The Shire currently uses the filing system within LOGIS Synergy Soft Central Records as its formal records management system.

Synergy Soft Central Records is an eDRMS. The Shire of Woodanilling has set up standards in accordance with the General Disposal Authority for Source Records which will be applied to all incoming and outgoing hard copies of records. All hard copy source records will undergo a digitisation process.

Source Records will only be disposed of in accordance with the State Records Office's General Disposal for Source Records.

Corporate records will only be disposed of in accordance with the State Records Office's General Disposal Authority for Local Government Records. The objectives of the Shire of Woodanilling RKP are to ensure:

- Compliance with Section 28 of the State Records Act 2000;
- Recordkeeping within the Local Government is moving towards compliance with State Records Commission Standards and Records Management Standard AS ISO 15489;
- Processes are in place to facilitate the complete and accurate record of business transactions and decisions;
- Recorded information can be retrieved quickly, accurately and cheaply when required; and the
- Protection and preservation of the Local Government's records.

STATE RECORDS COMMISSION STANDARD 2: PRINCIPLE 6 COMPLIANCE

Government organizations ensure their employees comply with the record keeping plan.

6.1 STAFF TRAINING, INFORMATION SESSIONS

The Shire of Woodanilling has implemented the following activities to ensure that all staff are aware of their recordkeeping responsibilities and compliance with the Recordkeeping Plan:

| Activities to ensure staff awareness and compliance | YES | NO |
|--|-----|----|
| Presentations on various aspects of the Local Government's recordkeeping program are conducted. These are delivered to all staff on a regular basis. | • | |
| In-house recordkeeping training sessions for staff are conducted. | • | |
| From time to time an external consultant is brought in to run a recordkeeping training session for staff. Staff are also encouraged to attend training courses outside the organization whenever practicable. | • | |
| Staff information sessions are conducted on a regular basis for staff as required. | • | |
| The Local Government provides brochures or newsletters to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention. | | |
| The Local Government's Intranet is used to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention. | • | |
| The Local Government's Induction Program for new employees includes an introduction to the Local Government's recordkeeping system and program, and information on their recordkeeping responsibilities. | • | |

Coverage of the training/information sessions as detailed here extends to all staff. However, records management staff are offered more frequent and more specialised training where required.

Please refer to Appendix 8 for samples of training and induction information.

6.2 PERFORMANCE INDICATORS IN PLACE

The following performance indicators are being set in place to measure the efficiency and effectiveness of the Shire of Woodanilling's recordkeeping systems:

- IT Vision system upgrades are implemented annually
- Staff survey eliciting feedback on use, effectiveness or recordkeeping system/training annually: and
- Number of new staff attending Records induction

The Shire of Woodanilling aims to review these performance indicators and determine if further performance indicators should be put in place at the end of the 2018/19 financial year.

6.3 AGENCY'S EVALUATION

There is a need for some reviews of the Shire of Woodanilling's recordkeeping systems in the following areas records digitization. The Shire has continued to seek areas of improvement and based on consultation with staff a digitization program was undertaken in 2016.

6.4 ANNUAL REPORT

An excerpt from the Shire of Woodanilling's latest Annual Report is attached, demonstrating the organization's compliance with the State Records Act 2000, its Recordkeeping Plan and the training provided for staff. Please refer to Appendix 9.

6.5 IDENTIFIED AREAS FOR IMPROVEMENT

Whilst the Shire of Woodanilling's staff training and information sessions are adequate, further development of the staff induction procedure is ongoing.

| Note 28 | Financial Ratios | 50 |
| Note 28 | Financial Ratios | 5 |

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 26 to these financial statements.

INITIAL APPLICATION OF ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

These were:

- AASB 1059 Service Concession Arrangements: Grantors
- AASB 2018-7 Amendments to Australian Accounting Standards - Definition of Materiality

The adoption of these standards had no material impact on the financial report.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates

It is not expected these standards will have an impact on the financial report.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

2. REVENUE AND EXPENSES

(a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

| | 2021 | 2021 | 2020 |

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

2. REVENUE AND EXPENSES (Continued)

| (a) Revenue (Continued) | 2021 Actual | 2021 Budget | 2020 Actual |
|--|-----------------------------|--------------------|-----------------------------|
| Contracts with customers and transfers for recognisable non-financial assets Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services: | Ş | \$ | \$ |
| Operating grants, subsidies and contributions Fees and charges | 1,069,162 351,347 | 390,030 | 1,176,260 389,536 |

| Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of: | | | |
| Revenue from contracts with customers included as a contract liability at the start of the period | 69.286 | | 79,400 |
| Revenue recognised from contracts with customers during the year Revenue from transfers intended for acquiring or constructing recognisable non-financial assets held as a liability at the start of the | 1,351,221 | 390,030 | 1,565,796 |
| period Revenue from transfers intended for acquiring or constructing | 0 | | 0 |
| recognisable non financial assets during the year | <u>358,825</u> 1,779,332 | <u> </u> | <u>527,251</u> 2,172,447 |
| Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is: | | 000,000 | _,,. |
| Trade and other receivables from contracts with customers Contract liabilities from contracts with customers | 31,870 (106,341) | | 112,786 (69,286) |

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original

expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

2. REVENUE AND EXPENSES (Continued)

| (a) Revenue (Continued) | 2021 Actual | 2021 Budget | 2020 Actual |
|--|------------------------|-------------------------|------------------------------------|
| Revenue from statutory requirements Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services: | \$ | \$ | \$ |
| General rates | 769,940 | 772,376 | 771,494 |
| | 769,940 | 772,376 | 771,494 |

| SIGNIFICANT ACCOUNTING POLICIES Interest earnings | Interest earnings (con | tinued) | |

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance). Interest earnings (continued) Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

| | | When | | | | | | |
|--|---|----------------------------|---|--|---|---|--|---|
| | Nature of goods and | obligations typically | | Returns/Refunds/ | Determination of | Allocating transaction | Measuring obligations for | Timing of revenue |
| Revenue Category | services | satisfied | Payment terms | Warranties | transaction price | price | returns | recognition |
| Rates | General Rates | | Payment dates adopted by Council during the year. | None | Adopted by council annually | When taxable event occurs | Not applicable | When rates notice is issued |
| Grant contracts with customers | Community events, minor facilities, research, design, planning evaluation and services | Over time | Fixed terms transfer of funds based on agreed milestones and reporting | Contract obligation if project not complete | Set by mutual agreement with the customer | Based on the progress of works to match performance obligations | Returns limited to repayment of transaction price of terms breached | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Grants, Subsidies or contributions for the construction of non-financial assets | Construction or acquisition of recognisable non- financial assets to be controlled by the local government | Over time | Fixed terms transfer of funds based on agreed milestones and reporting | Contract obligation if project not complete | Set by mutual agreement with the customer | Based on the progress of works to match performance obligations | Returns limited to repayment of transaction price of terms breached | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Grants with no contract commitments. | General appropriations and contributions with no reciprocal commitment | No obligations | Not applicable | Not applicable | Cash received | On receipt of funds | Not applicable | When assets are controlled |
| Licences/Registra tions/Approvals | Building,planning,develo pment and animal management, having the same nature as a licence regardless of naming | Single point in time | Full payment prior to issue | None | Set by State Legislation or limited by legislation to the cost of provision | Based on timing of issue or the associated rights | No refunds | On payment and issue of the licence, registration or approval |
| Pool Inspections | Compliance safety check | Single point in time | Equal proportion based on an equal annual fee | None | Set by State Legislation | Apportioned equally across the inspection cycle | No refunds | After inspection complete based on a 4 year cycle |
| Other inspections | Regulatory food, health and safety | Single point in time | Full payment prior to inspection | None | Set by State Legislation or limited by legislation to the cost of provision | Applied fully on timing of inspection | Not applicable | Revenue recognised after inspection event occurs |
| Property Hire and entry | Use of halls and facilities | Single point in time | In full in advance | Refund if event cancelled withing 7 days | Adopted by council annually | Based on timing of entry to facility | Returns limited to repayment of transaction price | On entry or at conclusion of hire |
| Fees and charges for other goods and services | Cemetery services, library fees, reinstatements and private works | Single point in time | Payment in full in advance | None | Adopted by council annually | Applied fully based on timing of provision | Not applicable | Output method based on provision of service or completion of works |
| Sale of stock | Aviation fuel, kiosk and visitor centre stock | Single point in time | In full in advance, on 15 day credit | Refund for faulty goods | Adopted by council annually, set by mutual agreement | Applied fully based on timing of provision | Returns limited to repayment of transaction price | Output method based on goods |
| Commissions | Commissions on licencing and ticket sales | Over time | Payment in full on sale | None | Set by mutual agreement with the customer | On receipt of funds | Not applicable | When assets are controlled |
| Reimbursements | Insurance Claims | Single point in time | Payment in arrears for claimable event | None | Set by mutual agreement with the customer | When claim is agreed | Not applicable | When claim is agreed |

| 3. CASH AND CASH EQUIVALENTS | NOTE | 2021 | 2020 |

| SIGNIFICANT ACCOUNTING POLICIES | | | |

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and are restricted within equity as Reserves - cash backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

| | Anticipated | |
|--------------------------------|-----------------|--|
| Name of Reserve | date of use | Purpose of the reserve |
| | As per Plant | |
| | Replacement | |
| (a) Plant Replacement Reserve | Program | To be used to fund the net cost of plant and equipment purchases as determined in the 10 Year Plant Replacement Program |
| | As per Building | |
| (b) Building Reserve | Plan | To be used to meet requirements for providing new buildings for Council purposes, other than affordable housing or recreational facilities, or for major maintenance |
| (c) Office Equipment Reserve | As required | To be used for the purchase of office equipment and future computer upgrades |
| (d) Road Construction Reserve | As required | To be used to fund road construction projects within the Woodanilling Shire, or to levy additional funding |
| | As per Building | |
| (e) Affordable Housing Reserve | Plan | To be used to meet requirements for affordable housing, either new or major upgrades into the future |

5 OTHER FINANCIAL ASSETS

Non-current assets

Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss

Units in Local Government House Trust BWK Co-op Shares

| 2021 | 2020 | | | |
|--------|--------|--|--|--|
| \$ | \$ | | | |
| | | | | |

| 36,903 | 35,611 | | | |
| 92 | 92 | | | |
| 36,995 | 35,703 | | | |

SIGNIFICANT ACCOUNTING POLICIES

Financial assets at fair value through profit and loss The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 23.

6. TRADE AND OTHER RECEIVABLES

Current

Rates receivable Trade and other receivables GST receivable

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 23.

| 2021 | 2020 |
|---------|---------|
| \$ | \$ |
| 73,177 | 62,125 |
| 31,870 | 112,786 |
| 1,237 | 0 |
| 106,284 | 174,911 |

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

7. INVENTORIES

| . INVENTORIES | 2021 | 2020 |
|--|----------|-----------|
| | \$ | \$ |
| Current Fuel and materials | 22,098 | 8,521 |
| | 22,098 | 8,521 |
| The following movements in inventories occurred during the year: | | |
| Balance at beginning of year | 8,521 | 18,904 |
| Inventories expensed during the year | (70,099) | (107,642) |
| Additions to inventory | 83,676 | 97,259 |
| Balance at end of year | 22,098 | 8,521 |
| | | |

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

8. OTHER ASSETS

| | 2021 | 2020 |
|------------------------|-------|-------|
| | \$ | \$ |
| Other assets - current | | |
| Prepayments | 1,050 | 1,050 |
| | 1,050 | 1,050 |
| | | |

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

9. PROPERTY, PLANT AND EQUIPMENT

(a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

| | Freehold Land | Buildings | Total land and buildings | Furniture and equipment | Plant and equipment | Total property, plant and equipment \$ |
|---|-------------------------|-------------------------------------|-------------------------------------|--------------------------------|---------------------------------------|--|
| Balance at 1 July 2019 | 498,000 | 5,259,347 | 5,757,347 | 73,484 | 1,277,337 | 7,108,168 |

9. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

| Asset Class (i) Fair Value | Fair Value Hierarchy | Valuation Technique | Basis of Valuation | Date of Last Valuation | Inputs Used |
|-------------------------------|-------------------------|---|--------------------------------------|---------------------------|--|
| Land and buildings | | | | | |
| Freehold Land | 2 | Market approach using recent observable market data for similar properties/income approach using discounted cashflow methodology | Independent registered valuers | June 2017 | Price per hectare / market borrowing rate |
| Buildings | 2 | Market approach using rencet observable market data for similar properties/income approach using discounted cashflow methodology | Independent registered valuers | June 2017 | Improvements to buildlings, using construction costs and current conditions, residual values and remaining useful like assessments |
| (ii) Cost | | | | | |
| Furniture and equipment | 3 | Cost approach using depreciated replacement cost | Management valuation | June 2016 | Purchase costs and current conditions, residual values and remaining useful life assessments |
| Plant and equipment | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2016 | Purchase costs and current conditions, residual values and remaining useful life assessments |

Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change was effective from 1 July 2019 and represented a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximated cost at the date of change.

10. INFRASTRUCTURE

(a) Movements in Balances

Movement in the balances of each class of infrastructure between the beginning and the end of the current financial year.

| | Infrastructure - roads | Infrastructure - Footpaths | Infrastructure - Bridges and Drainage | Infrastructure - Parks and Ovals | Total Infrastructure |

10. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

| Asset Class | Fair Value Hierarchy | Valuation Technique | Basis of Valuation | Date of Last Valuation | Inputs Used |
|--|-------------------------|--|-----------------------|---------------------------|---|
| (i) Fair Value Infrastructure - roads | 3 | Cost approach using depreciated replacement cost | Independent valuation | June 2018 | Construction costs and current condition, residual values and remaining useful life assessments |
| Infrastructure - Footpaths | 3 | Cost approach using depreciated repalcement cost | Independent valuation | June 2018 | Construction costs and current condition, residual values and remaining useful life assessments |
| Infrastructure - Bridges and Drainage | 3 | Cost approach using depreciated repalcement cost | Independent valuation | June 2018 | Construction costs and current condition, residual values and remaining useful life assessments |
| Infrastructure - Parks and Ovals | 3 | Cost approach using depreciated repalcement cost | Independent valuation | June 2018 | Construction costs and current condition, residual values and remaining useful life assessments |

Level 3 inputs are based on assumptions with regards to future values and pattersn of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5). These assets are* expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

Refer to Note 11 that details the significant accounting policies applying to leases (including right-of-use assets).

| | 856,073 | 878,305 | 869,477 |

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

| Asset Class | Useful life |
|--|---|
| Buildings | 30 to 50 years |
| Furniture and equipment | 4 to 10 years |
| Plant and equipment | 5 to 15 years |
| Sealed roads and street formation | not depreciated |
| Pavement | 50 years |
| Seal | |
| | |
| bituminous seals | 20 years |
| bituminous seals asphalt surfaces | 20 years 25 years |
| | <i>2</i> |
| asphalt surfaces | 25 years |
| asphalt surfaces Gravel roads formation | 25 years not depreciated |
| asphalt surfaces Gravel roads formation Footpaths - slab | 25 years not depreciated 20 years |

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways: (a) The gross carrying amount is adjusted in a manner

- that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

12. REVALUATION SURPLUS

| | 2021 | 2021 | 2020 | 2020 | 2020 |
|---|------------|------------|------------|-------------------|------------|
| | Opening | Closing | Opening | Change in | Closing |

13. TRADE AND OTHER PAYABLES

Current

Sundry creditors Prepaid rates Accrued salaries and wages ATO liabilities Bonds and deposits held

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a

current liability and are normally paid within 30 days of recognition

| 2020 |
|---------|
| \$ |
| 100 700 |
| 129,790 |
| 13,685 |
| 11,488 |
| 27,553 |
| 42,136 |
| 224,652 |
| |

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

14. OTHER LIABILITIES

Current

Contract liabilities

| 2021 | 2020 |
|-------------|---|
| \$ | \$ |
| 106,341 | 69,286 |

| \$ | \$ |
| 106,341 | 0 |
| 106,341 | 0 |

Performance obligations for each type of liability are expected to be recognised as revenue in accordance with the following time bands:

Less than 1 year

SIGNIFICANT ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity Grant liabilities represent the the Shire's performance obligations to construct recognisable non-financial assets to identified specifications which are yet to be satisfied.

Grant liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Service concession liabilities

Service concession liabilities relate to the grant of right to an operator in respect of an asset controlled by the Shire. They represent the unearned revenue related to the grant of right, and is recognised as revenue according to the economic substance of the service concession arrangement.

14 INFORMATION ON BORROWINGS

| | 2021 | 2020 |

| Credit card balance at balance date | (1,007) | (828) |
| Total amount of credit unused | 993 | 1,172 |
| Total amount of credit unused | 993 | 1,172 |

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 23.

15. EMPLOYEE RELATED PROVISIONS

| (a) Employee Related Provisions | Provision for Annual | Provision for Long Service | Total |
|---|-------------------------|-------------------------------|----------|
| | Leave | Leave | Total |
| | \$ | \$ | \$ |
| Opening balance at 1 July 2020 | | | |
| Current provisions | 85,120 | 62,411 | 147,531 |
| Non-current provisions | 0 | 48,328 | 48,328 |
| | 85,120 | 110,739 | 195,859 |
| | | · | |
| Additional provision | 75,151 | 6,663 | 81,814 |
| Amounts used | (75,340) | (22,991) | (98,331) |
| Balance at 30 June 2021 | 84,931 | 94,411 | 179,342 |
| | 04,001 | 54,411 | 110,042 |
| Commisso | | | |
| Comprises | 04.004 | 40 500 | 404 500 |
| Current | 84,931 | 46,569 | 131,500 |
| Non-current | 0 | 47,842 | 47,842 |
| | 84,931 | 94,411 | 179,342 |
| | | | |
| | 2021 | 2020 | |
| Amounts are expected to be settled on the following basis | \$ | \$ | |
| Less than 12 months after the reporting date | 131,500 | 114,235 | |
| More than 12 months from reporting date | 47,842 | 81,624 | |
| | 179,342 | 195,859 | |
| | 179,342 | 195,659 | |

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at **Other long-term employee benefits (Continued**) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

16. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

| | 2021 Actual | 2021 Budget | 2020 Actual |
|--|----------------|----------------|----------------|
| | \$ | \$ | \$ |
| Cash and cash equivalents | 1,663,683 | 572,099 | 1,248,273 |

20. RELATED PARTY TRANSACTIONS

Key Management Personnel (KMP) Compensation Disclosure

| The total of remuneration paid to KMP of the Shire during the year are as follows: | 2021 Actual \$ | 2020 Actual \$ |
|--|----------------------|----------------------|
| Short-term employee benefits Post-employment benefits | 239,197 27,581 | 218,407 25,463 |
| Other long-term benefits | 5,726 272,504 | 3,739 247,609 |

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

Other long-term benefits These amounts represent long service benefits accruing during the year.

20. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No provisions for doubtful debts or guaranties exist in relation to related parties at year end.

| The following transactions occurred with related parties: | 2021 Actual \$ | 2020 Actual \$ |
|---|---------------------------|----------------------|
| Sale of goods and services Purchase of goods and services Short term employee benefits -other related parties | 14,287 2,158 71,971 | 0 5,351 70,651 |
| Amounts outstanding from related parties: Trade and other receivables | 6,767 | 0 |

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

ii. Other Related Parties

An associate person of KMP was employed by the Shire under normal employement terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the Shire.

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

23. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

| Risk | Exposure arising from | Measurement | Management |
|-----------------------------|--|--------------------------------|--|
| Market risk - interest rate | Long term borrowings at variable rates | Sensitivity analysis | Utilise fixed interest rate borrowings |
| Credit risk | Cash and cash equivalents, trade receivables, financial assets and | 00 | Diversification of bank deposits, credit limits. Investment policy |
| Liquidity risk | Borrowings and other liabilities | Rolling cash flow forecasts | Availability of committed credit lines and borrowing facilities |

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

| | Weighted Average Interest Rate | Carrying Amounts | Fixed Interest Rate | Variable Interest Rate | Non Interest Bearing |
|-----------------------------------|--------------------------------------|---------------------|------------------------|---------------------------|-------------------------|
| | % | \$ | \$ | \$ | \$ |
| 2021 Cash and cash equivalents | 0.02% | 1,663,683 | 0 | 1,663,233 | 450 |
| 2020 Cash and cash equivalents | 0.05% | 1,248,273 | 0 | 1,247,823 | 450 |

16,637

12,483

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

 2021

 \$
 \$

Impact of a 1% movement in interest rates on profit and loss and equity* * Holding all other variables constant

(b) Credit risk

Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the Shire was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2021 for rates receivable was determined as follows:

| | Current | More than 1 year past due | More than 2 years past due | More than 3 years past due | Total |
|---|----------------------|------------------------------|----------------------------|----------------------------|-------------|
| 30 June 2021 Rates receivable Expected credit loss Gross carrying amount Loss allowance | 0.00% 1,800 0 | 0.00% 28,326 0 | 0.00% 12,848 0 | 0.00% 30,203 0 | 73,177 0 |
| 30 June 2022 Rates receivable Expected credit loss Gross carrying amount Loss allowance | 0.00% 28,310 0 | 0.00% 9,749 0 | 0.00% 5,064 0 | 0.00% 19,002 0 | 62,125 0 |

The loss allowance as at 30 June 2021 and 30 June 2020 was determined as follows for trade receivables.

| | Current | More than 30 days past due | More than 60 days past due | More than 90 days past due | Total |
|-----------------------------|---------|-------------------------------|-------------------------------|-------------------------------|---------|
| 30 June 2021 | | | | | |
| Trade and other receivables | | | | | |
| Expected credit loss | 0.00% | 0.00% | 0.00% | 0.00% | |
| Gross carrying amount | 30,197 | 0 | 547 | 1,125 | 31,870 |
| Loss allowance | 0 | 0 | 0 | 0 | 0 |
| 30 June 2020 | | | | | |
| Trade and other receivables | | | | | |
| Expected credit loss | 0.00% | 0.00% | 0.00% | 0.00% | |
| Gross carrying amount | 98,273 | 116 | 2,255 | 12,142 | 112,786 |
| Loss allowance | 0 | 0 | 0 | 0 | 0 |

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables

Payables are subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 14(a).

The contractual undiscounted cash flows of the Shire's Payables are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

| | Due within 1 year | Due between 1 & 5 years | Due after 5 years | Total contractual cash flows | Carrying values |
|-------------|-------------------------|-------------------------------|-------------------------|------------------------------------|--------------------|
| <u>2021</u> | \$ | \$ | \$ | \$ | \$ |
| Payables | 219,528 219,528 | 0 | 0 0 | 219,528 219,528 | 219,528 325,869 |
| <u>2020</u> | | | | | |
| Payables | 226,066 226,066 | 0 0 | 0 0 | 226,066 226,066 | 226,066 226,066 |

24. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire of Woodanilling did not have any events occurring after the reporting date that have a significant effect on the financial statements.

25. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 1059 Service Concession Arrangements: Grantors

Service concession assets are those assets where a third-party operator constructs assets for the Shire, upgrades existing assets of the Shire or uses existing assets of the Shire to operate and maintain the assets to provide a public service, for a specified period of time. Where, in these circumstances, the third-party operator provides a public service on behalf on the Shire and is deemed to manage at least some of the services under its own discretion, the assets are classified as service concession assets. Newly constructed or upgraded assets are measured at current replacement cost in accordance with the cost approach to fair value in AASB 13 *Fair Value Measurement*. In the case of existing assets, these are reclassified and treated in the same manner with any difference at the date of reclassification between the carrying amount of the assets and their fair value (current replacement cost) being treated as if it is a revaluation of the asset.

Subsequent to initial recognition or reclassification, service concession assets are accounted for by depreciating or amortising in accordance with AASB 116 *Property, Plant and Equipment* or AASB 138 *Intangible Assets*. Where appropriate, any impairment is recognised in accordance with AASB 136 Impairment of Assets. At the end of the term of any service concession arrangement, the Shire will reclassify the service concession asset based on its nature or function, and account for it in accordance with accounting standards and policies applicable to the relevant asset classification.

Where the Shire recognises a service concession asset in relation to a newly constructed or upgraded asset, it also recognises a liability. This liability is initially measured at the same amount as the service concession asset, adjusted by the amount of any other consideration provided by the Shire to the third-party operator or from the third-party operator to the Shire. The Shire does not recognise a liability in the circumstances where an existing asset of the Shire is reclassified as a service concession asset exept in circumstances where additional consideration is provided by the third-party operator.

Subsequent to initial recognition, the Shire accounts for liability as an unearned portion of the revenue arising from the exchange or assets with the third-party operator and reduces the liability in accordance to the economic substance of the service concession arrangement.

The Shire adopted AASB 1059 Service Concession Arrangements: Grantors on 1 July 2020 and confirms that the Shire does not have any existing or new arragements that fall within the scope of the standard.

26. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model ,such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

27. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

| PROGRAM NAME AND OBJECTIVES | ACTIVITIES |
|--|--|
| GOVERNANCE | |
| To provide a decision making process for the | Includes the activities of members of council and the administrative support to the council |
| efficient allocation of scarce resources. | for the provision of governance of the district. Other costs relate to the task of assisting members and ratepayers on matters which do not concern specific council services. |
| GENERAL PURPOSE FUNDING | |
| To collect revenue to allow for the provision of services. | Rates, general purpose government grants and interest revenue. |

Auditor General

INDEPENDENT AUDITOR'S REPORT 2021 Shire of Woodanilling

To the Councillors of the Shire of Woodanilling

Report on the audit of the annual financial report

Opinion

I have audited the financial report of the Shire of Woodanilling (Shire) which comprises:

- the Statement of Financial Position at 30 June 2021, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information
- the Statement by the Chief Executive Officer.

In my opinion the financial report of the Shire of Woodanilling:

- is based on proper accounts and records
- fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2021 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities section below. I am independent of the Shire in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for the preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards. The CEO is also responsible for managing internal control (as required by the CEO) to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibility for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at <u>https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.</u>

Report on other legal and regulatory requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matter indicates a significant adverse trend in the financial position of the Shire:
 - a) The Operating Surplus Ratio as reported in Note 28 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries' standard of 0.01 for the last three financial years.
- (ii) The following material matter(s) indicating non-compliance with Part 6 of the Act, the Regulations or applicable financial controls of any other relevant written law was identified during the course of my audit:
 - a) The Shire has not reported the Asset Renewal Funding Ratio for 2021 in the annual financial report as required by section 50(1)(c) of the Local Government (Financial Management) Regulations 1996, as required information for planned capital renewals in the long-term financial plan there was not available, as required by the Local Government (Financial Management) Regulations 1996.

- b) Bank reconciliations for the municipal account were not independently reviewed by management for the majority of the financial year. In addition, accounts receivable and accounts payable reconciliations were also not prepared for the majority of the year
- (iii) All required information and explanations were obtained by me.
- (iv) All audit procedures were satisfactorily completed.
- (v) In my opinion, the Asset Consumption Ratio included in the financial report is supported by verifiable information and reasonable assumptions.

Other information

The other information is the information in the entity's annual report for the year ended 30 June 2021, but not the financial report and my auditor's report. The CEO is responsible for the preparation and the Council for overseeing the other information.

My opinion does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Woodanilling for the year ended 30 June 2021 included on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this financial report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report to confirm the information contained in this website version of the financial report.
