ORDINARY MEETING OF COUNCIL AGENDA

1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

The Shire President declared the meeting open at 4.00pm

1.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision-making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long standing personal friendship with the proponent). As a consequence there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil.

4. PUBLIC QUESTION TIME

Mrs Bridget Burg addressed Council regarding the lack of regular community events following the closure of the Woodanilling Tavern. She proposed a weekly Friday sundowner at the Recreation Centre, suggesting a casual, bring-your-own arrangement that would not require food handling or liquor licensing.

Mrs Burg asked whether such an event could be supported by Council and whether venue hire fees and bonds could be waived.

The Shire President advised that Council encourages community-led initiatives and noted that the Woodanilling Sports and Recreation Association currently holds similar events fortnightly.

The Acting CEO advised that if the organising group is registered as volunteers with the Shire, they may be covered under LGIS volunteer insurance.

Councillors supported the idea of working with the existing Sports Committee to facilitate the events, and Mrs Burg confirmed she would follow up with the committee to explore the proposal further.

11.1. COMPLIANCE AUDIT RETURN 2024

File Reference	ADM0017
Date of Report	24 February 2025
Responsible Officer	Mark Hook, Acting Chief Executive Officer
Author/s of Report	Mark Hook, Acting Chief Executive Officer
Disclosure of any Interest	No Officer involved in the preparation of this report has an interest to declare in accordance with the provisions of the <i>Local Government Act 1995</i> .
Voting Requirement	Absolute Majority
Attachment	Attachment 11.1.1 – Compliance Audit Return 2024

BRIEF SUMMARY

The purpose of this report is for Council to adopt the Local Government Compliance Audit Return (CAR) for the period 1 January 2024 to 31 December 2024.

BACKGROUND/COMMENT

The Department of Local Government, Sport and Cultural Industries (DLGSC) requires all local governments to complete and lodge an annual Compliance Audit Return for the preceding year by 31 March in the following calendar year.

The annual return required responses in the following broad categories:

- Commercial Enterprises by Local Governments;
- Delegation of Power/Duty;
- Disclosure of Interest;
- Disposal of Property;
- Elections;
- Finance;
- Integrated Planning and Reporting;
- Local Government Employees;
- Official Conduct;
- Other; and
- Tenders for Providing Goods and Services.

In general, the Shire has achieved yes in most categories, Responses are provided for each of the sections and is detailed in **Attachment 11.1.1**.

The Compliance Audit Return was presented earlier to the Audit Committee and their recommendation was to present the accepted completed annual Compliance Audit Return for the period 1 January 2024 to 31 December 2024 and subject to Council's formal acceptance, it is proposed to lodge the completed return with the Department by 31 March 2025.

STATUTORY/LEGAL IMPLICATIONS

The Council is obliged to complete and submit the Shire of Woodanilling's Compliance Audit Return 2024 in accordance with the *Local Government Act 1995* and the *Local Government (Audit) Regulations 1996*.

- Section 7.13(1)(i) of the *Local Government Act 1995* requires local governments to carry out, in the prescribed manner and in the form approved by the Minister an audit of compliance with statutory requirements prescribed in the *Local Government (Audit) Regulations 1996*.
- Regulation 13 of the *Local Government (Audit) Regulations 1996* details the statutory requirements that must be addressed within the compliance audit.
- Regulation 14 of the *Local Government (Audit) Regulations 1996* specifies the requirement to undertake a compliance audit for the annual period 1 January to 31 December and the process by which the audit return is to be considered by Council.

- Regulation 15 of the *Local Government (Audit) Regulations 1996* details the actions to be taken to certify the audit return and to submit the return by 31 March following the period to which the return relates.

POLICY IMPLICATIONS

There is no relevant plans or policies to consider in relation to this matter.

FINANCIAL IMPLICATIONS

There are no financial implications associated with this report.

STRATEGIC IMPLICATIONS

CONSULTATION/COMMUNICATION

Consultation has been undertaken with relevant officers in regard to compliance requirements being met or not.

RISK MANAGEMENT

There is a risk that Council will be in breach of its statutory obligations should it not complete and adopt the Compliance Audit Return 2025. Accordingly, it has been assessed that the level of risk is high.

Consequence	Insignificant	Minor	Moderate	Major	Extreme
Likelihood					
Almost	Medium	High	High	Severe	Severe
Likely	Low	Medium	High	High	Severe
Possible	Low	Medium	Medium	High	High
Unlikely	Low	Low	Medium	Medium	High
Rare	Low	Low	Low	Low	Medium

Risk Rating	Action
LOW	Monitor for continuous improvement.
MEDIUM	Comply with risk reduction measures to keep risk as low as reasonably practical.
HIGH	Review risk reduction and take additional measures to ensure risk is as low as reasonably achievable.
SEVERE	Unacceptable. Risk reduction measures must be implemented before proceeding.

Attachments	Attachment 12.1.1 – RFQ 1 – 2025: 2024/25 Supply, Spray and Cover Bitumen Sealing including Seal Design and Aggregate Supply Recommendation

BRIEF SUMMARY

This report provides a summary of the recent request for quotation (RFQ) process completed by the Shire to engage a contractor to provide spray sealing services for the 2024-2025 rural road work program.

BACKGROUND

The Shire has an approved road program for 2024-2025. As part of these works, the following work involves bitumen spray sealing:

- Robinson Rd West
 - Supply, and spray a 2-coat 14/10mm seal
- Oxley Rd
 - Supply and spray a 10mm reseal
 - Supply, and spray a prime + 2 coat 14/10mm seal
- Burt Rd
 - Supply, and spray a prime + 2 coat 14/10mm seal
- Sandplain Rd
 - Supply, and spray a prime + 2 coat 14/10mm seal
- Orchard Rd
 - Supply, and spray a prime + 2 coat 14/10mm seal
- Dinwoodie Rd
 - Supply, and spray a prime + 2 coat 14/10mm seal

The Shire has an existing, non-exclusive contract with Boral from 2023. As a result of a review of the rates within this contract and other market information, the Shire believed there was value in re-testing the market to confirm that the Shire was accessing rates providing best value for money for the community.

COMMENT

The Shire ran an RFQ process inviting quotes for bitumen spray sealing work across the Shire (RFQ 1 – 2025) via the WALGA eQuotes panel.

The RFQ closed on 7 February 2025; two submissions were received as follows:

- Downer EDI Works
- Fulton Hogan

Boral did not provide a formal response via eQuotes; however, they did provide an email to the Executive Manager Infrastructure confirming that their rates within the Contract are still current.

The RFQ submissions were evaluated based on the evaluation criteria provided within the RFQ document.

There was very little to distinguish between Downer and Fulton Hogan from a qualitative evaluation perspective. Both contractors have extensive experience in similar work in similar areas. They also both have extensive resources and capabilities to complete the work. Therefore, the main differentiator is the price.

Bitumen spray sealing work is subject to rise and fall for unit rates due to the fluctuation in base bitumen prices. Therefore, the price evaluation component of the evaluation process needs to adjust all prices to use the same base bitumen price. Doing this, the estimated total cost for both contractors is below (all ex-GST):

- | | |
|--------------------|--------------|
| • Downer EDI Works | \$482,024.88 |
| • Fulton Hogan | \$544,443.72 |

Based on the above, Downer EDI Works is the preferred contractor for the work.

The cost of this contract will be funded from each of the various road projects that the Shire has planned for 2024-25; an estimated amount for the spray sealing work has been incorporated into the budget for each job.

STATUTORY/LEGAL IMPLICATIONS

The Shire invited quotes for these services and received 2 quotations. Therefore, the Shire has complied with the procurement requirements.

POLICY IMPLICATIONS

There are currently no Council policies associated with this item.

FINANCIAL IMPLICATIONS

The proposed contract does not provide any guaranteed minimum spend or value of work to the successful contractor. The contractor will be engaged on an as-required basis to complete the work. Work via this contract will be managed within the approved budget.

Attachments	Attachment 12.2.1 – RFQ 2 – 2025: Provision of Plant and Labour Hire for Road Construction and Maintenance Works

BRIEF SUMMARY

This report provides a summary of the recent request for quotation (RFQ) process completed by the Shire to engage a contractor to provide hired road construction plant and equipment with operators for various road construction and maintenance works in the 2024/2025 work program.

BACKGROUND

The Shire has an approved road program for 2024/2025. Due to the limited size of the Shire's work crew, for the Shire to be able to complete the full scope of the 2024/2025 program, one of the specific jobs need to be let to contract. The job that is planned to be completed by a contractor is as follows:

- Robinson Rd West
- Reconstruct existing failing sealed pavement to provide for a 7.2m wide sealed carriage between SLK 25 – 27 (exact length is subject to variation depending on contract pricing)

The Shire has a total budget of approx. \$502,075 to complete this work. Of this, approx. \$160,000 is required for the bitumen surfacing work leaving approx. \$342,075 for the plant hire contractor (the subject of this RFQ process) to complete the earthworks and pavement work.

COMMENT

The Shire ran an RFQ process inviting quotes for the supply of hired road construction plant and equipment with competent operators (RFQ 2 – 2025) via the WALGA eQuotes panel.

The RFQ closed on 14 February 2025; two submissions were received as follows:

- EK Contracting
- GS Hobbs

A 3rd submission was received directly by the Shire's CEO via email. As this response was not submitted via eQuotes, it was deemed non-compliant and was not evaluated.

The RFQ submissions were evaluated based on the evaluation criteria provided within the RFQ document.

A summary of the evaluation scores received by each contractor is shown in the table below. As the RFQ requested a schedule of hourly rates for the nominated plant and equipment, the total price for each contractor was calculated based on the expected machinery allocation for a period of 14 days physical work and also allowing for the cost of relevant preliminary items (e.g. mobilisation / demobilisation, traffic management etc).

Criteria	EK Contracting	GS Hobbs
Demonstrated Relevant Experience and Quality and Completeness of Plant and Equipment (30%)	24	23
Capacity to Complete Contract Works (20%)	16	13
Price (50%)	35.4	50.0
Total RFQ Score	75.4	86.0

From a qualitative perspective, EK Contracting scored slightly higher than GS Hobbs simply based on the level and detail of information provided within the submissions.

Both contractors provided a high level of information and detail demonstrating their experience with similar work in similar areas and they both nominated details for the required plant and equipment. EK Contracting listed two current commitments with potential to overlap the Shire's work however did not provide any detail as to how they would manage these competing commitments to ensure the Shire's proposed work was completed during 2024/25. GS Hobbs also listed two current commitments with potential to overlap the Shire's work however one of these was relatively small and the evaluation panel felt that, given the relatively small size of the Shire's work, they could work around this other small commitment.

From a price perspective, there was a reasonable difference between the two contractors with GS Hobbs being approx. 41% cheaper than EK Contracting based on an estimated 14-day work duration. Given the Shire's small budget for this work, this difference in price is substantial. As the contract is on a schedule of rates basis, the actual cost will be based on the actual machines and hours worked however all work will be managed within the Shire's available budget.

STATUTORY/LEGAL IMPLICATIONS

The Shire invited quotes for these services and received 3 quotations but one was deemed non-compliant. Therefore, the Shire has complied with the procurement requirements.

POLICY IMPLICATIONS

There are currently no Council policies associated with this item.

FINANCIAL IMPLICATIONS

The proposed contract does not provide any guaranteed minimum spend or value of work to the successful contractor. The contractor will be engaged on an as-required basis to complete the work. Work via this contract will be managed within the approved budget.

BRIEF SUMMARY

This item is presented to Council, to consider a request from the Wagin Woodanilling Land Care Zone to undertake a small revegetation project in the disused gravel reserves 12374 Lot 396, 33938 Lot 455, south of Robinson Road East, as per the attached maps. They also wish to include areas in the townsite that require some infill of trees on the road reserves.

BACKGROUND

The Wagin Woodanilling Land Care Zone are seeking Council approval to undertake a small revegetation project in the disused gravel reserve south of Robinson Road East, as per the attached maps. They also wish to include areas in the townsite that require some infill of trees on the road reserves.

The area covers about 11 hectares within the gravel reserve which mainly features large eucalyptus wandoo (white gum) trees, The WWLCZ will be planting only native shrubs and groundcovers which would provide habitat, food and protection for birds, insects and small animals. The WWLCZ plan to work with the community and the Woodanilling Town Teams group to undertake the plantings as part of a larger project for which the Wagin Woodanilling Landcare Zone is compiling a funding application to the WA State Natural Resource Management agency under the 2025 Community Stewardship Grants.

If Council approves the request Council will need to supply a letter of support to the WWLCZ to go with their funding application as evidence that the Shire of Woodanilling is supporting the project.

COMMENT

This will revegetate the gravel pits that are no longer in use and will assist the Woodanilling Landcare Zone to receive grants to keep them operational. Council should support this application as it will allow the Woodanilling Land Care Zone to continue to operate as a standalone entity. This would also be good initiative for the newly created Woody Town Teams Group.

Council would need to provide Approximately \$750 towards the cost of the project as the grant doesn't cover the cost of the seedlings as it is Councils responsibly to revegetate its used gravel pits.

There are areas in the townsite that do require some infill of trees, but this should only be done in areas where there are no power lines as the cost of pruning trees under power are quite costly as we are only allowed to use contractors with licences to work close to power lines for the pruning. Western Power gives Council a list of trees that require pruning close to power lines each year.

The main content area is dark blue with rounded corners, containing two columns of white text. The background of the entire graphic is a scenic landscape with trees and a body of water.

Strategic Community Plan Pillar 2: Environment

The Environment Pillar for the Shire of Woodanilling focuses on protecting and enhancing the natural and built environment, ensuring sustainable land use, and promoting responsible environmental management. The Shire aims to balance development with conservation by implementing strategies for natural resources, waste management, and water resource protection.

Land and Natural Resource Management involves collaborating with local groups to promote sustainable and healthy farming practices, control erosion, and manage salinity. Waste Management focuses on reducing waste, promoting recycling, and maintaining clean public spaces. Water Conservation prioritises protecting local water resources, ensuring sustainable water use, and supporting initiatives to restore natural waterways and wetlands.

The Shire values its unique landscapes and aims to safeguard its biodiversity through Environmental Conservation programs, such as tree planting, habitat restoration, and weed control. Climate Adaptation is also a key priority, with the Shire implementing strategies to address the impacts of climate change on the community, agriculture, and infrastructure.

Through these actions, the Shire aims to create a resilient environment that supports both current and future generations. Ongoing Community Engagement will play a vital role in raising awareness and encouraging residents to adopt sustainable practices. This commitment to environmental sustainability ensures that the Shire's natural assets are preserved and cherished for years to come.
