## SHIRE OF WOODANILLING VOLUNTEER BUSHFIRE BRIGADES

**Members of Volunteer Fire Brigades in WOODANILLING are invited to submit their orders for Protective Clothing.**

As in previous years, this activity is funded by the Emergency Services Levy. The amount of funding received by the Shire for this purpose is limited, and members are asked to carefully consider their requirements to ensure we are able to fill as many requests as possible.

Some tips for getting the correct size:

- **JACKETS:** Using the table below match your chest measurement with jacket size. Keep in mind the jackets are designed and made loose fitting.
- **TROUSERS:** Use waist measurement first to determine size, then match your inside leg measurement to determine if you require Regular, Stout or Long.
- Generally the jacket size should correspond with the trouser size (ie a size 92 jacket will go with a size 92R, 92S, 89L or 94L trouser.) In most cases the jacket and trouser size will not vary by more than 2 sizes. Your current coverall size is the best indication of the 'set' size you require.
