ORDINARY MEETING OF COUNCIL MINUTES

1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

1.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long standing personal friendship with the proponent). As a consequence there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

11.2. COUNCILLOR'S REPORT – CR DALE DOUGLAS

GREAT SOUTHERN WALGA ZONE MEETING - 31ST AUGUST 2018

Shire of Jerramungup – Issues with vexatious objections to road projects having an impact on spending road funding. Councils urged to raise the issue with WALGA.

Shire of Kent – CBH keen to put accommodation into caravan parks, Councils encouraged to talk to local CBH representatives

Dept of LGSC – Local Government Act Review – Discussion papers to be released in September 2018, Forum sites to be reduced to 2 or 3 and that it was discussed that people wouldn't attend if they had to travel more than 45 minutes. Submissions close in December.

Great Southern RoadWise – Tuesday 18th Cranbrook. Commissioner will be in attendance.

Guest Speaker – Susan Kay – Great Southern Arts Culture and Heritage Strategy

Creative Industries Great Southern

- Regular events across the calendar year
- Noongar culture
- Heritage
- Potential - contemporary music scene, filming in the Great Southern.
- Why we need a Great Southern Strategy? Having a strategy will enable the Great Southern to access funding.
- Cultural tourism
- Strategy focus might include collaboration to take arts into smaller communities in the Great Southern
- Long term planning
- Sought feedback for supply for Great Southern Arts, Culture and Heritage Strategy
- Susan Kay willing to talk to Councils, community groups, etc.
- Would get a consultant to compile the strategy. Would cost about \$70,000. Would seek funding for strategy from DLGSC (\$20,000), GSDC and Albany Entertainment Centre. Looking at about \$3,000 - \$5,000 from each council.

LEMC – KATANNING, KENT AND WOODANILLING - 30TH AUGUST 2018

- New OIC Katanning - Brett Pengilly
- New Inspector - Geoff Dixon
- New District Superintendent Ian Clarke
- Shires currently completing Risk Assessments
- New St Johns Sub Centre in Katanning Official Opening in November 2018
- CESM Cindy Pearce is currently Acting Area Office Albany West until the end of October 2018. Stand in for Cindy is Kelly McLeod from Denmark
- The National Principles for Disaster Recovery ('The Principles') have been revised and launched nationally during June 2018. Adam Smith spoke on the Planning for Recovery and Applying the National Principles and the importance to attach them to every Shire's Recovery Plans.

GREAT SOUTHERN RECREATION ADVISORY GROUP - 23RD AUGUST 2018

Guest Speaker: Susan Kay – City of Albany

Great Southern Regional Arts Cultural and Heritage Strategy

- Raising an idea that is relevant to the whole region to gain higher level regional investment, with a focus for the next five years.

- A regionally inclusion strategic plan, celebrating the unique differences in an equitable way for future benefit.
- More difficult to attract funding if a coordinated strategic plan is not part of the funding process.
- There are a high number of art people residing in the Great Southern compared to State/National levels.
- Business, tourism and economic benefits in art, culture, Noongar history and music sectors.
- Encourage, create and develop investment and facilities, work together, set priorities for the region, while celebrating or unique differences in an equitable way for future benefit.
- Peel is the only region with a regional plan, successfully accessing funding over the past 4-5 years.
- Commitment of \$3-5,000 per LG, easily allow for a strategy. Expectation would be each LG would have a person on the working group/planning.
- Big significant tours/events to smaller impact tours/trails. Not “just about Albany”, a Great Southern resource.
- A lot of consultation, not just LGs, community groups, artists, user groups, etc. Spend wisely, get maximum benefit.

Comments:

- Robbie M – Definitely time for something like this to happen, time for Noongar people and Local Government to work together and get something happening. ~650 people attended the cultural viewing at the Albany Entertainment Centre – Noongar Place Names.
- Lenore L – Significant benefit and links with regional trails, planning will put region on front foot on outdoor recreation and aligned space with Arts and Culture. Develop fantastic infrastructure, positive energy around collaboration.
- Monica N – Own LG individual allocations to arts & culture would be a good idea to expand. Regional areas in the past have lacked arts, culture, drama. Families must seek it out, this plan would allow better access. Ballet etc. would be a great sporting connection that is beyond the standard AFL, etc.
- Susan K – Local plans still relevant to each LG and not being replaced, working with these plans, linking people, investing, can see the benefits of planning and points of difference. E.g. Festival of Voice could be maximised to expand beyond Albany.

Great Southern Regional Trails Master Plan – Dr Lenore Lyons

Document with DLGSC for review, hoping for return in two weeks.

DLGSC – Sport & Recreation Regional Manager– Chris Thomson

- Great Southern Outdoor Recreation Strategy (GSORS)
- Great Southern Regional Trails Master Plan (GSRTMP)
- Great Southern Sport & Recreation Plan (GSS&RP)

Plans to be rolled out separately.

ACTION: GSS&RP is released to councils to receive and support the release to the community for review, with comment back by close of November, with results presented back to GSRAG in February 2019.

If GSS&RP is not received or strategy rejected, provide information back to S&R (WA).

EFFECTIVE COMMUNITY LEADERSHIP - 4TH SEPTEMBER 2018

Presenter very good.

All attended were different to the norm as they easily were able to operate their thinking outside the boundaries of LG.

Did an exercise on Wicked Problems – Subjects dealt with were: Rural Decline and Ice and Drug Problems in the community.

Well worthwhile attending.

Final Comment to participants: Get Busy Creating!!

ROAC NARROGIN – 16TH AUGUST 2018

Shire of Pingelly: Installed three weather stations for the total cost of \$35 000 funded by themselves. On a mobile plan so that FWOs are able to access updated weather readings every ten minutes. Also lets officers know when weather conditions exceed a certain limit.

Telecommunication Problems – DFES and Melissa Paxton from WALGA chasing this up as another WALGA Zone has complained about it as well.

ESL Items – Requested that CellFi Booster units and Thermal Imaging Cameras be include as eligible for ESL funds.

BRIEF SUMMARY

To consider submitting an application to Main Roads to amend Robinson Road East from Great Southern Hwy to Katanning-Dumbleyung Road from a RAV 4 rated road to a RAV 7.

To look at upgrading the intersection at Robinson Road and Great Southern Hwy to allow RAV rated vehicles the ability to turn north from Robinson Rd east onto Great Southern Hwy and RAV rated vehicles travelling south on Great Southern Hwy to turn east onto Robinson Road west. And to upgrade the RAV rating on Robinson Road east where there is currently no RAV rating

BACKGROUND

Currently

1. Including Robinson Road East from the Great Southern Hwy to Dumbleyung Road as a Network 7 Road. Currently it is classed as a Tandem Drive Network 4 with the following Conditions - Not to be used as a through route. For local delivery and pickup only. Driver must carry documentation as proof of local delivery or pickup.
2. Currently there is an area of approximately 100m from Great Southern Hwy to just before the bridge on Robinson Road East that has no RAV ratings. Therefore no RAV rated vehicle should be driving on this part of Robinson Road East.
3. Discuss if there should be improvements made to the Robinson Road and Great Southern Hwy intersection. Currently the intersection is deemed unsuitable for Oversize Divisible Products Prime Mover, Trailer Network due to Robinson West Road having non-compliant swept paths. Robinson West Rd eastbound turning north on to Great Southern Hwy and Great Southern Hwy southbound turning west onto Robinson West Rd

SHIRE OF WOODANILLING
NOTES TO AND FORMING PART OF THE BUDGET REVIEW REPORT
FOR THE YEAR ENDED 30 JUNE 2018

1. BASIS OF PREPARATION

The budget review report has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget review report are presented below and have been consistently applied unless stated otherwise.

The report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Woodanilling controls resources to carry on its functions have been included in the financial statements forming part of this budget review.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

2017/18 ACTUAL BALANCES

Balances shown in this budget review report as 2017/2018 Actual are as forecast at the time of budget review preparation and are subject to final adjustments.

ROUNDING OFF FIGURES

All figures shown in this budget review report are rounded to the nearest dollar.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in this budget review report relate to the original budget estimate for the relevant item of disclosure.

SHIRE OF WOODANILLING
NOTES TO THE BUDGET REVIEW REPORT
FOR THE PERIOD ENDED 31ST AUGUST 2018

3. COMMENTS/NOTES - NET CURRENT FUNDING POSITION (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 Net Current Assets of the budget.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire of Woodanilling's operational cycle. In the case of liabilities where the Shire of Woodanilling does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire of Woodanilling's intentions to release for sale.

LOANS AND RECEIVABLES

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss. Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire of Woodanilling prior to the end of the financial year that are unpaid and arise when the Shire of Woodanilling becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

EMPLOYEE BENEFITS

Short-Term Employee Benefits

Provision is made for the Shire of Woodanilling's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Woodanilling's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current financial trade and other payables in the statement position. Shire of Woodanilling's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

PROVISIONS

Provisions are recognised when the Shire of Woodanilling has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

RATES, GRANTS, DONATIONS AND OTHER CONTRIBUTIONS

Rates, grants, donations and other contributions are recognised as revenues when the Shire of Woodanilling obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.
